SKYLARK

Sky - lark, have you an-y-thing to say to me?  
Sky - lark, have you seen a val-ley green with spring,

Won't you tell me where my love can be?  
Where my heart can go a-jour-ney-ing

mist where some one's wait-ing to be  
in, to a blos-som-cov-ered

Am in your lone-ly flight, have-n't you heard the mu-sic  
in the night? Won-d' ful - sic, faint as a "will o' the wisp,"

cra-zy as a loon, sad as a cyp - sy ser-e - nad-ing the moon... Oh,

sky - lark, I don't know if you can find these things, but my heart is rid-ing  
on your wings. So if you see them an-y - where, won't you lead me there?

**The Skylark** Paul Donald, 2010-06-30 The Skylark is one of Britain's most popular and inspirational birds and in recent years it has also been one of the most newsworthy. The species population has plummeted as a consequence of changes in farming practice and the RSPB has launched a major research and fund raising campaign to save the blithe spirit from further decline. This book looks at all aspects of the life of the Skylark from its biology, migratory patterns, breeding behaviour and habitat requirements to its role in legend and folklore. It also discusses its recent rapid decline which has led to the species being placed on the top priority red list of Birds of Conservation Concern by the leading governmental and non-governmental conservation organisations in the UK. Three closely related species, Oriental and Japanese Skylarks and the enigmatic Raso Lark, are also discussed.

**The Skylark's Song** Harriet Segal, 1995-03 As the widow of a 1940s songwriter and her children and grandchildren gather in New York for a salute to the composer, they must cope with crumbling marriages, affairs and scandal.

**Springwatch: Birdtopia** Jack Baddams, 2024-05-09 Did you know that the word swansong comes from an ancient belief that while swans were silent throughout their lives they sang a beautiful song on their deathbed? Or that a group of skylarks is called an exultation? Over the years Springwatch has brought us unforgettable moments featuring our feathered friends from nest cams capturing hatchlings as they emerge from their eggs to red kites soaring majestically in search of prey. Now delve into the ultimate bird lover's companion with expert tips on where to find British bird species and how to identify them alongside avian folklore and favourite stories from the series. Arranged by bird family, Birdtopia includes explanations behind unusual collective nouns for birds, an unkindness of ravens may stem from the nineteenth century belief that these birds turned their young out of the nest to fend for themselves, descriptions of bird calls, the reasons why birds create beautiful murmuration displays and the top places to spot them. Written by Springwatch naturalist and TikTok and Instagram's bird guy Jack Baddams and beautifully illustrated with line drawings, Birdtopia is the perfect gift for any bird lover. And the best thing about it all, we're not talking about birds in some far off land on the other side of the world. These are the ones we can see whenever we step outside our doors. They're right there for everyone. Get out and enjoy them.
