The Last Underclass:

The Underclass United States. Congress. Joint Economic Committee, 1989 **Youth, The 'Underclass' and Social Exclusion** Robert MacDonald, Robert Macdonald, 2020-07-24 The idea that Britain the US and other western societies are witnessing the rise of an underclass of people at the bottom of the social heap structurally and culturally distinct from traditional patterns of decent working class life has become increasingly popular in the 1990s Anti work anti social and welfare dependent cultures are said to typify this new dangerous class and dangerous youth are taken as the prime subjects of underclass theories Debates about the family and single parenthood about crime and about unemployment and welfare reforms have all become embroiled in underclass theories which whilst highly controversial have had remarkable influence on the politics and policies of governments in Britain and the US Youth the Underclass and Social Exclusion constitutes the first concerted attempt to grapple with the underclass idea in relation to contemporary youth It focuses upon unemployment training the labour market crime homelessness and parenting and will be essential reading for students of social policy sociology and criminology **The Invention of the 'Underclass'** Loïc Wacquant, 2022-01-28 At century s close American social scientists policy analysts philanthropists and politicians became obsessed with a fearsome and mysterious new group said to be ravaging the ghetto the urban underclass Soon the scarecrow category and its demonic imagery were exported to the United Kingdom and continental Europe and agitated the international study of exclusion in the postindustrial metropolis In this punchy book Lo c Wacquant retraces the invention and metamorphoses of this racialized folk devil from the structural conception of Swedish economist Gunnar Myrdal to the behavioral notion of Washington think tank experts to the neo ecological formulation of sociologist William Julius Wilson He uncovers the springs of the sudden irruption accelerated circulation and abrupt evaporation of the underclass from public debate and reflects on the implications for the social epistemology of urban marginality What accounts for the lemming effect that drew a generation of scholars of race and poverty over a scientific cliff What are the conditions for the formation and bursting of conceptual speculative bubbles What is the role of think tanks journalism and politics in imposing turnkey problematics upon social researchers What are the special quandaries posed by the naming of dispossessed and dishonored populations in scientific discourse and how can we reformulate the explosive question of race to avoid these troubles Answering these questions constitutes an exacting exercise in epistemic reflexivity in the tradition of Bachelard Canguilhem and Bourdieu and it issues in a clarion call for social scientists to defend their intellectual autonomy against the encroachments of outside powers be they state officials the media think tanks or philanthropic organizations Compact meticulous and forcefully argued this study in the politics of social science knowledge will be of great interest to students and scholars in sociology anthropology urban studies ethnic studies geography intellectual history the philosophy of science and public policy *The Last Thousand* Jeffrey E. Jack's Passion Bill Kinsella,2019-08-13 Had he been heir to a throne Jack Conroy could not have felt the weight of expectation more He ll go to Wall Street just as his father did but two things complicate the family plan First Jack discovers an affinity for landscape design Second he discovers Veronica Cashmiris Jack s parents assume that Veronica is just a college infatuation that will yield to Wall Street after graduation However Veronica is no passing fancy She loves and understands Jack perhaps better than his parents do The intuition of Veronica and inclination of Jack give way to the world wise wisdom of Jack s parents But what happens to Jack turns all hopes for his future into a kind of haunting reverie It is not until Veronica gives birth to their son that hope returns *The Underclass Question* Bill E. Lawson,1992 Monthly Labor Review

,1991-03 Publishes in depth articles on labor subjects current labor statistics information about current labor contracts and book reviews **The Dream & the Nightmare** Myron Magnet,2000-02-01 Myron Magnet s The Dream and the Nightmare argues that the radical transformation of American culture that took place in the 1960s brought today s underclass overwhelmingly urban dismayingly minority into existence Lifestyle experimentation among the white middle class produced often catastrophic changes in attitudes toward marriage and parenting the work ethic and dependency in those at the bottom of the social ladder and closed down their exits to the middle class Texas Governor George W Bush s presidential campaign has highlighted the continuing importance of The Dream and the Nightmare Bush read the book before his first campaign for governor in 1994 and when he finally met Magnet in 1998 he acknowledged his debt to this work Karl Rove Bush s principal political adviser cites it as a road map to the governor s philosophy of compassionate conservatism The Politics of Antisocial Behaviour Stuart Waiton,2010-11-24 Antisocial behaviour is becoming a universally accepted problem and one that dominates the political and popular imagination By providing a new criminological framework for understanding the fear of crime this book reposes the increasingly important debate around antisocial behaviour and the internationally understood idea of moral panics Through a critical engagement with theories of risk the book develops Furedi s understanding of a Culture of Fear to illustrate how firstly society today is best understood to be in a permanent state of anxiety and secondly how this state of affairs has arisen due to the collapse of traditional politics and morality and equally of radical alternatives to it Central to Waiton s thesis is an explanation of the changing therapeutic relationship between the individual and society based on an understanding of diminished subjectivity and the newly emerged vulnerable public Dictionary of Race,

Citizenship Bryan S. Turner, Peter Hamilton, 1994 SECTION 2 THE CLASSICS **The Cornelian**, 1902 **Disconnected Youth?** R. MacDonald, J. Marsh, 2005-08-01 How do young people get by in hard times and hard places Have they become a lost generation disconnected from society's mainstream Do popular ideas about social exclusion or a welfare dependent underclass really connect with the lived experiences of the so called disaffected disengaged and difficult to reach Based on close up research with young men and women from localities suffering social exclusion in extreme form *Disconnected Youth* will appeal to all those who are interested in understanding and tackling the problems of growing up in Britain's poor neighbourhoods *Free-Riders and Rent-Seekers* ARTUR SOARES, 2019-01-14 In every country of Europe and America there is a remarkable fraction of the adult population sometimes near 50 per cent whose needs are met with taxpayers money This situation is so common and we are so used to it that nobody dares to propose an alternative On the other hand the State creates unproductive jobs for certain classes of people and makes itself the protector of specific sectors of the economy when companies risk insolvency We are talking about the transfer of wealth from the people who create it to pure consumers of resources The later ones we call free riders This book treats this matter in connection with the electoral process the abusive stretching of well established political concepts the use of pseudoscience and the alliance between free riders and rent seekers For sure it is doubtful that it will be possible to feed such a sizeable inactive population for a long time However the author abstains himself of any proposal for a change His only aim is to explain how we arrived at the present situation and where the foundations of the current equilibrium stay **The Metropolis in Black and White** George C. Galster, Edward W. Hill, 2012-06 **Globalization and Social Exclusion** Ronaldo Munck, 2005 First book to study the intersection of globalization and social exclusion This renowned author has published over 20 books on issues of globalization and development studies Author directed the Globalization and Social Exclusion Unit at the University of Liverpool We inhabit a world of consequences and butterfly effects When global economies integrate what disintegrates as a result The answer Ronaldo Munck contends is social equality This is the first book to view globalization through the lens of social exclusion defined as all the ways in which people are prevented from obtaining the necessities of life To illustrate how

globalization deepens the existing inequities of race place gender and class in both the global North and South the author highlights disparities in living conditions the feminization of poverty and the global sex trade the effects of racism migration and multiculturalism and the formation and political manifestations of social class He boldly develops a politics and ethics of transformation to move us beyond social exclusion even beyond mere social inclusion He provides us with the tools to transform society from within creating a more democratic and just global order
