The Celts Ian Stewart,2025-03-04 A history of Celtic thought and identity over the last three centuries This book will be the first synoptic historical study of Celtic ideas in the modern era The Celts are perennially popular in both academic and popular culture having been the subject of several recent books scholarly and otherwise as well as a major exhibition The Celts Art and Identity at the British Museum and National Museum of Scotland in 2015 16 However attention remains overwhelmingly focused on the ancient peoples labelled Celts with little interrogation of how and why they became known as such during the modern period In addressing these questions this study will be the first to account for the trajectory of ideas of the Celts or Celticism and how they became fundamental pillars of national identities in western Europe especially in Britain Ireland and France A transnational approach covering the period from roughly 1700 to the present day will allow the proposed volume to chart the transformation of perceptions of the Celts from those of a sought after European ancestor to those of a marginalised people living on the fringes of western Europe In doing so it will illustrate the wider intellectual cultural and political ramifications of this protracted ideological shift in different national contexts As nationalism resurfaces across Europe this timely study will reveal the intellectual history of a prominent cultural identity and show the historical contingency of Celtic based nations national identities and nationalisms

The Quest for the Irish Celt Máiréad Carew,2018-03-29 The Quest for the Irish Celt is the fascinating story of Harvard University s five year archaeological research programme in Ireland during the 1930s to determine the racial and cultural heritage of the Irish people The programme involved country wide excavations and the examination of prehistoric skulls by physical anthropologists and was complemented by the physical examinations of thousands of Irish people from across the country measuring skulls nose shape and grade of hair colour The Harvard scientists mission was to determine who the Celts were what was their racial type and what element in the present day population represented the descendants of the earliest inhabitants of the island Though the Harvard Mission was hugely influential there were theories of eugenics involved that

would shock the modern reader The main adviser for the archaeology was Adolf Mahr Nazi and Director of the National Museum 1934 39 The overall project was managed by Earnest A Hooton famed Harvard anthropologist whose theories regarding biological heritage would now be readily condemned for their racism Mair ad Carew explores this extraordinary archaeological mission examining its historic importance for Ireland and Irish America its landmark findings and the unseemly activities that lay just beneath the surface
