The Beast With Five Fingers

William Fryer HARVEY

The Beast With Five Fingers:

The Beast with Five Fingers W. F. Harvey, 2022-11-22 In *The Beast with Five Fingers* W F Harvey masterfully intertwines elements of psychological horror and the uncanny presenting a gripping tale that explores themes of obsession vengeance and the interplay between the corporeal and the supernatural Harvey s literary style is marked by a meticulous attention to atmospheric detail where everyday settings become unsettling backdrops for extraordinary events The narrative follows an eerily sentient disembodied hand that exacts revenge on those it deems deserving reflecting the early 20th century fascination with the occult and the bizarre making it a standout piece in the realm of horror literature W F Harvey a figure often overshadowed in the annals of horror fiction drew inspiration from his background in art and literature as well as his experiences during World War I His unique blend of gothic elements with modern sensibilities highlights his understanding of the human psyche s darker corners Harvey s ability to evoke tension and fear reveals a mind deeply engaged with the complexities of morality and existence positioning him as a precursor to later horror writers I highly recommend *The Beast with Five Fingers* to readers who appreciate meticulously crafted narratives that linger in the mind long after reading as well as those who seek to explore the psychological depths of horror This compelling novella not only entertains but also provokes thoughtful reflection on the nature of fear and the supernatural

The Beast with Five Fingers

Harvey, 2018-06-24 *The Beast with Five Fingers* by William Fryer Harvey the hand was writhing in agonized contortions squirming and wriggling upon the nail like a worm upon a hook We ll keep it there until it dies he said May I burn in hell if I ever open the door of that safe again The brilliant and scary *The Beast with Five Fingers* is the first entry in this mammoth collection of strange and chilling short stories by W F Harvey an unjustly neglected author of supernatural tales This unique volume demonstrates clearly that Harvey is one of the masters of the genre Along with such classics as *August Heat* which concerns two strangers whose individual fates become inextricably entwined in a nightmare scenario and the gruesome school yarn *The Dabblers* you will find such minor masterpieces of the uncanny as *The Man Who Hated Aspidistras* Sarah Bennet s *Possession* *The Habeas Corpus Club* and many more stories which refreshingly avoid the cliché while at the same time creating that wonderfully eerie sense of fear We are delighted to publish this classic book as part of our extensive Classic Library collection Many of the books in our collection have been out of print for decades and therefore have not been accessible to the general public The aim of our publishing program is to facilitate rapid access to this vast reservoir of literature and our view is that this is a significant literary work which deserves to be brought back into print after many decades The contents of the vast majority of titles in the Classic Library have been scanned from the original works To

ensure a high quality product each title has been meticulously hand curated by our staff Our philosophy has been guided by a desire to provide the reader with a book that is as close as possible to ownership of the original work We hope that you will enjoy this wonderful classic work and that for you it becomes an enriching experience *Fearing the Dark* Edmund G. Bansak,2003-10-09 *Cat People* 1942 and *I Walked with a Zombie* 1943 established Val Lewton s hauntingly graceful style where suggestion was often used in place of explicit violence His stylish B thrillers were imitated by a generation of filmmakers such as Richard Wallace William Castle and even Walt Disney in his animated *Adventures of Ichabod and Mr Toad* 1949 Through interviews with many of Lewton s associates including his wife and son and extensive research his life and output are thoroughly examined **Bela Lugosi and Boris Karloff** Gregory William Mank,2010-03-08 *Dracula* and *Frankenstein s Monster* are horror cinema icons and the actors most deeply associated with the two roles also shared a unique friendship Bela Lugosi and Boris Karloff starred in dozens of black and white horror films and over the years managed to collaborate on and co star in eight movies Through dozens of interviews and extensive archival research this greatly expanded new edition examines the Golden Age of Hollywood the era in which both stars worked recreates the shooting of Lugosi and Karloff s mutual films examines their odd and moving personal relationship and analyzes their ongoing legacies Features include a fully detailed filmography of the eight Karloff and Lugosi films full summaries of both men s careers and more than 250 photographs some in color
