communications and land and naval forces advanced with remarkable speed and by the 1890s the rejuvenated nation was ready to flex its muscles overseas The obvious opponent was the huge but medieval Chinese Empire and the obvious arena for war was Korea a nearby Chinese protectorate that Japan had long coveted A secondary campaign would be fought on Formosa Taiwan an autonomous Chinese island protectorate In this study author Gabriele Esposito describes the bloodthirsty course of the Japanese campaign in China using colour illustrations and photos to showcase the organization equipment and appearance of the various Chinese forces China had no true national army the Imperial Japanese Army and Navy and for the first time in English the Korean and Formosan participants Japan's victory left it confident enough to challenge Imperial Russia and nine years later it defeated it at the Battle of Tsushima where two thirds of the Russian fleet was destroyed by the Japanese Navy This victory confirmed Japan's place as Asia's leading military power soon to become a realistic rival to the West

Imperial Co-operation and Transfer, 1870-1930, 2015-08-27 Conflict and competition between imperial powers has long been a feature of global history but their co operation has largely been a peripheral concern Imperial Co operation and Transfer 1870 1930 redresses this imbalance providing a coherent conceptual framework for the study of inter imperial collaboration and arguing that it deserves an equally prominent position in the field Using a variety of examples from across Asia Europe and Africa this book demonstrates the ways in which empires have shared and exchanged their knowledge about imperial governance including military strategy religious influence and political surveillance It asks how when and where these partnerships took place and who initiated them Not only does this book fill an empirical gap in the study of imperial history it traces ideas of empire from their conception in imperial contact zones to their implementation in specific contexts As such this is an important study for imperial and global historians of all specialisms

East Asia and the First World War Frank Jacob, 2022-10-24. The First World War was a truly global event that changed the course of history in many participating as well as non-participating countries. In East Asia, the war stimulated the further rise of Japan as the leading power in the region during the war, yet also its radicalization and social protests after 1918. In China and Korea, it stimulated nationalist eruptions demanding freedom and equality for the semi-colonized countries and the people living within their borders. All in all, the present book offers a concise introduction of the history of the First World War and its impact in East Asia.
