Goodnow, Hacı Akman, 2008-09 Museums across the world are facing the task of capturing reflecting and representing the notion of complex identities personal religious and ethnic Narratives of national allegiances are being slowly replaced and supplemented by indigenous and minority voices providing a more complex understanding of diversity especially where intangible heritage is called on as a witness The approach taken by Scandinavian museums in response to this challenge highlights the hybrid forms of cultural diversity and how they interrelate and work together By bringing together debates and discussions of identity and diversity this volume offers a particular insight into a broad geographic region and its diverse people from the Sami and the limit to new migrants It also presents a set of historical views on the formation of national museums and their contested perceptions of identity Whilst developing new arguments and furthering an ongoing debate it offers museum curators possible ways forward **BOOK JACKET**

John Cassian Collection [4 Books] John Cassian, Aeterna Press, **Digital Media** Megan A. Winget, William Aspray, 2011-09-22 Digital media has exploded over the past quarter century and in particular the past decade As varieties of digital media multiply scholars are beginning to examine its origins organization and preservation which present new challenges compared to traditional media To examine issues from multiple perspectives experts were invited to an invitation

only workshop on digital media The participants were carefully chosen to represent a variety of backgrounds and perspectives ranging from humanities and fine arts to communication theory The papers collected here are the results of that workshop Digital Media Technological and Social Challenges of the Interactive World is organized in four parts each representing a different perspective on digital media preservation humanities organizational and historical The section on preservation considers the problems of archiving digital media for long term preservation the humanities section offers a human centered view of digital media focusing on the interaction between technological changes and cultural practices the section dealing with organization goes beyond the study of digital artifacts in isolation to consider the context collection and arrangement of objects and the historical section examines how our perspectives on digital media have changed over time looking at how issues such as the digital divide and digital production have changed as technology has changed The wealth of varied perspectives in Digital Media provides new light on this topic beyond the media studies viewpoint that is the most common way of engaging these topics This collection will be a valuable addition for students and faculty in information studies communication studies rhetoric new media and more *ICDSMLA 2019* Amit Kumar, Marcin Paprzycki, Vinit Kumar Gunjan, 2020-05-19 This book gathers selected high impact articles from the 1st International Conference on Data Science Machine Learning Applications 2019 It highlights the latest developments in the areas of Artificial Intelligence Machine Learning Soft Computing Human Computer Interaction and various data science machine learning applications It brings together scientists and researchers from different universities and industries around the world to showcase a broad range of perspectives practices and technical expertise *Collections and Notes* William Carew Hazlitt, 1876 **Maritime Autonomous Vehicles and International Law** Natalie Klein, Douglas Guilfoyle, Md Saiful Karim, Rob McLaughlin, 2024-12-31 Maritime autonomous vehicles MAVs have the potential to radically alter all uses of maritime space with technology progressing faster than the law This book explores the current international legal framework and the options available to regulate maritime security in the face of emerging technologies MAVs are starting to play a role not only in policing and military security but also for the perpetration of maritime crimes Through discussing the existing international legal framework for combating maritime security threats the book will consider the use of MAVs by states for various security purposes and the potential dangers of MAVs in the hands of non state actors As the intersection of maritime technology with international maritime security law is crucial to a safe future for all this timely book makes essential suggestions to adapt existing legal frameworks to match emerging technologies Addressing critical questions such as who exercises jurisdiction when ships are remotely controlled how jamming technology may be lawfully deployed and what force may be permissible during maritime law enforcement this book identifies a diversity of current legal gaps and problems and makes suggestions as to how to rectify them This book will be of interest to students and scholars in the field of the law of the sea maritime security and emerging technologies **Tremaine Houses** Volker M. Welter, 2019-11-19 This volume

analyzes the extraordinary patronage of modern architecture that the Tremain family sustained for nearly four decades in the mid twentieth century From the late 1930s to the early 1970s two brothers Burton G Tremain and Warren D Tremain and their respective wives Emily Hall Tremain and Katharine Williams Tremain commissioned approximately thirty architecture and design projects Richard Neutra and Oscar Niemeyer designed the best known Tremain houses Philip Johnson and Frank Lloyd Wright also created designs and buildings for the family that achieved iconic status in the modern movement Focusing on the Tremaines houses and other projects such as a visitor center at the meteor crater in Arizona this volume explores the Tremaines architectural patronage in terms of the family s motivations and values exposing patterns in what may appear as an eclectic collection of modern architecture Architectural historian Volker M Welter argues that the Tremaines patronage was not driven by any single factor rather it stemmed from a network of motives comprising the clients practical requirements their private and public lives and their ideas about architecture and art Southern Innovator Issue 4: Cities and Urbanization David South, Editor and Writer,2013-09-30 Launched in May 2011 the new global magazine Southern Innovator is about the people across the global South shaping our new world eradicating poverty and working towards the achievement of the Millennium Development Goals MDGs They are the innovators Issue 1 covered the theme of mobile phones and information technology Issue 2 covered the theme of youth and entrepreneurship Issue 3 covered the theme of agribusiness and food security Issue 4 covers the theme of cities and urbanization Follow the magazine on Twitter SouthSouth1 **Art and AsiaPacific** ,2004 **Cine-Dispositives** Maria Tortajada,François Albera,2025-10-01 This collection brings together a number of leading scholars in film studies to explore viewing and listening dispositives the Foucauldian concept of a strategic and technical configuration of practices and discourses from the emergence of film studies as a field in the 1960s to more recent uses of the concept In particular the contributors confront points of view and perspectives in the context of the rise and spread of new technologies changes that are continually altering the boundaries and the spaces of cinema and thus demand new analysis and theoretization A Catalogue of the Royal and Noble Authors of England, Scotland, and Ireland; with Lists of Their Works: by the Late Horatio Wapole, Earl of Orford.
