Our faith should be an informed one because the God who created all things speaks to every sphere of life and all facts should be studied in light of the revelation of God in Scripture This is the foundation of Christian dominion For R J Rushdoony true government was the self government of the Christian life in terms of God s law so he wrote his position papers to better equip Christians to apply their faith to all of life His objective was not to empower the state or the organized church but rather to call every person and institution to God s Word which often put him at odds with both church and state This three volume collection of his position papers 1979 2000 are organized topically and are featured for the first time with an extensive index which will make this material far more accessible to the studious reader This beautiful three volume collection of hardback books topically organizes ALL of Rushdoony s position papers not only the 115 originally published in *Roots of Reconstruction* but also 118 later essays including six recently discovered unpublished papers *A Commentary, Critical, Experimental, and Practical on the Old and New Testaments* Robert Jamieson (D.D.), 1863 *Pillar of Fire* , 1917

The Philosophy of Joseph B. Soloveitchik Heshey Zelcer, Mark Zelcer, 2021-03-29. Providing a concise but comprehensive overview of Joseph B. Soloveitchik's larger philosophical program, this book studies one of the most important modern Orthodox Jewish thinkers. It incorporates much relevant biographical, philosophical, religious, legal, and historical background so that the content and difficult philosophical concepts are easily accessible. The volume describes his view of Jewish law, Halakhah, and how he answers the fundamental question of Jewish philosophy, namely, the reasons for the commandments. It shows how many of his disparate books, essays, and lectures on law, specific commandments, and Jewish religious phenomenology can be woven together to form an elegant philosophical program. It also provides an analysis and summary of Soloveitchik's views on Zionism and on interreligious dialogue and the contexts for Soloveitchik's respective stances on issues that were pressing in his role as a leader of a major branch of post-war Orthodox Judaism. The book provides a synoptic overview of the philosophical works of Joseph B. Soloveitchik. It will be of interest to historians and scholars studying neo-Kantian philosophy, Jewish thought, and philosophy of religion.
