**Skua and Penguin** Euan Young, 1994-02-17 A detailed ecological study which overturns current thinking about the relationship between these two species      *The Adēlie Penguin* David G. Ainley, 2002 When sea ice declines so does the population of Adelie penguins making this species a predictive indicator of the effects of global warming This book summarizes our present ecological knowledge of this species its biology behavior and ecology within the Antarctic ecosystem the ecological factors important to its life history and details of the mechanisms by which it is responding to climate change The narrative is complemented by richly written texts from the earliest Antarctic naturalists fine illustrations from the accomplished artist Lucia deLeiris and photographs by the author      *Fraser's Penguins* Fen Montaigne, 2010-11-09 A dramatic chronicle of Antarctica's penguins that bears witness to climate changes that foreshadow our own future The towering mountains and iceberg filled seas of the western Antarctic Peninsula have for three decades formed the backdrop of scientist Bill Fraser's study of Adēlie penguins In that time this breathtaking region has warmed faster than any place on earth with profound consequences for the Adēlies the classic tuxedoed penguin that is dependent on sea ice to survive During the Antarctic spring and summer of 2005-2006 author Fen Montaigne spent five months working on Fraser's field team and he returned with a moving tale that chronicles the beauty of the wildest place on earth the lives of the beloved Adēlies the saga of the discovery of the Antarctic Peninsula and the story told through Fraser's work of how rising temperatures are swiftly changing this part of the world Captivated by the tale of these polar penguins and a memorable field season in Antarctica readers will come to understand that the fundamental changes Fraser has witnessed in the Antarctic will soon affect our lives      **The Emperor's Embrace** Jeffrey Masson, 2001-02-28 Jeffrey Moussaieff Masson's marvelous Jane Goodall New York Times bestseller *When Elephants Weep* made us re-evaluate the emotional lives of animals And in his follow up New York Times bestseller *Dogs Never Lie About Love* Masson reflected with intelligence and originality Los Angeles Times Sunday Book Review on the emotional world of dogs Now in *The Emperor's Embrace* Masson offers a remarkable look at one of the most fulfilling roles in the animal world fatherhood With fascinating insight impeccable research and captivating writing controversial psychoanalyst Jeffrey Masson a new father himself introduces us to the world's best dads He takes us to such places as Antarctica as he explores how emperor penguin fathers incubate the eggs of their young by carrying them around on their feet for two months nestled beneath a special brood pouch And he tells us how once the babies hatch the fathers snuggle the babies on their feet until the mother returns from her time at sea feeding them a special milk like substance until her arrival Masson a superb storyteller showcases the extraordinary behavior of outstanding fathers heroes among animals including the wolf and why wolves make good fathers and dogs don't the beaver who encourages his young to cling to his tail as he navigates through ponds the sea horse the only male animal that gives birth to its young the marmoset the South American monkey who carries his babies for the first two years of their lives wherever he

goes Masson also examines nature's worst fathers lions langurs bears and humans He shows that when a father does care for his young as with the beaver we immediately look for a biological and not an emotional explanation But Masson demonstrates that for these animals as with humans fatherhood is a profound all encompassing experience Groundbreaking compelling inspirational Masson's unique look at one of nature's most venerable institutions takes us to animal habitats around the world yet always returns to the heart For animal lovers fathers mothers sons and daughters everywhere The Emperor's Embrace is a book that will forever change our perceptions of parenthood and family love
