The Last Days Of Christ The Vampire:

The Last Days of Christ the Vampire J. G. Eccarius,1996-09-01 He rose from the dead His power grew over the ages Enslaving minds and bodies through his religious cult and direct telepathic control Jesus Christ promised people eternal life in return for obedience Professor Holbach thinks Christ the Vampire is just a metaphor giving him nightmares But when he starts telling his story he and his friends are attacked and must flee for their lives This is the story of how they fight back against the ancient horror Read the Book Soon you will see the writing on the wall Then you will live the reality **The Last Days of Christ the Vampire** Johann Georg Eccarius,1988 **The Last Days of Christ the Vampire** J. G. Eccarius,1988 He rose from the dead His power grew over the ages Enslaving minds and bodies through his religious cult and direct telepathic control Jesus Christ promised people eternal life in return for obedience Professor Holbach thinks Christ the Vampire is just a metaphor giving him nightmares But when he starts telling his story he and his friends are attacked and must flee for their lives This is the story of how they fight back against the ancient horror Read the Book Soon you will see the writing on the wall Then you will live the reality **The Vampire Archives** Otto Penzler,2009-09-29 The Vampire Archives is the biggest hungriest undeadliest collection of vampire stories as well as the most comprehensive bibliography of vampire fiction ever assembled Dark stormy and delicious once it sinks its teeth into you there s no escape Vampires Whether imagined by Bram Stoker or Anne Rice they are part of the human lexicon and as old as blood itself They are your neighbors your friends and they are always lurking Now Otto Penzler editor of the bestselling Black Lizard Big Book of Pulp has compiled the darkest the scariest and by far the most evil collection of vampire stories ever With over eighty stories including the works of Stephen King and D H Lawrence alongside Lord Byron and Tanith Lee not to mention Edgar Allan Poe and Harlan Ellison The Vampire Archives will drive a stake through the heart of any other collection out there Other contributors include Arthur Conan Doyle Ray Bradbury Ambrose Bierce H P Lovecraft Harlan Ellison Roger Zelazny Robert Bloch Clive Barker *Gothicka* Victoria Nelson,2012-05-08 The Gothic Romanticism s gritty older sibling has flourished in myriad permutations since the eighteenth century In *Gothicka* Victoria Nelson identifies the revolutionary turn it has taken in the twenty first Today s Gothic has fashioned its monsters into heroes and its devils into angels It is actively reviving supernaturalism in popular culture not as an evil dimension divorced from ordinary human existence but as part of our daily lives To explain this millennial shift away from the traditionally dark Protestant post Enlightenment Gothic Nelson studies the complex arena of contemporary Gothic subgenres that take the form of novels films and graphic novels She considers the work of Dan Brown and Stephenie Meyer graphic novelists Mike Mignola and Garth Ennis Christian writer William P Young author of *The Shack* and filmmaker Guillermo del Toro She considers twentieth century Gothic masters H P Lovecraft Anne Rice and Stephen King in light of both their immediate ancestors in the eighteenth century and the original Gothic the late medieval period from which Horace Walpole and his successors drew their inspiration Fictions such as the *Twilight* and *Left*

Behind series do more than follow the conventions of the classic Gothic novel They are radically reviving and reinventing the transcendental worldview that informed the West s premodern era As Jesus becomes mortal in The Da Vinci Code and the child Ofelia becomes a goddess in Pan s Labyrinth Nelson argues that this unprecedented mainstreaming of a spiritually driven supernaturalism is a harbinger of what a post Christian religion in America might look like

Gothic in Comics and Graphic Novels Julia Round,2014-02-07 This book explores the connections between comics and Gothic from four different angles historical formal cultural and textual It identifies structures styles and themes drawn from literary gothic traditions and discusses their presence in British and American comics today with particular attention to the DC Vertigo imprint Part One offers an historical approach to British and American comics and Gothic summarizing the development of both their creative content and critical models and discussing censorship allusion and self awareness Part Two brings together some of the gothic narrative strategies of comics and reinterprets critical approaches to the comics medium arguing for an holistic model based around the symbols of the crypt the spectre and the archive Part Three then combines cultural and textual analysis discussing the communities that have built up around comics and gothic artifacts and concluding with case studies of two of the most famous gothic archetypes in comics the vampire and the zombie

