

Slave Patrols

Louis S. Gerteis

Slave Patrols:

Slave Patrols and the Origin of the Police in America Meru El Muad'Dib, 2019-06-20 This book takes a look the origin of policing in the United States and its possible roots in the Slave Patrols of the south during slavery It looks at how the institution has historically dealt with so called Black people It also takes a brief look at the very powerful police unions and how they influence public policy and perception for police

Slave Patrols Sally E. Hadden, 2003-10-30 Obscured from our view of slaves and masters in America is a critical third party the state with its coercive power This book completes the grim picture of slavery by showing us the origins the nature and the extent of slave patrols in Virginia and the Carolinas from the late seventeenth century through the end of the Civil War Here we see how the patrols formed by county courts and state militias were the closest enforcers of codes governing slaves throughout the South Mining a variety of sources Sally Hadden presents the views of both patrollers and slaves as she depicts the patrols composed of respectable members of society as well as poor whites often mounted and armed with whips and guns exerting a brutal and archaic brand of racial control inextricably linked to post Civil War vigilantism and the Ku Klux Klan City councils also used patrollers before the war and police forces afterward to impose their version of race relations across the South making the entire region not just plantations an armed camp where slave workers were controlled through terror and brutality

Madison's Militia Carl T. Bogus, 2023-02-24 In Madison s Militia Carl Bogus illuminates precisely why James Madison and the First Congress included the right to bear arms in the Bill of Rights and the reason will surprise readers This gripping and wide ranging history overturns the conventional wisdom about the Second Amendment showing that the right to bear arms was not about protecting liberty but about preserving slavery

Race and Police Ben Brucato, 2023-09-15 In the United States race and police were founded along with a capitalist economy dependent on the enslavement of workers of African descent Race and Police builds a critical theory of American policing by analyzing a heterodox history of policing drawn from the historiography of slavery and slave patrols Beginning by tracing the historical origins of the police mandate in British colonial America the book shows that the peculiar institution of racialized chattel slavery originated along with a novel binary conception of race On one side for the first time Europeans from various nationalities were united in a single racial category Inclusion in this category was necessary for citizenship On the other Blacks were branded as slaves cast as social enemies and assumed to be threats to the social order The state determined not only that it would administer slavery but that it would regulate slaves authorizing the use of violence by agents of the state and white citizens to secure the social order In doing so slavery citizenship and police mutually informed one another and together they produced racial capitalism a working class defined and separated by the color line and a racial social order Race and Police corrects the Eurocentrism in the orthodox history of American police and in predominating critical theories of police That orthodoxy rests on an origin story that begins with Sir Robert Peel and the London Metropolitan Police Service Predating the Met by more than a century America s first

police often called slave patrols did more than maintain order it fabricated a racial order Prior to their creation all white citizens were conscripted to police all Blacks Their participation in the coercive control of Blacks gave definition to their whiteness Targeted as threats to the security of the economy and white society being policed defined Blacks who for the first time were treated as a single racial group The boundaries of whiteness were first established on the basis of who was required to regulate slaves given a specific mandate to prevent Black insurrection a mandate that remains core to the police role to this day

Our Enemies in Blue Kristian Williams, 2015-08-03 Let's begin with the basics violence is an inherent part of policing The police represent the most direct means by which the state imposes its will on the citizenry They are armed trained and authorized to use force Like the possibility of arrest the threat of violence is implicit in every police encounter Violence as well as the law is what they represent Using media reports alone the Cato Institute's last annual study listed nearly seven thousand victims of police misconduct in the United States But such stories of police brutality only scratch the surface of a national epidemic Every year tens of thousands are framed blackmailed beaten sexually assaulted or killed by cops Hundreds of millions of dollars are spent on civil judgments and settlements annually Individual lives families and communities are destroyed In this extensively revised and updated edition of his seminal study of policing in the United States Kristian Williams shows that police brutality isn't an anomaly but is built into the very meaning of law enforcement in the United States From antebellum slave patrols to today's unarmed youth being gunned down in the streets peace keepers have always used force to shape behavior repress dissent and defend the powerful *Our Enemies in Blue* is a well researched page turner that both makes historical sense of this legalized social pathology and maps out possible alternatives

Slave Patrols Sally E. Hadden, 2003-10-30 This book completes the grim picture of slavery by showing us the origins nature and extent of slave patrols in Virginia and the Carolinas from the late 17th century through the end of the Civil War Here we see how the patrols formed by county courts and state militias were the closest enforcers of codes governing slaves throughout the South

Black Men and Racial Trauma Yamonte Cooper, 2024-02-23 This volume comprehensively addresses racial trauma from a clinical lens equipping mental health professionals across all disciplines to be culturally responsive when serving Black men Written using a transdisciplinary approach Yamonte Cooper presents a Unified Theory of Racism UTR Integrated Model of Racial Trauma IMRT Transgenerational Trauma Points TTP Plantation Politics Black Male Negation BMN and Race Based Shame RBS to fill a critical and urgent void in the mental health field and emerging scholarship on racial trauma Chapters begin with specific definitions of racism before exploring specific challenges that Black men face such as racial discrimination and health trauma criminalization economic deprivation anti Black misandry and culturally specific stressors emotions such as shame and anger and coping mechanisms that these men utilize After articulating the racial trauma of Black men in a comprehensive manner the book provides insight into what responsive care looks like as well as clinical interventions that can inform treatment approaches This book is invaluable reading for all established and training

mental health clinicians that work with Black men such as psychologists marriage and family therapists social workers counselors and psychiatrists

