Outlaw Breed

**WILLIAM
BYRON
MOWERY**

The Outlaw Breed

Jon E. Lewis

The Outlaw Breed:

The Outlaw Breed Lee Floren, 1953 **Hell's Angels** Yves Lavigne, 1993 Not since Hunter Thompson's seminal *Hells Angels: A Strange and Terrible Saga of the Outlaw Motorcycle Gangs* in 1967 has there been such a thorough account of the Angels. This book documents the gang's bumpy ride from its origins as a Stateside club for WWII fighter pilots to its freewheeling terror tactics of the early sixties to its absurd flirtation with the hippie scene to its current status as one of the most powerful underground organisations in North America rivalling even the Mafia.

The Outlaw Breed Dwight Bennett Newton, 2001 Native Apparitions Steve Pavlik, M. Elise Marubbio, Tom Holm, 2017-11-07 A timely and much needed analysis and critique of Hollywood's representation of Native Americans in mainstream films. Provided by publisher.

The Story of the Outlaw Emerson Hough, 1907 **The Story of the Outlaw: A Study of the Western Desperado** Emerson Hough, 2020-09-28 Energy and action may be of two sorts good or bad this being as well as we can phrase it in human affairs. The live wires that net our streets are more dangerous than all the bad men the country ever knew but we call electricity on the whole good in its action. We lay it under law but sometimes it breaks out and has its own way. These outbreaks will occur until the end of time in live wires and vital men. Each land in the world produces its own men individually bad and in time other bad men who kill them for the general good. There are bad Chinamen bad Filipinos bad Mexicans and Indians and negroes and bad white men. The white bad man is the worst bad man of the world and the prize taking bad man of the lot is the Western white bad man. Turn the white man loose in a land free of restraint such as was always that Golden Fleece land vague shifting and transitory known as the American West and he simply reverts to the ways of Teutonic and Gothic forests. The civilized empire of the West has grown in spite of this because of that other strange germ the love of law anciently implanted in the soul of the Anglo Saxon. That there was little difference between the bad man and the good man who went out after him was frequently demonstrated in the early roaring days of the West. The religion of progress and civilization meant very little to the Western town marshal who sometimes or often was a peace officer chiefly because he was a good fighting man. We band together and elect political representatives who do not represent us at all. We elect executive officers who execute nothing but their own wishes. We pay innumerable policemen to take from our shoulders the burden of self protection and the policemen do not do this thing. Back of all the law is the undelegated personal right that vague thing which none the less is recognized in all the laws and charters of the world as England and France of old and Russia to day may show. This undelegated personal right is in each of us or ought to be. If there is in you no hot blood to break into flame and set you arbiter for yourself in some sharp crucial moment then God pity you for no woman ever loved you if she could find anything else to love and you are fit neither as man nor citizen. As the individual retains an undelegated right so does the body social. We employ politicians but at heart most of us despise politicians and love fighting men. Society and law are not absolutely wise nor absolutely right but only as a compromise relatively wise and right. The bad man so called may have been

in large part relatively bad This much we may say scientifically and without the slightest cheapness It does not mean that we shall waste any maudlin sentiment over a desperado and certainly it does not mean that we shall have anything but contempt for the pretender at desperadoism Who and what was the bad man Scientifically and historically he was even as you and I Whence did he come From any and all places What did he look like He came in all sorts and shapes all colors and sizes just as cowards do As to knowing him the only way was by trying him His reputation true or false just or unjust became of course the herald of the bad man in due time The killer of a Western town might be known throughout the state or in several states His reputation might long outlast that of able statesmen and public benefactors

Guns of Outlaws Gerry Souter,Janet Souter,2014-11-03 Chronicles the misdeeds of many of America s worst miscreants with special emphasis on the tools of the outlaw trade American Rifleman From colonial era rifles carried on the Owlhoot Trail to John Dillinger s Colt pistols the history of the American outlaw is told in guns weapons that became each man s personal signature Authors Gerry and Janet Souter peer into these criminals choices of derringers revolvers shotguns rifles machine guns and curious hybrids giving us a glimpse into the minds behind the trigger fingers With over 200 illustrations Guns of Outlaws gives a unique look at the lives and the hardware of the most infamous outlaws in American history and of the law enforcement officers who hunted them As settlers moved further west away from authority and soft city life into the Great Plains the push for survival through the endless prairies and jagged isolating mountain ranges bred ruthless men Most outlaws were technology freaks who seized upon the latest weapon innovations developed in the industrious East to provide an edge in the life and death cosmos of the Wild West By the late 1930s and early 1940s outlaws on horseback had given way to marauding bank robbers Using fast cars and faster guns they became folk heroes of the Great Depression even as the law was hard on their tails Historians Gerry and Janet Souter take the reader back to a time between 1840 and 1940 when outlaws and man hunters lived bold and died hard The book show s actual tools of the trade wielded during a violent century bound up in a mix of hard truths and mythology

Ammoland com **The Mammoth Book of the West** Jon E. Lewis,2012-03-01 Revised and expanded edition of Jon E Lewis s ever popular account of the American West The book is at once a history and a compendium of western lore It tells what life on the frontier was really like and gives a human portrait of the tough and sometimes violent way of life experienced by the early pioneers The gunfighters and the cowboys women Indians and others all have their part to play and as well as the historical accounts there are intriguing anecdotes of everyday life on the plains from how Montana cowboys warmed up their horses bits to the words of the Navajo medicine chants
