Getting Started as a Freelance Writer Robert W. Bly, 2008-02-13 This expanded edition goes beyond advice on making a living as a business writer to include the more creative forms of writing There are new chapters on writing and selling poems short stories novels and essays plus a new section on cartooning Existing chapters have been brought up to date You learn to start run and build a freelance writing

business doing whatever type of writing you prefer *Raw Deal* Steven Hill, 2015-10-20 What's going to happen to my job? That's what an increasing number of anxious Americans are asking themselves. The US workforce, which has been one of the most productive and wealthiest in the world, is undergoing an alarming transformation. Increasing numbers of workers find themselves on shaky ground, turned into freelancers, temps, and contractors. Even many full-time and professional jobs are experiencing this precarious shift. Within a decade, a near majority of the 145 million employed Americans will be impacted. Add to that the steamroller of automation, robots, and artificial intelligence already replacing millions of workers and projected to obsolesce millions more, and the jobs picture starts looking grim. Now a weird yet historic mash-up of Silicon Valley technology and Wall Street greed is thrusting upon us the latest economic fraud: the so-called sharing economy, with companies like Uber, Airbnb, and TaskRabbit allegedly liberating workers to become independent, and their own CEOs hiring themselves out for ever smaller jobs and wages while the companies profit. But this share-the-crumbs economy is just the tip of a looming iceberg that the middle class is drifting toward. *Raw Deal: How the Uber Economy and Runaway Capitalism Are Screwing American Workers* by veteran journalist Steven Hill is an exposé that challenges conventional thinking and the hype celebrating this new economy by showing why the vision of the techno-sapien leaders and their Ayn Rand libertarianism is a dead end. In *Raw Deal*, Steven Hill proposes pragmatic policy solutions to transform the US economy and its safety net and social contract, launching a new kind of deal to restore power back into the hands of American workers. **FREELANCE**
