Some Of Us Survived The Story Of An Armenian Boy:

Some of Us Survived Kerop Bedoukian, 1979 A biography of an Armenian boy in Turkey before the Turkish government deported its Armenian population *We Are All Armenian* Aram Mrjoian, 2023-03-14 A collection of essays about Armenian identity and belonging in the diaspora In the century since the Armenian Genocide Armenian survivors and their descendants have written of a vast range of experiences using storytelling and activism two important aspects of Armenian culture Wrestling with questions of home and self diasporan Armenian writers bear the burden of repeatedly telling their history as it remains widely erased and obfuscated Telling this history requires a tangled balance of contextualizing the past and reporting on the present of respecting a culture even while feeling lost within it *We Are All Armenian* brings together established and emerging Armenian authors to reflect on the complications of Armenian ethnic identity today These personal essays elevate diasporic voices that have been historically silenced inside and outside of their communities including queer multiracial and multiethnic writers The eighteen contributors to this contemporary anthology explore issues of displacement assimilation inheritance and broader definitions of home Through engaging creative nonfiction many of them question what it is to be Armenian enough inside an often unacknowledged community *Deepening Literacy Learning* Mary Ann Reilly, Jane M. Gangi, Rob Cohen, 2010-09-01 **Genocide and Gender in the Twentieth Century** Amy E. Randall, 2021-12-16 Focusing on events in Rwanda Armenia and the former Yugoslavia as well as the Holocaust *Genocide and Gender in the Twentieth Century* investigates how historically and culturally specific ideas led to genocidal sexual violence Expert contributors also consider how these ideas in conjunction with issues relating to femininity masculinity and understandings of gendered identities contributed to perpetrators tools and strategies for ethnic cleansing and genocide The 2nd edition features Five brand new chapters which explore imperialism race gender and genocide the Cambodian genocide memory and intergenerational transmission of Holocaust trauma and genocide gender and memory in the Armenian case An extended and enhanced introduction which makes use of recent scholarship on gender and violence Historiographical and bibliographical updates throughout Key primary document excerpt from the 1948 UN Convention on the Prevention and Punishment of Genocide Updated and revised in its second edition *Genocide and Gender in the Twentieth Century* is the authoritative study on the complex gender dimensions of ethnic cleansing and genocide in the 20th century **Germany's Genocide of the Herero** Jeremy Sarkin, Jeremy Sarkin-Hughes, 2011 In 1904 the indigenous Herero people of German South West Africa now Namibia rebelled against their German occupiers In the following four years the German army retaliated killing between 60 000 and 100 000 Herero people one of the worst atrocities ever The history of the Herero genocide remains a key issue for many around the world partly because the German policy not to pay reparations for the Namibian genocide contrasts with its long standing Holocaust reparations policy The Herero case bears not only on transitional justice issues throughout Africa but also on legal issues elsewhere in the world where reparations for colonial injustices have been called for The book argues

that the Herero genocide was linked to Germany's late entry into the colonial race which led it frenetically and ruthlessly to acquire multiple colonies all over the world within a very short period using any means available

Armenian Terrorism Francis P Hyland, 2021-01-07 Arising seemingly out of nowhere Armenian terrorist groups in the last two decades have carried out over 200 attacks in some two dozen countries around the world Although this wave of terror at first appears to have sprung up without warning a closer look at Armenian history especially since World War I shows that it is only the most recent in a series of outbreaks of ethnic violence In this study the author examines the social and political background of Armenian terrorism and its similarities to and differences from other terrorist movements and he carefully dissects the organizational methods of these groups An important feature of the work is an extensive and detailed chronology of Armenian terrorism from 1915 to the present Each entry provides essential information concerning the date and time of the attack location victims weapons used terrorist groups and individual commandos responsible for the attack and a list of sources for further reference A resource for specialists studying terrorism and ethnic violence *Armenian Terrorism* should also be useful to those interested in the tragic and difficult history of Armenia and Turkey

Ararat in America Benjamin F. Alexander, 2023-11-30 How has the distinctive Armenian American community expressed its identity as an ethnic minority while assimilating to life in the United States This book examines the role of community leaders and

influencers including clergy youth organizers and partisan newspaper editors in fostering not only a sense of Armenian identity but specific ethnic partisan leanings within the group's population Against the backdrop of key geopolitical events from the aftermath of the Armenian Genocide to the creation of an independent and then Soviet Armenia it explores the rivalry between two major Armenian political parties the Tashnags and the Ramgavars and the relationship that existed between partisan leaders and their broader constituency Rather than treating the partisan conflict as simply an impediment to Armenian unity Benjamin Alexander examines the functional if accidental role that it played in keeping certain community institutions alive He further analyses the two camps as representing two conflicting visions of how to be an ethnic group drawing a comparison between the sociology of religion models of comfort religion and challenge religion A detailed political and social history this book integrates the Armenian experience into the broader and more familiar narratives of World War I World War II and the Cold War in the USA

