depth investigations reveal unexpected insights into the demographics of those captured in Africa and legally transported on British slave ships. For example, there is a commonly held belief that slave traders had a preference for adult males. In fact, the practicalities of slave raiding meant that women, children, and large groups of the elderly were particularly vulnerable during raids and were more often captured and made available for sale in the Caribbean. *From Africa to Jamaica* offers a new look at the Atlantic slave trade in its final years, fleshing out the historical portrait of the African men, women, and children who were sold in Jamaica and were thus among the last of the enslaved to put their stamp on Jamaican society. There is no comparable study that takes such a comprehensive approach, looking at both the African and Jamaican sides of the trade system.

Sexuality and Slavery Daina Ramey Berry, Leslie Maria Harris, 2018. A Sarah Mills Hodge Fund publication. Title page verso. *Conceiving the New World Order* Faye D. Ginsburg, Rayna Rapp, 1995-07-31. This volume provides an investigation of the dynamics of reproduction. Using reproduction as an entry point, the authors examine how cultures are produced, contested, and transformed as people imagine their collective future in the creation of the next generation. *Troubling Freedom* Natasha Lightfoot, 2015-11-19. In 1834, Antigua became the only British colony in the Caribbean to move directly from slavery to full emancipation. Immediate freedom, however, did not live up to its promise as it did not guarantee any level of stability or autonomy, and the implementation of new forms of coercion and control made it, in many ways, indistinguishable from slavery. In *Troubling Freedom*, Natasha Lightfoot tells the story of how Antigua's newly freed black working people struggled to realize freedom in their everyday lives prior to and in the decades following emancipation. She presents freedpeople's efforts to form an efficient workforce, acquire property, secure housing, worship, and build independent communities in response to elite prescriptions for acceptable behavior and oppression. Despite its continued efforts, Antigua's black population failed to convince whites that its members were worthy of full economic and political inclusion. By highlighting the diverse ways freedpeople defined and created freedom through quotidian acts of survival and occasional uprisings, Lightfoot complicates conceptions of freedom and the general narrative that landlessness was the primary constraint for newly emancipated slaves in the Caribbean. *The Caribbean* Stephan Palmié, Francisco A. Scarano, 2022-12-22. An illuminating survey of Caribbean history from pre-Columbian times to the twenty-first century. Los Angeles Times. Combining fertile soils, vital trade routes, and a coveted strategic location, the islands and surrounding continental lowlands of the Caribbean were one of Europe's earliest and most desirable colonial frontiers. The region was colonized over the course of five centuries by a revolving cast of Spanish, Dutch, French, and English forces who imported first African slaves and later Asian indentured laborers to help realize the economic promise of sugar, coffee, and tobacco. *The Caribbean: A History of the Region and Its Peoples* offers an authoritative one-volume survey of this complex and fascinating region. This groundbreaking work traces the Caribbean from its pre-Columbian state through European contact and colonialism to the rise of U.S. hegemony and the economic turbulence of the twenty-first century. The volume begins with a

discussion of the region's diverse geography and challenging ecology and features an in depth look at the transatlantic slave trade including slave culture resistance and ultimately emancipation. Later sections treat Caribbean nationalist movements for independence and struggles with dictatorship and socialism along with intractable problems of poverty, economic stagnation and migrancy. Written by a distinguished group of contributors, *The Caribbean* is an accessible yet thorough introduction to the region's tumultuous heritage which offers enough nuance to interest scholars across disciplines. In its breadth of coverage and depth of detail it will be the definitive guide to the region for years to come. Praise for *The Caribbean*. The editors of this volume have successfully assembled a survey of historical and contemporary issues which serves as an excellent introductory text for newcomers to the region as well as a resource for more experienced researchers searching for a concise reference to any historical period. *Journal of Caribbean History*. This collection provides an engaging introduction to the history of a region defined by centuries of colonial domination and popular struggle. In these essays readers will recognize the Caribbean as a garden of social catastrophe and a grim incubator of modern global capitalism as well as of people's continuous attempts to resist, endure or adapt to it. Scholars and students will find it to be a very useful handbook for current thinking on a vital topic. Vincent Brown, professor of history and of African and African American studies, Duke University.

