mythtellers In November 1900 when Ghandl dictated these nine stories the Haida world lay in ruins Wave upon wave of smallpox and other diseases rapacious commercial exploitation by fur traders whalers and miners and relentless missionization by the church had taken a huge toll on Haida culture Yet in the blind poet s mind the great tradition lived and in his voice it comes alive Robert Bringhurst s eloquent and vivid translations of these works are supplemented by explanatory notes that supply the needed background information *The Force of Family* Cara Krmpotich,2014-04-30 Over the course of more than a decade the Haida Nation triumphantly returned home all known Haida ancestral remains from North American museums In the summer of 2010 they achieved what many thought was impossible the repatriation of ancestral remains from the Pitt Rivers Museum at the University of Oxford The Force of Family is an ethnography of those efforts to repatriate ancestral remains from museums around the world Focusing on objects made to honour the ancestors Cara Krmpotich explores how memory objects and kinship connect and form a cultural archive Since the mid 1990s Haidas have been making button blankets and bentwood boxes with clan crest designs hosting feasts for hundreds of people and composing and choreographing new songs and dances in the service of repatriation The book comes to understand how shared experiences of sewing weaving dancing cooking and feasting lead to the Haida notion of respect the creation of kinship and collective memory and the production of a cultural archive Haida Syntax John Enrico,2003-01-01 The Haida people make their home on the Queen Charlotte Islands in British Columbia and on Prince of Wales Island off the coast of southern Alaska Their language distinct from their Northwest Coast neighbors is spoken today by a few elders and is in danger of becoming extinct despite efforts by the community to save it Intimately familiar with the Haida language John Enrico bases this comprehensive description of the syntax of two Haida dialects on his twenty five years of fieldwork in the Haida community and on the materials collected by the anthropologist John Swanton in the early twentieth century This synthesis of the syntax of the Haida language provides an exemplary reference work of the language for the Haida community and for scholars *The Golden Spruce* John Vaillant,2009-03-18 NATIONAL BESTSELLER WINNER OF THE GOVERNOR GENERAL S LITERARY AWARD FOR NON FICTION WINNER OF THE WRITERS TRUST NON FICTION PRIZE Absolutely spellbinding The New York Times The environmental true crime story of a glorious natural wonder the man who destroyed it and the fascinating troubling context in which this act took place FEATURING A NEW AFTERWORD BY THE AUTHOR On a winter night in 1997 a British Columbia timber scout named Grant Hadwin committed an act of shocking violence in the mythic Queen Charlotte Islands His victim was legendary a unique 300 year old Sitka spruce tree fifty metres tall and covered with luminous golden needles In a bizarre environmental protest Hadwin attacked the tree with a chainsaw Two days later it fell horrifying an entire community Not only was the golden spruce a scientific marvel and a tourist attraction it was sacred to the Haida people and beloved by local loggers Shortly after confessing to the crime Hadwin disappeared under suspicious circumstances and is missing to this day As John Vaillant deftly braids together the strands of

this thrilling mystery he brings to life the ancient beauty of the coastal wilderness the historical collision of Europeans and the Haida and the harrowing world of logging the most dangerous land based job in North America Haida Eagle Treasures Pansy Collison, 2017-10-16 Take a journey into the heart of Haida culture as it is lived and experienced by an extraordinary woman of the Tsath Lanas Eagle Clan Pansy Collison a Haida woman born and raised in Old Massett on Haida Gwaii tells stories of her clan and community as well as personal narratives about her history and family Haida Eagle Treasures embodies a strong Haida woman's voice offering a rare glimpse inside Haida culture Each story and memory is a treasure that captures part of the beauty of the Haida worldview and way of life Now retired Pansy taught for 23 years at elementary secondary and college levels From these experiences she describes some of the challenges and contradictions of living between two worlds Pansy's teaching skills artistic talents and political affiliations keep her involved in politics and education on Haida Gwaii Thirteen original illustrations by Pansy's brother Paul White a gifted artist teacher pole carver and designer provide the guideposts within Haida Eagle Treasures *Claiming Back Their Heritage* Geneviève Susemihl, 2023-10-04 This book provides a unique in depth look at three Indigenous World Heritage sites in Canada and their use for Indigenous empowerment and community development Based on extensive ethnographic field studies and comprehensive narrative interviews it shows how the three First Nation communities presented in the case studies enforce recognition of their collective rights to preserve their cultural heritage and assert their right to political economic cultural and social self determination It also considers the prevailing universalistic discourses around World Heritage and the various ways in which they serve to either reinforce existing oppressive conditions regarding Indigenous communities and voices or provide opportunities to overcome them The book will be of interest to scholars and students working on social and cultural histories histories of colonialism and in heritage and museum studies **Being in Being** Skaay of the Qquuna Qiighawaay, 2023-10-28 Being in Being contains three masterpieces by legendary Haida mythteller Skaay of the Qquuna Qiighawaay The shortest recounts the high points of the legend of his family The longest Raven Travelling is the most complex version of the story of the Raven ever recorded on the Northwest Coast The third is The Qquuna Cycle the largest and most complex literary work in any Native Canadian language It is a poem of epic length and one of the true masterpieces of North American literature Indian Myths & Legends from the North Pacific Coast of America Franz Boas, 2006 This volume of Native myths and legends is an indispensable document in the history of North American anthropology **And He Knew Our Language** Marcus Tomalin, 2011 This ambitious and ground breaking book examines the linguistic studies produced by missionaries based on the Pacific Northwest Coast of North America and particularly Haida Gwaii during the late nineteenth and early twentieth centuries Making extensive use of unpublished archival materials the author demonstrates that the missionaries were responsible for introducing many innovative and insightful grammatical analyses Rather than merely adopting Graeco Roman models they drew extensively upon studies of non European languages and a

careful exploration of their scripture translations reveal the origins of the Haida sociolect that emerged as a result of the missionary activity The complex interactions between the missionaries and anthropologists are also discussed and it is shown that the former sometimes anticipated linguistic analyses that are now incorrectly attributed to the latter Since this book draws upon recent work in theoretical linguistics religious history translation studies and anthropology it emphasises the unavoidably interdisciplinary nature of Missionary Linguistics research Islands' Spirit Rising Louise Takeda, 2014-12-10 The islands of Haida Gwaii contain some of the last remaining tracts of intact coastal temperate rainforest in the world Aggressive logging over the past century however has threatened not only the unique biodiversity and habitat values but also the cultural values of the Haida people who have relied on these forests for millennia Islands Spirit Rising examines the long term conflict over the islands ancient forests and recent events that unfolded in the context of collaborative land use planning In response to threats posed by a century of logging a local indigenous environmental community movement built enough momentum to challenge the multinational forest industry and the political structures enabling it This book traces the evolution of this dynamic force from the early days of Haida resistance to the modern context of alliances legal battles and evolving forms of governance **The Earth's Blanket** Nancy J. Turner, 2015-08-03 This is a thought provoking look at Native American stories cultural institutions and ways of knowing and what they can teach us about living sustainably
