The Language War:

The Language War Robin Tolmach Lakoff, 2000-05-22 Robin Lakoff gets to the heart of one of the most fascinating and pressing issues in American society today who holds power and how they use it keep it or lose it In a brilliant and vastly entertaining discussion of news events that have occupied an enormous amount of media space political correctness the Anita Hill Clarence Thomas hearings Hillary Rodham Clinton as First Lady O J Simpson s murder trial the Ebonics controversy and the Clinton sex scandal Lakoff shows that the struggle for power and status at the end of the century is being played out as a war over language Controlling language is a basis for all power she says and therefore it is worth fighting for As a result newly emergent groups especially blacks and women are contending with middle to upper class white men for a share in language rights Lakoff s introduction to linguistic theories and the philosophy of language lays the groundwork for an exploration of news stories that meet what she calls the UAT Undue Attention Test As the stories became the subject of talk show debates late night comedy routines Web sites and magazine articles they were embroidered with additional meanings depending on who was telling the story Race gender or both are at the heart of these stories and each one is about the right to construct meanings from language in short to possess power Because language tells us how we are connected to one another who has power and who does not the stories reflect the language war We use language to analyze what we call reality the author argues but we mistrust how language is used today witness the politics of personal destruction following the Clinton impeachment Yet Lakoff sees in the struggle over language a positive goal equality in the creation of our national discourse Her writing is accessible and witty and her excerpts from the media are used to great effect

The Language War Robin Tolmach Lakoff, 2000-05-22 Robin Lakoff gets to the heart of one of the most fascinating and pressing issues in American society today who holds power and how they use it keep it or lose it In a brilliant and vastly entertaining discussion of news events that have occupied an enormous amount of media space political correctness the Anita Hill Clarence Thomas hearings Hillary Rodham Clinton as First Lady O J Simpson s murder trial the Ebonics controversy and the Clinton sex scandal Lakoff shows that the struggle for power and status at the end of the century is being played out as a war over language Controlling language is a basis for all power she says and therefore it is worth fighting for As a result newly emergent groups especially blacks and women are contending with middle to upper class white men for a share in language rights Lakoff s introduction to linguistic theories and the philosophy of language lays the groundwork for an exploration of news stories that meet what she calls the UAT Undue Attention Test As the stories became the subject of talk show debates late night comedy routines Web sites and magazine articles they were embroidered with additional meanings depending on who was telling the story Race gender or both are at the heart of these stories and each one is about the right to construct meanings from language in short to possess power Because language tells us how we are connected to one another who has power and who does not the stories reflect the language war We use language to analyze

what we call reality the author argues but we mistrust how language is used today witness the politics of personal destruction following the Clinton impeachment Yet Lakoff sees in the struggle over language a positive goal equality in the creation of our national discourse Her writing is accessible and witty and her excerpts from the media are used to great effect *Language Wars and Linguistic Politics* Louis-Jean Calvet,1998 Non linguistic conflicts are often projected on to language differences and may be played out in the language policies of governments and other holders of power This text deals broadly with this interaction of language issues and political process **A War of Words** Yasir Suleiman,2004-06-10 Suleiman s book considers national identity in relation to language the way in which language can be manipulated to signal political cultural or historical difference As a language with a long recorded heritage and one spoken by the majority of those in the Middle East in various dialects Arabic is a particularly appropriate vehicle for such an investigation It is also a penetrating device for exploring the conflicts of the Middle East This is a well crafted well organized and eloquent book Karin Ryding Georgetown University *The Languages of Diaspora and Return* Bernard Spolsky,2017-01-05 Until quite recently the term Diaspora usually with the capital meant the dispersion of the Jews in many parts of the world Now it is recognized that many other groups have built communities distant from their homeland such as Overseas Chinese South Asians Romani Armenians Syrian and Palestinian Arabs To explore the effect of exile of language repertoires the article traces the sociolinguistic development of the many Jewish Diasporas starting with the community exiled to Babylon and following through exiles in Muslim and Christian countries in the Middle Ages and later It presents the changes that occurred linguistically after Jews were granted full citizenship It then goes into details about the phenomenon and problem of the Jewish return to the homeland the revitalization and revernacularization of the Hebrew that had been a sacred and literary language and the rediasporization that accounts for the cases of maintenance of Diaspora varieties *Revolution and War in Contemporary Ukraine* Olga Bertelsen,2016-10-01 What are the reasons behind and trajectories of the rapid cultural changes in Ukraine since 2013 This volume highlights the role of the Revolution of Dignity and the Russian Ukrainian war in the formation of Ukrainian civil society the forms of warfare waged by Moscow against Kyiv including information and religious wars Ukrainian and Russian identities and cultural realignment sources of destabilization in Ukraine and beyond memory politics and Russian foreign policies the Kremlin s geopolitical goals in its near abroad and factors determining Ukraine s future and survival in a state of war The studies included in this collection illuminate the growing gap between the political and social systems of Ukraine and Russia The anthology illustrates how the Ukrainian revolution of 2013 2014 Russia s annexation of the Crimean peninsula and its invasion of eastern Ukraine have altered the post Cold War political landscape and with it the regional and global power and security dynamics *Littell's Living Age* ,1866 **Words and Worlds** Veena Das,Didier Fassin,2021-05-10 Born in a time of anxiety Words and Worlds examines some of the disquieting challenges that societies now face Through an inquiry into a political lexicon of commonsense words ranging from democracy and revolution

to knowledge and authority from inequality and toleration to war and power the contributors to this book trouble the self evidence of these terms bringing into view the hidden transcripts and unexpected trajectories of many settled ideas such as the human sense of belonging or the call for openness and transparency in research and public life The case studies conducted over five continents with the tools of eight different disciplines challenge the ethnocentric assumptions false moralism and cultural prejudices that underlie much discussion on corruption or even the virtue invested in resilience The critique of the ubiquitous use of crisis to characterize our times shows how this framing obscures the unjust conditions of existence and the violence of everyday life Together the essays in this volume offer a fresh look at the deeply connected worlds we inhabit in solidarity and in discord Contributors Banu Bargu Veena Das Alex de Waal Didier Fassin Peter Geschiere Behrooz Ghamari Tabrizi Caroline Humphrey Ravi Kanbur Julieta Lemaitre Uday S Mehta Jan Werner Müller Jonathan Pugh Elizabeth F Sanders Todd Sanders
