The Peripatetic Perambulations of a FIDDLEFOOT Bryce Babcock, 2013-03-07 The nameless drifters and aimless riders who traveled the back roads and trails of the American West have been described as fiddlefooted In this illustrated autobiography I characterize myself as a modern day Fiddlefoot applying the term to my own wanderings as I searched for meaning satisfaction happiness and fulfillment in life My search takes me to a series of locales from my boyhood home in Wisconsin westward through several stops in California Oregon British Columbia Utah New Mexico and Arizona and occupations ranging from student to farmer logger surveyor factory worker ranch hand college and university instructor social worker and State and National Park Ranger My search includes living and working in cities towns on farms in cooperative communities and my experiences and explorations involving religion politics marriages parenthood and travels in the U S Canada Guatemala the British Isles and continental Western Europe I wrote it as a way in which my wives children grandchildren friends acquaintances and perhaps total strangers could know and understand who is that man and why is he like he is Bryce Babcock January 2013 *The Palatkwapi Trail* James W. Byrkit, Doyen Salsig, 1988 *Grapevine Canyon Wind Project*, 2012 **Moquis and Kastiilam** Thomas E. Sheridan, Stewart B. Koyiyumptewa, Anton Daughters, Dale S. Brenneman, T. J. Ferguson, Leigh J. Kuwanwisiwma, Leigh Wayne Lomayestewa, 2015-11-12 The first of a two volume series Moquis and Kastiilam tells the story of the encounter between the Hopis who the Spaniards called Moquis and the Spaniards who the Hopis called Kastiilam from the first encounter in 1540 until the eve of the Pueblo Revolt of 1680 By comparing and contrasting Spanish documents with Hopi oral traditions the editors portray a balanced presentation of their shared past Translations of sixteenth seventeenth and eighteenth century documents written by Spanish explorers colonial officials and Franciscan missionaries tell the perspectives of the European visitors and oral traditions recounted by Hopi elders reveal the Indigenous experience The editors argue that the Spanish record is incomplete and only the Hopi perspective can balance the story The Spanish documentary record and by extension the documentary record of any European or Euro American colonial power is biased and distorted according to the editors who assert there are enormous silences about Hopi responses to Spanish missionization and colonization The only hope of correcting those weaknesses is to record and analyze Hopi oral traditions which have been passed down from generation to generation and give voice to Hopi values and Hopi social memories of what was a traumatic period in their past Spanish abuses during missionization which the editors address specifically and directly as the sexual exploitation of Hopi women suppression of Hopi ceremonies and forced labor of Hopis drove Hopis to the breaking point inspiring a Hopi revitalization that led them to participate in the Pueblo Revolt Those abuses the revolt and the resistance that followed remain as open wounds in Hopi society today **A Diné History of Navajoland** Klara Kelley, Harris Francis, 2019-10-22 For the first time a sweeping history of the Din that is foregrounded in oral tradition Authors Klara Kelley and Harris Francis share Din history from pre Columbian time to the present using

ethnographic interviews in which Navajo people reveal their oral histories on key events such as Athabaskan migrations trading and trails Din clans the Long Walk of 1864 and the struggle to keep their culture alive under colonizers who brought the railroad coal mining trading posts and finally climate change The early chapters based on ceremonial origin stories tell about Din forebears Next come the histories of Din clans from late pre Columbian to early post Columbian times and the coming together of the Din as a sovereign people Later chapters are based on histories of families individuals and communities and tell how the Din have struggled to keep their bond with the land under settler encroachment relocation loss of land based self sufficiency through the trading post system energy resource extraction and climate change Archaeological and documentary information supplements the oral histories providing a comprehensive investigation of Navajo history and offering new insights into their twentieth century relationships with Hispanic and Anglo settlers For Din readers the book offers empowering histories and stories of Din cultural sovereignty In short the authors say it may help you to know how you came to be where and who you are
