The Party Inside Fianna Fil

Stephen Kelly

The Party Inside Fianna Fil:

Fianna Fail, Partition and Northern Ireland, 1926-1971 Stephen Kelly, 2013-05-06 xx **A Failed Political Entity**

Stephen Kelly, 2016-10-10 Charles Haughey maintained one of the most controversial and brilliant careers in the history of Irish politics but for every stage in his mounting success there was one issue that complicated and almost devastated his ambitions to lead Irish politics Northern Ireland In A Failed Political Entity Stephen Kelly uncovers the complex motives that underlie Haughey's fervent attitude towards the political and sectarian violence that was raging across the border Early in Haughey's governmental career he took a hard line against the IRA leading many to think he was antipathetic towards the situation in Northern Ireland Then in one of the most defining scandals in the history of modern Ireland The Arms Crisis of 1970 he was accused of attempting to supply northern nationalists with guns and ammunitions Whilst his role in this murky affair almost ended his political career the question of Northern Ireland was ever binding and would deftly serve to bring Haughey back to power as taoiseach in 1979 Through recent access to an astonishing array of classified documents and extensive interviews Stephen Kelly confronts every controversy examining the genesis of Haughey's attitude to Northern Ireland allegations that Haughey played a key part in the formation of the Provisional IRA the Haughey Thatcher relationship and Haughey's leading hand in the early stages of the fledgling Northern Ireland peace process Official Irish

Republicanism, 1962 to 1972 Sean Swan, 2007-06 A history of the Official Irish Republican movement from the IRA's 1962 ceasefire to the Official IRA's permanent ceasefire in 1972 The civil rights movement the outbreak of violence in August 1969 the links with the communist party the Official IRA's campaign the ceasefire and later developments towards Sinn Féin the Workers Party are explored This book is the first in depth study of this crucial period in the history of Irish republicanism Using his unprecedented access to the internal documents of the movement and interviews with key participants Swan's work will transform our understanding of this transformative period in the history of the movement Henry Patterson Author of The Politics of Illusion A Political History of the IRA and Ireland Since 1939 There is much fascinating material and also much good sense Richard English Author of Armed Struggle A History of the IRA and Radicals and the Republic Socialist Republicanism in the Irish Free State **The Celtic Tiger** Kieran Allen, 2000 The only comparative analysis of the foreign

policies of European Union member states Examines those policies which are Europeanised through the EU's processes and those policies which are retained or excluded from these processes Analyses the dual impact of the Maastricht Treaty on the European Union and the post Cold War environment on the foreign policy processes of the EU's member states Argues for a distinctive approach to the foreign policy analysis of EU states which recognises the fundamental changes that membership brings after the Cold War but also acknowledges the diverse role of policies which states seek to retain or advance as being special All the empirical chapters are structured by six sets of explanatory questions **Chasing Progress in the Irish**

Republic John Kurt Jacobsen, 1994-04-14 This book first published in 1994 investigates the political causes and

consequences of economic policy in Ireland addressing key debates in political economy Europe Since 1945 Bernard A. Cook, 2014-01-27 *Europe Since 1945* An Encyclopedia is a comprehensive reference work of some 1 700 entries in two volumes Its scope includes all of Europe and the successor states to the former Soviet Union The volumes provide a broad coverage of topics with an emphasis on politics governments organizations people and events crucial to an understanding of postwar Europe Also includes 100 maps and photos **Parties and Party Systems in Liberal Democracies** Steven B Wolinetz, 2023-07-14 First published in 1988 *Parties and Party Systems in Liberal Democracies* considers the extent and ways in which Western European and North American parties and party systems changed in the 1970s and 1980s after decades of relative stability It examines changes in the nature and organisation of parties and relates this to changes in electoral behaviour and to wider social and economic change It concentrates on political parties as actors and the ways in which they maintain themselves and respond to the moves and gambits of both established and newer parties and to the increasingly numerous and vociferous single interest pressure groups One important argument put forward is that many social and economic changes have had a minimal impact because established parties have been able to adapt by redefining issues in their favour and have also been able to rely on residual support and access to patronage This engaging volume will have strong appeal for courses in political science government political behaviour and history **Encyclopedia of British and Irish Political Organizations** Peter Barberis, John McHugh, Mike Tyldesley, 2000-01-01 This major authoritative reference work embraces the spectrum of organized political activity in the British Isles It includes over 2 500 organizations in 1 700 separate entries Arrangement is in 20 main subject sections covering the three main p *Ireland* Richard B Finnegan, Edward T.