The Once and Future Age Joe Richardson,2013-11 By no means do I think that the mythos I ve developed is the only one for you There are many works that get you off commonly accepted paradigms and from these sources you may be able to take a little here and a little there in the search for what personally makes sense Many of the books and films I deem valuable are cited within this text But as to why I believe the information encased herein to be important I must say that what I have seen for explanations of reality outside of my own belief structure still leaves many areas unexamined so I included a number of sources perhaps in total they will amount to something greater than their individual parts Also in many correct and important theories the ideas I have come in contact with do not go far enough I see doors that I want to make ajar windows that I seek to get unstuck like a whale I always want to dive deeper And so my promise to you as the reader is that you ll have an opportunity to see subjects that you may have thought you knew portrayed in a different light interpretations coming from a different angle and ideas new to you

The Media Vampire Andrew M. Boylan,2012-06-04 From 18th Century poetry up to modern 3D cinema the vampire has developed a genre in its own right Leaving behind its roots in phantasmagoria and horror taking in romance action and adventure as well as flights of science fiction fantasy and political allegory The vampire is a part of all these fields of artistry and beyond them a melting pot of imagination and invention that has captivated audiences around the world In the first part of this volume Andrew M Boylan author of the famous vampire blog Taliesin Meets the Vampires looks at the genesis of the vampire genre from Ossensfelder s poem Der Vampir to Bram Stoker s seminal novel Dracula The second part of the book spreads eclectically out from Dracula just as the genre spread taking in some famous kissing cousins of the genre as well as looking at the vampire s changing relationship with the divine and following the toothsome bloodsuckers out into

space **The Secret Life of Puppets** Victoria Nelson, 2003-11-01 In one of those rare books that allows us to see the world not as we've never seen it before but as we see it daily without knowing Victoria Nelson illuminates the deep but hidden attraction the supernatural still holds for a secular mainstream culture that forced the transcendental underground and firmly displaced wonder and awe with the forces of reason materialism and science In a backward look at an era now drawing to a close *The Secret Life of Puppets* describes a curious reversal in the roles of art and religion where art and literature once took their content from religion we came increasingly to seek religion covertly through art and entertainment In a tour of Western culture that is at once exhilarating and alarming Nelson shows us the distorted forms in which the spiritual resurfaced in high art but also strikingly in the mass culture of puppets horror fantasy literature and cyborgs from the works of Kleist Poe Musil and Lovecraft to Philip K Dick and virtual reality simulations At the end of the millennium discarding a convention of the demonized grotesque that endured three hundred years a Demiurgic consciousness shaped in Late Antiquity is emerging anew to re-divinize the human as artists like Lars von Trier and Will Self reinvent Expressionism in forms familiar to our pre-Reformation ancestors Here as never before we see how pervasively but unwittingly consuming art forms of the fantastic we allow ourselves to believe **The Shadow People** Joe Clifford, 2021-07-13 A riveting twisty psychological thriller from acclaimed author Joe Clifford perfect for fans of *The Whisper Man* Brandon Cossey is finishing his last semester as an undergrad when he learns his childhood best friend Jacob Balfour has committed suicide The news about Jacob who had long battled schizophrenia does not come as a surprise but the bizarre details surrounding his death do Jacob was found several states away in a quarry burned alive Brandon returns to his hometown and discovers Jacob had been moonlighting as an amateur DIY reporter As sole author and editor of the homemade zine *Illuminations* Jacob has been covering a wide array of conspiracy theories When Jacob's estranged grandfather Francis who also suffers from schizophrenia but chooses to go untreated arrives for the funeral he tells Brandon that Jacob didn't kill himself Jacob stumbled upon a secret so deadly he was murdered to keep it quiet Soon afterwards Brandon's life takes a turn for the strange He notices odd cars and lookalikes following him his personal property is hacked and stolen and Brandon can no longer trust what he thinks he sees As his grasp on reality recedes and falters Brandon must question whether a sinister gang of doppelgangers whom Jacob dubbed the Shadow People are really responsible Events conspire to put Brandon on the road with Francis as the unlikely duo travel across the upper Midwest attempting to learn the truth about Jacob's death Part conspiracy thriller part horror noir *The Shadow People* mines the rich depths of perception and paranoia asking the tough question when you can't believe yourself who can you trust
