

HISTORICAL SKETCHES OF LOUISIANA.

CHAPTER I.

THE Spaniards and the French discovered and settled Florida and Louisiana long before Louisiana was known. These early events have a direct bearing on the subsequent affairs of those nations in the same world, and hence a concise detail of them will not be deemed foreign to the sketch of their structure, particularly as they afford an obscure much light on the policy pursued by both in the establishment of their Colonies.

After the Spaniards landed on the Florida, nearly every year passed elapsed before they attempted any new discovery. Exploring ships passed their undisturbed innocent shores and sailed, regularly in Cuba and Hispaniola. They then discovered the existence of other nations, and then examined them in 1542. But observing that knowledge of the coast, not opening the riches of the mountains. These people were considered the nations that belong to the Spaniards. The

SKETCHES, HISTORICAL AND DESCRIPTIVE, OF LOUISIANA. AMOS. STODDARD, 2018 Sketches, Historical and Descriptive, of Louisiana Amos Stoddard, 1812 **Sketches, Historical and Descriptive, of Louisiana** Amos Stoddard, 1812 **Sketches, Historical and Descriptive, of Louisiana (Classic Reprint)** Amos Stoddard, 2016-11-11

Excerpt from Sketches Historical and Descriptive of Louisiana No wonder then that Louisiana at the time of the cession was so little known to the United States They had suddenly and unexpectedly acquired a territory of which they knew not the extent they were equally unacquainted with its climates soils and productions the magnitude and importance of its numerous rivers and its commercial and other natural advantages I therefore indulge the expectation that the subsequent sketches however inaccurate or erroneous will not prove wholly unacceptable to the public particularly as no one before me to my knowledge has attempted an history and description of this territory Historians have but partially noticed that country none of their works seem to embrace in regular detail any considerable number of years they are extremely barren of events and unfortunately contain many chasms These are in part supplied from some ancient manuscript journals and other documents to which I gained access yet it is to be regretted that materials are still wanting to exhibit even the prominent historical features of Louisiana The writings of missionaries at least those I have seen and the accounts published by French officers who were employed in the country during part of the two last centuries are mostly of an uninteresting nature I am however much indebted to both dead and living authors and if I have been less solicitous to acknowledge my obligations to them than to collect and arrange the substance of their labors it was because I relucted at marginal and other references About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works Sketches, Historical and Descriptive, of Louisiana Amos Stoddard, Henry Marie Brackenridge, 1819

The Language Encounter in the Americas, 1492-1800 Edward G. Gray, Norman Fiering, 2001-01-01 When Columbus arrived in the Americas there were it is believed as many as 2 000 distinct mutually unintelligible tongues spoken in the western hemisphere encompassing the entire area from the Arctic Circle to Tierra del Fuego This astonishing fact has generally escaped the attention of historians in part because many of these indigenous languages have since become extinct And yet the burden of overcoming America's language barriers was perhaps the one problem faced by all peoples of the New World in the early modern era African slaves and Native Americans in the Lower Mississippi Valley Jesuit missionaries and Huron speaking peoples in New France Spanish conquistadors and the Aztec rulers All of these groups confronted America's complex linguistic environment and all of them had to devise ways of transcending that environment a problem that arose often with life or death implications For the first time historians anthropologists literature specialists and linguists have come together to reflect in the fifteen original essays presented in this volume on the various modes of contact and communication that took place between the Europeans and the Natives A particularly important aspect of this fascinating collection is the way it demonstrates the interactive nature of the encounter and how Native peoples found ways to shape and adapt imported systems of spoken and written communication to their own spiritual and material needs