Genocide in Contemporary Children's and Young Adult Literature Jane Gangi, 2014-03-14 This book studies children's and young adult literature of genocide since 1945 considering issues of representation and using

postcolonial theory to provide both literary analysis and implications for educating the young. Many of the authors visited accurately and authentically portray the genocide about which they write; others perpetuate stereotypes or otherwise distort, demean, or oversimplify. In this focus on young people's literature of specific genocides, Gangi profiles and critiques works on the Cambodian genocide (1975-1979), the Iraqi Kurds (1988), the Maya of Guatemala (1981-1983), Bosnia, Kosovo, and Srebrenica (1990s), Rwanda (1994), and Darfur (2003) present. In addition to critical analysis, each chapter also provides historical background based on the work of prominent genocide scholars. To conduct research for the book, Gangi traveled to Bosnia, engaged in conversation with young people from Rwanda, and spoke with scholars who had traveled to or lived in Guatemala and Cambodia. This book analyses the ways contemporary children, typically ages ten and up, are engaged in the study of genocide and addresses the ways in which child survivors who have witnessed genocide are helped by literature that mirrors their experiences.

Recovering Armenia Lerna Ekmekçioğlu, 2023-05-25. The first in-depth study of the aftermath of the 1915 Armenian Genocide and the Armenians who remained in Turkey. Following World War I, as the victorious Allied powers occupied Ottoman territories, Armenian survivors returned to their hometowns optimistic that they might establish an independent Armenia. But Turkish resistance prevailed, and by 1923 the Allies withdrew. The Turkish Republic was established, and Armenians were left again to reconstruct their communities within a country that still considered them traitors. Lerna Ekmekçioğlu investigates how Armenians recovered their identity within these drastically changing political conditions. Reading Armenian texts and images produced in Istanbul from the close of WWI through the early 1930s, Ekmekçioğlu gives voice to the community's most prominent public figures, notably Hayganush Mark, a renowned activist, feminist, and editor of the influential journal *Hay Gin*. These public figures articulated an Armenian-ness sustained through gendered differences, and women came to play a central role preserving traditions, memory, and the mother tongue within the home. But even as women were being celebrated for their traditional roles, a strong feminist movement found opportunity for leadership within the community. Ultimately, the book explores this paradox: how someone could be an Armenian and a feminist in post-genocide Turkey when, through its various laws and regulations, the key path for Armenians to maintain their identity was through traditionally gendered roles. Praise for *Recovering Armenia*: With verve, passion, and wit, Ekmekçioğlu shows how central women were to the restoration of the Armenian community in the decade after the genocidal war. *Recovering Armenia* is a must-read for all students of the Great War and its aftermath and for anyone who wants to understand the modern Middle East and the roots of sectarian conflict that continues in the region today. Elizabeth Thompson, University of Virginia. This remarkably innovative history offers a thorough account of the ways in which Armenian survivors of the genocide, committed by Ottoman Turkey, inventively reconstituted themselves as a harshly constrained yet enduring national minority within the new Turkish Republic. A pioneering work that will prove indispensable. Khachig T. Lian, Wesleyan University. Lerna Ekmekçioğlu's radically revealing and provocative book challenges conventional historical wisdom in its exploration of the continued

existence of an Armenian minority in modern Turkey Atina Grossmann *The Cooper Union Colonial Genocide and Reparations Claims in the 21st Century* Jeremy Sarkin, 2008-11-30 More and more the descendants of indigenous victims of genocide land expropriation forced labor and other systematic human rights violations committed by colonial powers are seeking reparations under international law from the modern successor governments and corporations As the number of colonial reparations cases increases courts around the world are being asked to apply international law to determine whether reparations are due for atrocities and crimes that might have been committed long ago but whose lasting effects are alleged to injure the modern descendants of the victims Sarkin analyzes the thorny issues of international law raised in such suits by focusing on groundbreaking cases in which he is involved as legal advisor to the paramount chief of the Herero people of Namibia In 2001 the Herero became the first ethnic group to seek reparations under the legal definition of genocide by bringing multi billion dollar suits against Germany and German companies in a number of U S federal courts under the Alien Torts Claim Act of 1789 The Herero genocide conducted in German South West Africa present day Namibia between 1904 and 1908 is recognized by the UN as the first organized state genocide in world history Although the Herero were subjected to Germany s First Genocide they have unlike the victims of the Holocaust received no reparations from Germany By machine gun massacres starvation poisoning and forced labor in Germany s first concentration camps the German Schutztruppe systematically exterminated as many as 105 000 Herero women and children composing most of the Herero population Sarkin considers whether these historical events constitute legally defined genocide crimes against humanity and other international crimes He evaluates the legal status of indigenous polities in Africa at the time and he explores the enduring impact in Namibia of the Germany s colonial campaign of genocide He extrapolates the Herero case to global issues of reparations apologies and historical human rights violations especially in Africa [Bibliographie de la Cilicie Armenienne](#) Bedros A.