Remembering Generations Ashraf H. A. Rushdy, 2003-01-14. Slavery is America's family secret, a partially hidden phantom that continues to haunt our national imagination. *Remembering Generations* explores how three contemporary African American writers artistically represent this notion in novels about the enduring effects of slavery on the descendants of slaves in the post civil rights era. Focusing on Gayl Jones's *Corregidora* (1975), David Bradley's *The Chaneysville Incident* (1981) and Octavia Butler's *Kindred* (1979), Ashraf Rushdy situates these works in their cultural moment of production, highlighting the ways in which they respond to contemporary debates about race and family. Tracing the evolution of this literary form, he considers such works as Edward Ball's *Slaves in the Family* (1998) in which descendants of slaveholders expose the family secrets of their ancestors. *Remembering Generations* examines how cultural works contribute to social debates, how a particular representational form emerges out of a specific historical epoch and how some contemporary intellectuals meditate on the issue of historical responsibility of recognizing that the slave past continues to exert an influence on contemporary American society.

Wives - Mothers - Daughters - Widows Sue Appleby, 2024-06-28. Appleby examines the lives of the Cornish women who went to the Caribbean colonies, filling a gap in the literature of the Cornish diaspora which previously focused on the male dominated mining industry in the USA, Australia and South Africa.

Unsilencing Slavery Celia E. Naylor, 2022-07-01. Popular references to the Rose Hall Great House in Jamaica often focus on the legend of the White Witch of Rose Hall. Over one hundred thousand people visit this plantation every year, many hoping to catch a glimpse of Annie Palmer's ghost. After experiencing this tour with her daughter in 2013 and leaving Jamaica haunted by the silences of the tour, Celia E. Naylor resolved to write a history of Rose Hall about those people who actually

had a right to haunt this place of terror and trauma the enslaved Naylor deftly guides us through a strikingly different Rose Hall She introduces readers to the silences of the archives and unearths the names and experiences of the enslaved at Rose Hall in the decades immediately before the abolition of slavery in Jamaica She then offers a careful reading of Herbert G de Lisser s 1929 novel *The White Witch of Rosehall* which gave rise to the myth of the White Witch and a critical analysis of the current tours at Rose Hall Great House Naylor s interdisciplinary examination engages different modes of history making history telling and truth telling to excavate the lives of enslaved people highlighting enslaved women as they navigated the violences of the Jamaican slavocracy and plantationscape Moving beyond the legend she examines iterations of the afterlives of slavery in the ongoing construction of slavery museums memorializations and movements for Black lives and the enduring case for Black humanity Alongside her book she has created a website as another way for readers to explore the truths of Rose Hall rosehallproject.columbia.edu

Wordsworth and the Cultivation of Women Judith W. Page,2024-03-29 Focusing on the poems of Wordsworth s Great Decade feminist critics have tended to see Wordsworth as an exploiter of women and feminine perspectives In this original and provocative book Judith Page examines works from throughout Wordsworth s long career to

offer a more nuanced feminist account of the poet's values. She asks questions about Wordsworth and women from the point of view of the women themselves and of eighteenth and nineteenth century culture. Making extensive use of family letters, journals and other documents as well as unpublished material by the poet's daughter Dora Wordsworth, Page presents Wordsworth as a poet not defined primarily by egotistical sublimity but by his complicated and conflicted endorsement of domesticity and familial life. SpaceTime of the Imperial Holt Meyer, Susanne
Rau, Katharina Waldner, 2016-11-07 This volume works through spatio-temporal concepts to be found in imperial practices and their representations in a wide range of media. The individual cases investigated in the volume cover a broad spectrum of historical periods from ancient times up to the present. Well-known international scholars treat special cases of the topic using cutting-edge theory and approaches stemming from historical cartographic, religious, literary, media studies as well as ethnography.

Unprofitable Servants Alvin O. Thompson, 2002 A study of governmental slaves in Barbice from 1803 to 1831. The author illustrates that the imperial government arrived at the general abolition of slavery throughout its colonies in a rather ad hoc and piecemeal fashion. He also raises questions about the government's commitment to abolition.
