

A vibrant, high-angle photograph of a coastal village in Italy, likely Cinque Terre. The village is built on a steep, rocky cliffside, with colorful houses in shades of red, orange, yellow, and blue. The houses are tightly packed together, following the contours of the cliff. Below the village, the cliff meets the sea, with rocky outcrops and a small harbor area. The sea is a deep blue, and the sky is a clear, bright blue. The overall scene is picturesque and idyllic.

France and Italy Charles Burney,2025-04-12 Meet Dr Burney musician musicologist and one who Dr Samuel Johnson would have styled a very clubbable man Annotated and illustrated My reasons for editing and republishing the three volumes of Dr Charles Burney s journals are several Firstly to make his text more accessible to a 21st century reader Nextly to identify where possible the people Burney met and the places he visited Some of these persons are obscure or forgotten and hence unidentifiable without more research than this project warranted Some towns and villages have been obliterated by time or conquest or renaming Burney s spelling of names is sometimes unreliable and these too have been corrected again where possible Furtherly to provide a portrait of the persons Burney met or an illustration of some the items or the locations he mentions a contemporary depiction whenever one could be sourced When first looking in to Burney s Journeys I began to warm to this man his wit his erudition his shrewdness his Enlightenment curiosity Especially his geniality Burney is received not only with courtesy but with some eagerness at the residences of the Great great in the matter of social rank princes and

such and great in our present estimation giants in the musical earth Gluck Hasse Metastasio A vision of Gluck in his nightcap and gown is a vision granted to few Burney has shared it We go with him almost too scared to breathe and meet Voltaire CPE Bach conducts him around TOWN and sighs that Burney is fifty years too late to hear good music Burney chats with Leopold Mozart He attends a soiree where Frederick the Great is a fluting He discusses electricity with Dr Laura Bassi And I could not but admire his forbearance an enthusiast in his quest willing to endure much hardship For Burney's Present State series is also an engaging travel saga It is social as well as musical history Remarkable too the number of female composers and performers he meets Since then written out of history Or do tastes change Meet Dr Burney Every music lover owes him a debt of gratitude

The Image of Africa in Italian Music Luca Bussotti, 2025-10-02 The Image of Africa in Italian Popular Music proposes an innovative fresh provocative study delving inside the common mentality of Italians through their popular music and the way it has represented Africa and Africans Italian music has largely followed national history representing Africa as a mere object from an inferior and inferiorized land of conquest to a slow process of decolonization of this image which began around the 1980s and culminated with the irruption of second generation Afro Italian rappers into the Italian music scene Through a careful analysis of the lyrics that is never detached from the historical context and sociological implications the author shows how it was only with second generation Afro Italian rappers that provincial Italy had to come to terms with its present and its past This musical movement gave rise to cultural social and political debates that went far beyond the mere fact of music involving other types of art as well as proposing changes such a new citizenship law that are still struggling to take hold Far beyond the image of Italians as good people these rappers challenge us on a complex and slippery terrain the construction of a new Italianness overcoming clichés and stereotypes that one part of the country stubbornly continues to defend
