A man in a dark suit and tie sits at a desk in a dimly lit office at night. In front of him is a large, ornate gold trophy. The background features two computer monitors displaying financial charts, including a line graph and a candlestick chart. A large, glowing white arrow points upwards and to the right. The office has a modern feel with a desk lamp and a cup of coffee on the desk.

The Best Tradingmarketscom Conversations With Top Traders:

Market Wizards Jack D. Schwager, 2012-01-09 The world's top traders reveal the secrets of their phenomenal success. How do the world's most successful traders amass tens of millions of dollars a year? Are they masters of an occult knowledge, lucky winners in a random market lottery, natural born virtuosos, Mozarts of the markets? In search of an answer, bestselling author Jack D. Schwager interviewed dozens of top traders across most financial markets. While their responses differed in the details, all of them could be boiled down to the same essential formula: solid methodology, proper mental attitude, trading success. In Market Wizards, Schwager lets you hear in their own words what those super traders had to say about their unprecedented successes, and he distills their responses down into a set of guiding principles you can use to become a trading star in your own right. Features interviews with superstar money makers including Bruce Kovner, Richard Dennis, Paul Tudor Jones, Michel Steinhardt, Ed Seykota, Marty Schwartz, Tom Baldwin, and more. Tells the true stories behind sensational trading coups, including the one about the trader who turned 30,000 into 80 million, the hedge fund manager who's averaged 30% returns every year for the past twenty-one years, and the T-bond futures trader who parlayed 25,000 into 2 billion in a single day. Market Wizards is one of the most fascinating books ever written about Wall Street. A few of the Wizards are my friends, and Jack Schwager has nailed their modus operandi on the head. Martin W. Zweig, Ph.D., Editor, The Zweig Forecast.

The New Market Wizards Jack D. Schwager, 1992 Praise for THE NEW MARKET WIZARDS Jack Schwager simply writes the best books about trading I've ever read. These interviews always give me a lot to think about. If you like learning about traders and trading, you'll find that reading this book is time well spent. Richard Dennis, President, The Dennis Trading Group, Inc. Jack Schwager's deep knowledge of the markets and his extensive network of personal contacts throughout the industry have set him apart as the definitive market chronicler of our age. Ed Seykota, Very interesting, indeed. John Train, author of The Money Masters. Successful trading demands longtime experience because it requires firsthand knowledge. If there is a shortcut to this requirement, however, it is in reading about the experiences of others. Jack Schwager's book provides that shortcut. If you find yourself sweating upon occasion as you read, then you're as close to the trading experience as you can get without actually doing it yourself. Robert R. Prechter, Jr., editor, The Elliott Wave Theorist. THE NEW MARKET WIZARDS Some traders distinguish themselves from the herd. These supertraders make millions of dollars, sometimes in hours, and consistently outperform their peers. As he did in his acclaimed national bestseller Market Wizards, Jack Schwager interviews a host of these supertraders, spectacular winners whose success occurs across a spectrum of financial markets. These traders use different methods, but they all share an edge. How do they do it? What separates them from the others? What can they teach the average trader or investor? In The New Market Wizards, these wildly successful traders relate the financial strategies that have rocketed them to success, as well as the embarrassing losses that have proven them all too human. Meet the Wizards of Wall Street: Stan Druckenmiller, who as manager of the Soros Quantum Fund

realized an average annual return of more than 38 percent on assets ranging between 2 0 and 3 5 billion William Eckhardt a mathematician who in collaboration with trader Richard Dennis selected and trained the now legendary circle known as the Turtles Bill Lipschutz a former architect who for eight years was Salomon Brothers largest and most successful currency trader Blair Hull a one time blackjack player who began an options trading company with Asking the questions that readers with an interest in the financial markets would love to pose to the financial superstars and filled with candid appraisals The New Market Wizards takes its place as a classic
