Sinosoviet Border Dispute In The 1970s:

The Sino-Soviet Border Dispute in the 1970's Tsien-hua Tsui,1983 This dispute has become one of the major causes of the Sino Soviet rift in the ensuing years and continues to loom as a crucial determinant of the future relationship between these two great powers The book is based on original research in Chinese Russian and English sources **Sino-Soviet Conflict in the 1970s** Kenneth Lieberthal,1978 Analyzes the evolution of Sino Soviet relations since the Cultural Revolution and explains China s policies in terms of political struggles which racked Peking during the 1970s Key questions are explored What bilateral strategies have the Soviet Union and China adopted to deal with each other since 1969 How has the Moscow Peking feud affected dealings with other states How have Sino Soviet relations intertwined with domestic politics in China What changes in relations are likely in coming years What are the implications of these factors for U S policy toward Sino Soviet affairs The analysis concludes that American interests are best served by a Sino Soviet relationship poised between rapprochement and war The author argues that the dynamics of the relationship will very likely produce such an outcome As well the United States should pursue bilateral relationships with Moscow and Peking so as to maximize American interests without trying to affect their interactions with each other The Philosophy of Chinese Military Culture W. Mott,J. Kim,2006-04-02 Drawing on ancient texts and modern interpretations this work explores the foundations for war in China s strategic culture Shih Li and Tao The work uses Shih theory to explain the anomalies that continue to perplex Euro American observers in modern China s uses of force **The Cold War in Asia** J. Bruce Amstutz,1996-12 **The Cambridge History of China: Volume 15, The People's Republic, Part 2, Revolutions Within the Chinese Revolution, 1966-1982** Roderick MacFarquhar,John K. Fairbank,Denis Crispin Twitchett,1991-11-29 In continuing the post revolution study started in Volume 14 Volume 15 considers the developments in Mao s thoughts and how they related to China s government The most comprehensive account of this turbulent period in Chinese history **China, an Analytical Survey of Literature** United States. Department of the Army,1978 A History of the Modern Chinese Navy, 1840-2020 Bruce A. Elleman,2021-05-09 This book provides a comprehensive history of the modern Chinese navy from 1840 to the present Beginning with a survey of naval developments in earlier imperial times the book goes on to show how China has since the mid 19th century four times built or rebuilt its navy after the Opium Wars a navy which was sunk or captured by the Japanese in the war of 1894 1895 during the 1920s and 1930s a navy again sunk or lost to Japan in the war of 1937 1945 in the 1950s a navy built with Soviet help which stagnated following the Sino Soviet split in the early 1960s and finally the present navy which absorbed its predecessor but with the most modern sections dating from the 1990s a navy which continues to grow and prosper The book also shows how the underlying strategic imperative for the Chinese navy has been the defense of China s coasts and major rivers how naval mutiny was a key factor in the overthrow of the Qing and the Nationalist regimes and how successive Chinese governments aware of the potent threat of naval mutiny have restricted the

growth independence and capabilities of the navy Overall the book provides at a time when many people in the West view China and its navy as a threat a rich detailed and realistic assessment of the true nature of the Chinese navy and the contemporary factors that affect its development **Modern Chinese Warfare, 1795-1989** Bruce A. Elleman,2005-07-28 Why did the Chinese empire collapse and why did it take so long for a new government to reunite China Modern Chinese Warfare 1795 1989 seeks to answer these questions by exploring the most important domestic and international conflicts over the past two hundred years from the last half of the Qing empire through to modern day China It reveals how most of China s wars during this period were fought to preserve unity in China and examines their distinctly cyclical pattern of imperial decline domestic chaos and finally the creation of a new unifying dynasty By 1989 this cycle appeared complete but the author asks how long this government will be able to hold power Exposing China as an imperialist country and one which has often manipulated western powers in its favour Bruce Elleman seeks to redress the views of China as a victimised nation

China's Policy Towards Territorial Disputes Chi-kin Lo,2003-09-02 Since 1949 and the founding of the People s Republic China has been involved in more than one territorial dispute with its neighbours Currently the most unstable and dangerous dispute is the one over the Paracel and Spratly islands in the South China Sea With their potentially rich and accessible petroleum resources these islands have become the new arena of conflict for the 1970s and 1980s China having already fought a war with South Vietnam over the Paracel Islands This book based on a wealth of primary materials in the Chinese language is the first to make a thorough and overall investigation of China s policy towards these islands It deals with the battle for the Paracels the dispute with Vietnam the disputes with the Philippines and Malaysia and the relationship between the territorial disputes and China s maritime claims in the South China Sea **Sino-Soviet Border Dispute 1963-1970**

Omar Sheikmour,1972 **Foreign Relations of the United States** United States. Department of State,1969 **The Nixon Administration and the Making of U.S. Nuclear Strategy** Terry Terriff,2018-05-31 In 1974 Richard Nixon s defense secretary James Schlesinger announced that the United States would change its nuclear targeting policy from assured destruction to limited nuclear options In this account of the Schlesinger Doctrine based on newly declassified documents and extensive interviews with key actors Terry Terriff challenges the Nixon administration s official explanation of why and how this policy innovation occurred **The Russian-Ukrainian Conflict and War Crimes** Patrycja

