Situated Fathering A Focus On Physical :

Situated Fathering William Marsiglio, Kevin Roy, Greer Litton Fox, 2005-07-28 When men act as parents they do so in diverse physical and social spaces imbued with symbolic meaning They father in the military overseas on the farm in dilapidated inner cities immersed in ethnic neighborhoods navigating idealized places of leisure where families go as stepfathers in spaces where physical dimensions and family meanings intersect as nonresident fathers managing less than ideal conditions rolling across the interstate as long haul truckers playing catch alongside the house managing precious family time in prison work release programs as participants in community fatherhood initiatives etc Until now family scholars had not explicitly theorized and focused on how physical space shapes fathers lives A distinct volume of theoretical and empirical research Situated Fathering addresses this oversight by proposing a new framework for studying how various contingencies of physical space in conjunction with social symbolic issues affect men s identities as fathers and their involvement with children Consistent with public interest in men s efforts to be there as providers and caregivers this book explores issues associated with the barriers and supports to involvement that are part of the physical and social environment Written largely for family scholars and students it emphasizes a future oriented perspective by outlining directions for theoretically guided research in specific often gendered fathering sites

Alternative Masculinities for a Changing World À. Carabí, J. Armengol, 2014-10-08 Focusing on global examples of gender equality this collection explores non dominant models of masculinity that represent gender equity in pro feminist ways Essays explore new alternative models of masculinity by a wide variety of contemporary authors and texts ranging from Paul Auster to Jonathan Franzen The Best Kept Secret Roberta L. Coles, 2009-03-16 The Best Kept Secret studies the often overlooked group of single African American custodial fathers While the media focuses on the increase of single mothers and the decline in marriage in the black community Roberta Coles paints a nuanced picture of single black

dads Based on qualitative research the author looks at the parenting experience of these fathers who may have become single parents through nonmarital births divorce widowhood and adoption The fathers ranging in age from 20 to 76 discuss their motivations for taking custody of their children what roles they enact as parents what they hope for their children how they socialize their children in a diverse society how parenting daughters differs from sons and what parenting has done for them personally Coles then recommends policy changes to improve the situations for children and single parents particularly often unseen fathers Filled with dynamic interviews and intriguing case studies *The Best Kept Secret* shows that single black custodial fathers do exist and looks at the ways raising children has shaped their lives *Navigating Contemporary*

Fatherhood in Europe Tina Miller,Lars Plantin,Allan Westerling,2025-10-20 Drawing on extensive empirical research this book examines paternal involvement in caregiving practices and asks what is currently happening to involved fatherhood The book investigates fatherhood in various everyday settings such as outdoor spaces workplaces and the home while considering the influence of policy frameworks across different European countries By analysing fathers experiences and the impact of policy on familial roles it provides fresh insights into the concept of involvement and progression towards practices of more equitable fatherhood Encouraging new thinking on paternal engagement this is a critical look at how fatherhood is navigated negotiated and understood within diverse cultural and policy contexts in everyday life *Nurturing Dads* William

Marsiglio,Kevin Roy,2012-01-01 American fathers are a highly diverse group but the breadwinning live in biological dad prevails as the fatherhood ideal Consequently policymakers continue to emphasize marriage and residency over initiatives that might help foster healthy father child relationships and creative co parenting regardless of marital or residential status In *Nurturing Dads* William Marsiglio and Kevin Roy explore the ways new initiatives can address the social cultural and economic challenges men face in contemporary families and foster more meaningful engagement between many different kinds of fathers and their children What makes a good father The firsthand accounts in *Nurturing Dads* show that the answer to this question varies widely and in ways that counter the mainstream provide and reside model of fatherhood Marsiglio and Roy document the personal experiences of more than 300 men from a wide range of socioeconomic backgrounds and diverse settings including fathers to be young adult fathers middle class dads stepfathers men with multiple children in separate families and fathers in correctional facilities They find that most dads express the desire to have strong close relationships with their children and to develop the nurturing skills to maintain these bonds But they also find that disadvantaged fathers including young dads and those in constrained financial and personal circumstances confront myriad structural obstacles such as poverty inadequate education and poor job opportunities *Nurturing Dads* asserts that society should help fathers become more committed and attentive caregivers and that federal and state agencies work sites grassroots advocacy groups and the media all have roles to play Recent efforts to introduce state initiated paternity leave should be coupled with social programs that encourage fathers to develop unconditional commitments to children to co parent with mothers to establish

partnerships with their children's other caregivers and to develop parenting skills and resources before becoming fathers via activities like volunteering and mentoring kids. Ultimately Marsiglio and Roy argue such combined strategies would not only change the policy landscape to promote engaged fathering but also change the cultural landscape to view nurturance as a fundamental aspect of good fathering. Care is a human experience not just a woman's responsibility and this core idea behind *Nurturing Dads* holds important implications for how society supports its families and defines manhood. The book promotes the progressive notion that fathers should provide more than financial support and in the process bring about a better start in life for their children. A Volume in the American Sociological Association's Rose Series in Sociology *Fathering Through Sport and Leisure* Tess Kay, 2009-06-16 Fathering is a highly contested concept in popular media, academic and policy discourses yet in the areas of family studies and men's studies the leisure component of family life is underplayed. This book provides a long overdue and thorough investigation of the relationship between fatherhood, sport and leisure. *Fathering Through Sport and Leisure* investigates what fathers actually do in the time they spend with their children. Leading researchers from the fields of sport, leisure and family studies examine the tensions men encounter as they endeavour to meet the new expectations of fatherhood and the central role that sport and leisure play in overcoming this. Analyzed in relation to social trends and current policy debates, this unique collection examines fathering in a wide range of contexts including parental expectation and youth sports, fathers and daughters' leisure time and couple time in dual earner families, divorce, fatherhood and leisure. The book shows how contemporary fathers use sport and leisure to engage with their sons and daughters, achieve emotional closeness and fulfil their own expectations of what it means to be a good father. Drawing on research carried out in the UK, Australia, Canada and the United States, this is a crucial text for anybody with an interest in leisure studies, family studies or fatherhood. *Child and Youth Care* Alan Pence, Jennifer White, 2011-07-01 Critical and postmodern perspectives have been largely underexplored in the field of child and youth care. This book addresses the gap, showcasing cutting edge approaches to policy, pedagogy and practice from diverse perspectives and professional settings. The authors of *Child and Youth Care* challenge deep seated assumptions about child and youth care by reinterpreting core concepts such as ethics and outcomes and raising questions about underlying goals and premises. Can the ends of practice be separated from the means? For whose benefit are interventions designed? By recognizing a range of social and political influences on children and youth, this volume bears witness to exciting developments in child and youth care. *Handbook of Father Involvement* Natasha J.
