The Life and Letters of William Sharp and "Fiona Macleod". Volume 3: 1900-1905 William F. Halloran, 2020-09-28 What an achievement It is a major work The letters taken together with the excellent introductory sections so balanced and judicious and informative what emerges is an amazing picture of William Sharp the man and the writer which explores just how fascinating a figure he is Clearly a major reassessment is due and this book could make it

happen Andrew Hook Emeritus Bradley Professor of English and American Literature Glasgow University William Sharp 1855 1905 conducted one of the most audacious literary deceptions of his or any time Sharp was a Scottish poet novelist biographer and editor who in 1893 began to write critically and commercially successful books under the name Fiona Macleod This was far more than just a pseudonym he corresponded as Macleod enlisting his sister to provide the handwriting and address and for more than a decade Fiona Macleod duped not only the general public but such literary luminaries as William Butler Yeats and in America E C Stedman Sharp wrote I feel another self within me now more than ever it is as if I were possessed by a spirit who must speak out This three volume collection brings together Sharp s own correspondence a fascinating trove in its own right by a Victorian man of letters who was on intimate terms with writers including Dante Gabriel Rossetti Walter Pater and George Meredith and the Fiona Macleod letters which bring to life Sharp s intriguing second self With an introduction and detailed notes by William F Halloran this richly rewarding collection offers a wonderful insight into the literary landscape of the time while also investigating a strange and underappreciated phenomenon of late nineteenth century English literature It is essential for scholars of the period and it is an illuminating read for anyone interested in authorship and identity

The Queen's Dumbshows Claire Sponsler, 2014-04-18 No medieval writer reveals more about early English drama than John Lydgate Claire Sponsler contends Best known for his enormously long narrative poems *The Fall of Princes* and *The Troy Book* Lydgate also wrote numerous verses related to theatrical performances and ceremonies This rich yet understudied body of material includes mumming for London guildsmen and sheriffs texts for wall hangings that combined pictures and poetry a Corpus Christi procession and entertainments for the young Henry VI and his mother In *The Queen's Dumbshows* Sponsler reclaims these writings to reveal what they have to tell us about performance practices in the late Middle Ages Placing theatricality at the hub of fifteenth century British culture she rethinks what constituted drama in the period and explores the relationship between private forms of entertainment such as household banquets and more overtly public forms of political theater such as royal entries and processions She delineates the intersection of performance with other forms of representation such as feasts pictorial displays and tableaux and parses the connections between the primarily visual and aural modes of performance and the reading of literary texts written on paper or parchment In doing so she has written a book of signal importance to scholars of medieval literature and culture theater history and visual studies
