The Outer Limits Companion:

The Outer Limits Companion David J. Schow, 1998 *The Outer Limits* Joanne Morreale, 2022-04-05 Provides a history and criticism of an important disrupting force in early science fiction television programming In this TV Milestone author Joanne Morreale highlights the differences of *The Outer Limits* ABC 1963-65 from typical programs on the air in the 1960s Morreale argues that the show provides insight into changes in the television industry as writers turned to genre fiction in this case a hybrid of science fiction and horror to provide veiled social commentary The show illustrates the tension between networks who wanted mainstream entertainment and the independent writer producers Leslie Stevens and Joseph Stefano who wanted to use the medium to challenge viewers In five chapters *The Outer Limits* makes a case for the show's deployment of gothic melodrama and science fiction tropes unique televisual characteristics and creative adaptation of many cultural sources to interrogate the relationship between humans and technology in a way that continues to influence contemporary debate in such shows as *Star Trek* *The X-Files* and *Black Mirror* Underlying the arguments is the eerie notion of *The Outer Limits* as a disruptive force on television at the time purposely making audiences uncomfortable For example in its iconic opening credit sequence a disembodied Control Voice claims to be taking over the television as images mimic signal interference Other themes convey Cold War paranoia ambivalence about the Kennedy era New Frontier and anxiety about the burgeoning military industrial governmental complex The book points out that *The Outer Limits* presaged what came to be known as quality television While most episodes followed the lowbrow tradition of televised science fiction by adapting previously published stories and films the series elevated the genre by rearticulating it through themes and images drawn from myth literature and the art film *The Outer Limits* is lucid yet accessible well researched and argued with enlightening discussions of specific episodes even as it gives attention to broader television history and theory It will be of special interest to scholars and students of television and media studies as well as fans of science fiction **The Outer Limits** David J. Schow, Jeffrey Frentzen, 1986 The most extensive definitive work on the television classic *The Outer Limits* lavishly illustrated with photographs from the author's own collection *Upgunned* David J. Schow, 2012-02-14 A riveting Hitchcockian thriller from the screenwriter of *THE CROW* Elias McCabe is having one hell of a night He gets kidnapped at gunpoint by a professional hit man and is forced to shoot blackmail photos of a prominent politician Things go wrong with the shoot very wrong When the night is over Elias is scared to death and ten thousand dollars richer If he keeps his mouth shut But he doesn't and now the hit man has targeted him for payback As a desperate amateur in the games of death Elias is up against a seasoned pro As his entire life slides into the abyss he has to stay alive by inventing new ways moment by moment to avoid misdirect and finally confront his ever more determined murderer as corpses and collateral damage stack up coast to coast in their wake **Re-Locating the Sounds of the Western** Kendra Preston Leonard, Mariana Whitmer, 2018-10-09 *Re-Locating the Sounds of the Western* examines the use and function of musical tropes and gestures traditionally associated