Grzebyk,Dominika Uczkiewicz,2024-10-07 This book offers a multidisciplinary examination of the international crimes committed in the Russia Ukraine War and the challenges of their prosecution and documentation As the largest international armed conflict in Europe since World War II Russia s war against Ukraine has provoked strong reactions and questions about the post 1945 world order the utility of the war and the effectiveness of international criminal justice Throughout the chapters in this volume scholars and legal practitioners from Canada Germany Poland Ukraine the UK and the United States present the results of interdisciplinary research insights from the perspective of other post communist states and first hand

expertise from directly working on the documentation and prosecution of these crimes This offers a broader picture of post Cold War relations and sheds light on the roots and nature of the war and the importance of regional approaches The chapters also present some possible responses to the crimes committed in the conflict with a focus on a victims centered approach to transitional justice This volume will be of interest to scholars and students of international criminal and humanitarian law security studies peace and conflict studies and Eastern European history Routledge Companion to Military Conflict since 1945 John Richard Thackrah,2008-10-27 From the depths of the Cold War to the War on Terror The Routledge Companion to Military Conflict since 1945 is an in depth and comprehensive reference guide to the confrontations that have shaped the modern age Covering the personalities the wars and the ideas that have been central to military conflict in the last sixty years this book includes discussion of specific campaigns from Vietnam to Iraq international organizations including NATO the UN and the Arab League leading historical figures from Idi Amin to George W Bush genocides Proxy wars and the Guerrilla campaigns key concepts in international relations from Defense to Chemical Warfare the causes of conflict from the religion to the fight for diminishing resources Exploring all of this and more in an easy to use A Z format with guides to further reading this is an essential resource for students of international relations military history and conflict and strategic studies at all levels **Air University Library Index to Military Periodicals** ,1970 Nuclear Asymmetry and Deterrence Jan Ludvik,2016-11-10 offers a new broader conception of deterrence theory examines five key historical case studies of nuclear deterrence dyads nuclear weapons proliferation is a topic of increasing importance will be of interest to students of nuclear proliferation strategic studies deterrence theory security studies and IR Cold War Spencer C. Tucker,Priscilla Roberts,2007-09-10 The most comprehensive and up to date student reference on the Cold War offering expert coverage of all aspects of the conflict in a richly designed format fully illustrated to give students a vivid sense of life in all countries affected by the war ABC CLIO is proud to announce the latest addition to its widely acclaimed legacy of historical reference works for students Under the direction of internationally known expert Spencer Tucker Cold War A Student Encyclopedia captures the vast scope day to day drama and lasting impact of the Cold War more clearly and powerfully than any other student resource ever published Ranging from the end of the Second World War to the collapse of the Soviet Union Cold War A Student Encyclopedia offers vivid portrayals of leading individuals significant battles economic developments societal cultural events changes in military technology and major treaties and diplomatic agreements The nearly 1 100 entries plus topical essays and a documents volume draw heavily on recently opened Russian Eastern European and Chinese archives Enhanced by a rich program of maps and images it is a comprehensive current and accessible student reference on the dominant geopolitical phenomenon of the late 20th century *Enduring Territorial Disputes* Krista Eileen Wiegand,2011 Of all the issues in international relations disputes over territory are the most salient and most likely to lead to armed conflict Understanding their endurance is of paramount importance Although many states have settled their

disagreements over territory seventy one disputes involving nearly 40 percent of all sovereign states remain unresolved In this study Krista E Wiegand examines why some states are willing and able to settle territorial disputes while others are not She argues that states may purposely maintain disputes over territory in order to use them as bargaining leverage in negotiations over other important unresolved issues This dual strategy of issue linkage and coercive diplomacy allows the challenger state to benefit from its territorial claim Under such conditions it has strong incentive to pursue diplomatic and militarized threats and very little incentive to settle the dispute over territory Wiegand tests her theory in four case studies three representing the major types of territorial disputes uninhabited islands and territorial waters as seen in tensions between China and Japan over the Senkaku and Diaoyu Islands inhabited tracts of territory such as the North African enclaves of Ceuta and Melilla affecting Morocco and Spain and border areas like the Shebaa Farms dispute between Lebanon and Israel A fourth case study of a dispute between China and Russia represents a combination of all three types settled in 2008 it serves as a negative example All these disputes involve areas that have key strategic and economic importance both region ally and globally

The Long March to Peace M. Taylor Fravel, 2003 This dissertation seeks to understand the settlement and escalation of territorial disputes focusing specifically on disputes involving China Since 1949 China has defused or resolved 18 of its 23 territorial disputes usually receiving 50 percent or less of contested land in the final settlement China has resorted to force in 5 of its disputes but has usually not seized large amounts of land To account for this variation I develop a theory of settlement strategies to explain why leaders cooperate or escalate in territorial disputes

Routledge Library Editions: China Under Mao Various, 2021-06-23 This 13 volume collection of previously out of print titles reissues some key works in the study of Mao Zedong's huge influence on China its politics economics and development into the power that it is today Foreign policy the Cultural Revolution the fate of opponents Chinese Marxist thought all are covered here and more in this essential reference resource
