The Last Pioneer:

The Last of the Pioneers , **Pioneer Collections. Report of the Pioneer Society of the State of Michigan**
Anonymous,2024-06-13 Reprint of the original first published in 1876 Pioneers Phillip Mann,2011-09-29 Blue Genes Ape like and with one arm replaced by a claw the not quite human Angelo and his beautiful female partner Ariadne are genetically bred rescuers programmed to travel vast distances through space in suspended animation to bring back Pioneers explorers sent out from Earth generations ago to settle other planets The latest mission is to rescue Pioneer Murray from the planet La Plage and to return to Earth where as usual decades have passed while they have been travelling between the stars But Earth itself has gone through a catastrophic collapse from which its burnt out civilization is trying to recover And amongst the remnants of a sterile and despairing humanity there is less room than ever before for such strange creatures as Angelo Combining rich and weird alien environments with exciting deep space adventure Pioneers is a brilliant novel of love and alienation in a strange and poignant future *U.P. Diliman* ,2010 The articles in this collection range from heartfelt reminiscences of daily encounters from the early days to carefully crafted tales of youthful adventure and mischief to personal accounts of historical campus events and sentimental tributes to beloved community figures All of these essays pieced together form a colorful tapestry of experiences that not only captures a pocket history of the University of the Philippines but reflects the pioneering spirit and rich character of those who literally first broke ground in this campus and laid the foundations of what Narita Gonzalez sometimes refers to as a campus communiversity Preface **The Rudashevski Diary** Yitskhok Rudashevski,2024-11-07 Yitskhok Rudashevski was taken to the Vilna Ghetto at age 13 and murdered at age 15 This is his diary discovered in his final hiding place Today I turned fifteen and live very much for tomorrow I do not feel two ways about it I see before me sun and sun and sun Yitskhok Rudashevski was transferred to the Vilna Ghetto when he was thirteen For nearly two years he used a small notebook to chronicle his hope his despair and his experience of daily ghetto life His diary was later discovered in an attic that was the final hiding place for him and his parents This remarkable translation from Yiddish by Solon Beinfeld reveals a teenager whose love of culture history and knowledge defied the cruelty that surrounded him Displaying empathy and intellect far beyond his years Yitskhok confronts the terrible moral choices required for survival in the ghetto His diary expertly introduced by Professor Samuel D Kassow is both a crucial historical document and a deeply poignant portrait of one lost soul among millions The Complete Book of Spacecraft Michael H. Gorn,Davide Sivoletta,2025-08-26 Marvel at the history of space exploration through its daring vehicles exhaustively chronicled in this authoritative volume featuring more than 250 artworks In 1957 the world looked on with both uncertainty and amazement as the Soviet Union launched Sputnik 1 the first man made orbiter Sputnik 1 would spend three months circling Earth every 98 minutes and cover 71 million miles in the process The world s space programs have traveled far literally and figuratively since then and the spacecraft they have developed and deployed represent almost unthinkable