with the American Western in new and different contexts ranging from Elizabethan theater contemporary drama space opera and science fiction Cold War era European filmmaking and advertising Each chapter focuses on a notable use of Western musical tropes textures instrumentation form and harmonic language delving into the resonance of the music of the Western to cite bravura machismo colonisation violence gender roles and essentialism exploration and other concepts The Spacesuit Film Gary Westfahl, 2014-01-10 Filmmakers employ various images to suggest the strangeness of outer space but protective spacesuits most powerfully communicate its dangers and the frailty of humans beyond the cradle of Earth Many films set in space however forgo spacesuits altogether reluctant to hide famous faces behind bulky helmets and ill fitting jumpsuits This critical history comprehensively examines science fiction films that portray space travel realistically and sometimes not quite so by having characters wear spacesuits Beginning A with the pioneering Himmelskibet 1918 and Woman on the Moon 1929 it discusses B other classics in this tradition including Destination Moon 1950 Riders to the Stars 1954 and 2001 A Space Odyssey 1968 C films that gesture toward realism but betray that goal with melodramatic villains low comedy or improbable monsters D the distinctive spacesuit films of Western Europe Russia and Japan and E America s spectacular real life spacesuit film the televised Apollo 11 moon landing 1969 STARLOST UNAUTHORIZED D.G. Valdron, THE GIANT EARTHSIP ARK DRIFTING THROUGH DEEP SPACE OVER EIGHT HUNDRED YEARS INTO THE FAR FUTURE ITS PASSENGERS DESCENDANTS OF THE LAST SURVIVORS OF THE DEAD PLANET EARTH LOCKED IN SEPARATE WORLDS HEADING FOR DESTRUCTION The Starlost 1973 The most controversial Sci Fi Television series ever made It began with high hopes created by Harlan Ellison with participation by such luminaries as Ben Bova and Ursula K LeGuin featuring special effects by 2001 A Space Odyssey s Doug Trumbull starring 2001 s Keir Dullea Somehow it all went wrong Harlan Ellison denounced his creation and the series became legendary as the worst ever But was it really Produced in Canada constrained physically and financially the show began to reflect Canadian issues and sensibilities at a time when Canada and Canadians were going through a national identity crisis forming a nation building a culture and confronting challenges from regionalism within to the overwhelming presence of the United States without What was Canada What did it and its people stand for and where were they going The Starlost became a mirror of national concerns and preoccupations as the stars confronted alien and interlopers industrialization pollution militarism ethics and morality and ultimately humanity s place in the world This extensively researched work written with dry humor and deep insight draws on interviews and correspondence with stars Robin Ward and Gay Rowan series writer Norman Klenman and features a comprehensive episode guide with detailed reviews encompassing behind the scenes information and thematic analysis as well as a full section on the production process and making of the show STARLOST UNAUTHORIZED is the most comprehensive and detailed work ever produced on this unique and controversial television series **American Supernatural Tales** S. T. Joshi, 2007-10-02 As Stephen King will attest the popularity of the occult in American literature has only grown since the days of Edgar Allan

Poe American Supernatural Tales celebrates the richness of this tradition with chilling contributions from some of the nation's brightest literary lights including Poe himself H P Lovecraft Shirley Jackson Ray Bradbury Nathaniel Hawthorne and of course Stephen King By turns phantasmagoric spectral and demonic this is a frighteningly good addition to Penguin Classics For more than seventy years Penguin has been the leading publisher of classic literature in the English speaking world With more than 1 700 titles Penguin Classics represents a global bookshelf of the best works throughout history and across genres and disciplines Readers trust the series to provide authoritative texts enhanced by introductions and notes by distinguished scholars and contemporary authors as well as up to date translations by award winning translators *Leslie Stevens Goes to Hollywood* Dore Page,2020-11-10 The ongoing popularity of Leslie Stevens 1960s television masterwork *The Outer Limits* as well as later series creations *Battlestar Galactica* and *Buck Rogers in the 25th Century* has kept his name familiar to television fans Surprisingly very little writing exists on his earlier Broadway contributions or his seminal film and television production company Daystar Productions Stevens personal life also remains relatively unknown This biography focuses on the origins of Daystar Productions as well as Stevens first years in Hollywood when he was married to actress Kate Manx After meeting Manx in 1957 Stevens took her with him to Los Angeles and refashioned her into a dramatic film actress who would soon star in his startling New Wave style debut film *Private Property* That film which Stevens made for just 40 000 would go on to gross several million dollars and open the doors to Hollywood for Manx and co star Warren Oates While Oates prospered Manx was unable to sustain her brief success and her life soon spiraled out of control as Stevens career turned increasingly toward television *Terror Television* John Kenneth Muir,2013-02-25 Although horror shows on television are popular in the 1990s thanks to the success of Chris Carter's *The X Files* such has not always been the case Creators Rod Serling Dan Curtis William Castle Quinn Martin John Newland George Romero Stephen King David Lynch Wes Craven Sam Raimi Aaron Spelling and others have toiled to bring the horror genre to American living rooms for years This large scale reference book documents an entire genre from the dawn of modern horror television with the watershed Serling anthology *Night Gallery* 1970 a show lensed in color and featuring more graphic makeup and violence than ever before seen on the tube through more than 30 programs including those of the 1998 1999 season Complete histories critical reception episode guides cast crew and guest star information as well as series reviews are included along with footnotes a lengthy bibliography and an in depth index From Kolchak *The Night Stalker* to *Millennium* from *The Evil Touch* to *Buffy the Vampire Slayer* and *Twin Peaks* *Terror Television* is a detailed reference guide to three decades of frightening television programs both memorable and obscure
