life love and adventure in the years following the death of King Arthur But it also serves as a backdrop on which I can draw literary portraits of many of man s favorite things such as nature astronomy emotion poetry travel history fantasy art and so on Arthurian legend is the main thread of the story and is also one of my favorite things so this is important too What really happened inth Dark Ages And yes it s true but only if you wish to believe it that I unearthed these Chronicles from an iron box that was buried 1400 years ago under the Abbey of Glastonbury *Social-science Commentary on the Letters of Paul* Bruce J. Malina,John J. Chasm City Alastair Reynolds,2020-04-21 Return to the dazzling world of Revelation Space with this British Science Fiction Award winning space opera about a young man hell bent on revenge on the surface of a twisted disease corrupted planet The once utopian Chasm City a domed human settlement on an otherwise inhospitable planet has been overrun by a virus known as the Melding Plague capable of infecting any body organic or computerized Now with the entire city corrupted from the people to the very buildings they inhabit only the most wretched sort of existence remains For security operative Tanner Mirabel it is the landscape of nightmares through which he searches for a lowlife postmortal killer But the stakes are raised when his search brings him face to face with a centuries old atrocity that history would rather forget One of Locus and Science Fiction Chronicle s Best SF Novels of the Year [The Radiant Spire](#) Evelyn Robles,2024-12-03 High above the fractured islands of Aerilon hangs the Radiant Spire a marvel of engineering and a monument to Elara Deaver s brilliance and her deepest shame Within its shimmering walls the Starborn ethereal beings of immense power are imprisoned their life force fueling the spire s protective shield Haunted by their silent screams Elara returns to her creation a pariah summoned to fix her broken masterpiece But Aerilon is more than just geographically fractured The Starborn s captivity has poisoned the land plunging its vibrant tribes into despair and unleashing storms of unprecedented fury Elara faces an impossible choice restore the spire and condemn the Starborn to eternal suffering or shatter their prison and risk unleashing unimaginable chaos Her former mentor Tristan Alexander offers a glimmer of hope a path to harmonize technology and magic to save both Aerilon and its ethereal prisoners But his solution is untested a dangerous gamble that could shatter the delicate balance holding Aerilon aloft Meanwhile on the windswept plains below Tristan s sister Victoria leads a desperate fight for survival Gifted with a rare sensitivity to Aerilon s ethereal energies Victoria s visions reveal the Starborn s tragic history igniting a rebellion that threatens to topple the ruling Council As Elara delves into the spire s hidden depths she uncovers a terrible truth a dying civilization s desperate bargain for survival a sacrifice shrouded in secrecy Her path converges with Victoria s as a catastrophic storm forces Elara to unleash a small group of Starborn a desperate act with

unforeseen consequences Caught between loyalty and conscience Elara must choose her side Will she perpetuate a cosmic injustice or risk everything to forge a new path a future where technology and magic coexist where the Starborn are not prisoners but partners The fate of Aerilon hangs in the balance a testament to the enduring power of hope in the face of despair the courage to choose justice over survival *The Dublin University Magazine* ,1863 *Allies of Convenience* Sean Benjamin,2024-10-19 In the Badlands everyone has their own agenda System governments planetary authorities and large corporations want to expand their power wealth and authority They use killing robbing and intimidating as methods of persuasion and governance Slavery has big profits and low overhead The Goldenes Tor Imperial Empire borders the Badlands and play by the same rules while working to annex this wild region The Aurora Empire opposes the Goldenes Tor policy and maintains a small Royal Navy Badlands squadron under the command of Captain Skyler Mallory to dispute their claim Raferty Hawkins captain of the pirate vessel Predator also has an agenda He wants to drive out the hated Goldenes Tor rein in the local governments and big corporations and give local natives control of their own destiny He is quite willing to kill people to achieve these ends With crew members such as Tactical and Baby Doll and the support of Captain Shane Delacruz of Vindictive and the crazy Captain Killian O Hare of Nemesis Hawkins had been fighting the oppressive Badlands forces for years But now the status quo is about to be turned upside down The Orion Confederation is far away with no interest in the Badlands However an Orion squadron has entered the region to destroy Mallory s command as part of a campaign of surprise attacks on the Aurora Empire The Orion squadron and their Goth escort ships make one fatal mistake They destroy a pirate settlement of women and children Now Hawkins and the ships of Pirate Flotilla One ally themselves with Captain Mallory against a common enemy Two forces of unlikely allies maneuver for advantage across a cold dark battlefield The outcome of this campaign will shape the Badlands for decades to come **Between Earth and Paradise** Mike Tomkies,2021-07-06 One man s search for peace and beauty in an increasingly frenetic world has never read so well or so evocatively Eifion Rees Shooting Times Country Magazine After giving up a hectic life as a journalist in Europe and Hollywood in the late 1960s to return to his boyhood love of nature Mike Tomkies moved to Eilean Shona a remote island off the west coast of Scotland There he rebuilt an abandoned croft house and began a new way of life observing nature He tracked foxes and stags made friends with seals and taught an injured sparrow hawk to hunt for itself It was the indomitable spirit of this tiny bird that taught Tomkies what it takes for any of us to be truly free Whether he was fishing growing his own food or battling through stormy seas in a tiny boat he learned that he could survive in the harsh environment This is the astonishing story of daring to take the first step away from urban routines and embracing a harsh yet immensely rewarding way of life which in turn led Tomkies to an even more remote location and inspired an acclaimed series of books on various animals and the challenges and joys of living in remote places The awesome extent of his struggle to build an uncomfortable but self supporting writer s life alone in an isolated crofter s cottage is vividly and lyrically described Sunday Express A