We the Black People: Untold Truths of Black American History Jude A. Elliott, 2025-05-17 It is important to the survival of a people their culture to have an accurate complete account of their history For way too long in United States History African Americans have been subjected to whitewashing segmented telling of their history until now We the Black People Untold Truths of Black American History changes this We begin at 1441 tell as comprehensive a story about the plight of Africans in the New World United States through the present We cover well known little known topics as well as analyze the role of white supremacy in the struggle for African Americans throughout the history of the United States Despite the challenges there were many successes in the Black Experience We the Black People is a book long overdue to expose the American citizenry to an aspect of its history long overlooked

Policing Carol A. Archbold, Carol M. Huynh, Thomas Mrozla, 2021-09-14 Offering a brief accessible and timely introduction Policing The Essentials hones in on core concepts and provides strong coverage on the foundations of policing Authors Carol A Archbold Carol M Huynh and Thomas Mrozla use contemporary scholarship to focus on the current climate of policing and criminal justice crafting one of the most diverse and inclusive books for the policing course With a unique chapter on police effectiveness and community policing plus ample opportunities for critical thinking and application by the reader Policing The Essentials offers a close examination of what matters in policing today and provides students with the key information they need to understand modern policing practices in our society

Police in America Steven G. Brandl, 2020-01-07 Grounded in evidence based research Police in America provides a comprehensive and realistic introduction to modern day policing in the United States This reader friendly text helps students understand best practices in everyday policing and think critically about the many misconceptions of police work Author Steven G Brandl draws from his experience with law enforcement to emphasize the positive aspects of policing without ignoring its controversies Brandl tackles important topics that center on one question What is good policing Included are discussions of discretion police use of force and tough ethical and moral dilemmas giving students a deeper look into the complex issues of policing to help them think more broadly about its impact on society This title is accompanied by a complete teaching and learning package

Policing Carol Archbold, 2012-10-17 The free open access Student Study Site at sagepub com archbold features eFlashcards self quizzes Sage journal articles web resources video and audio links and more Book Jacket

Accommodating Revolutions Albert H. Tillson, 2010-02-02 Accommodating Revolutions addresses a controversy of long standing among historians of eighteenth century America and Virginia the extent to which internal conflict and or consensus characterized the society of the Revolutionary era In particular it emphasizes the complex and often self defeating actions and decisions of dissidents and other non elite groups By focusing on a small but significant region Tillson elucidates the multiple and interrelated sources of conflict that beset Revolutionary Virginia but also explains why in the end so little changed In the Northern Neck the six county portion of Virginia s Tidewater lying

between the Potomac and Rappahannock rivers Tillson scrutinizes a wealthy and powerful but troubled planter elite which included such prominent men as George Washington Richard Henry Lee Landon Carter and Robert Carter Throughout the late eighteenth and early nineteenth centuries the Northern Neck gentry confronted not only contradictions in cultural ideals and behavioral patterns within their own lives but also the chronic hostility of their poorer white neighbors arising from a diverse array of local economic and political issues These insecurities were further intensified by changes in the system of African American slavery and by the growing role of Scottish merchants and their Virginia agents in the marketing of Chesapeake tobacco For a time the upheavals surrounding the War for American Independence and the roughly contemporaneous rise of vibrant biracial evangelical religious movements threatened to increase popular discontent to the point of overwhelming the gentry's political authority and cultural hegemony But in the end the existing order survived essentially intact In part this was because the region's leaders found ways to limit and accommodate threatening developments and patterns of change largely through the use of traditional social and political appeals that had served them well for decades Yet in part it was also because ordinary Northern Neckers including many leaders in the movements of wartime and religious dissidence consciously or unconsciously accommodated themselves to both the patterns of economic change transforming their world and to the traditional ideals of the elite and thus were unable to articulate or accept an alternative vision for the future of the region

Exploring Criminal Justice Robert M. Regoli, John D. Hewitt, Anna E. Kosloski, 2016-09-13 The ideal introductory criminal justice text book *Exploring Criminal Justice The Essentials Third Edition* examines the relationships between law enforcement corrections law policy making and administration the juvenile justice system and the courts

Crossing the Line (Revised Edition) Sarah Towle, 2025-09-30 Harnessing the emotional truth narrative power and moral vision of Morrison Kingsolver and Zinn Sarah Towle's urgent and evocative journey of discovery reveals how the US immigration system evolved into a weapon to drive democracy into crisis 2024 Nonfiction Book Award Gold Medal Winner 2024 CIBA Nellie Bly Award First Place Winner for Journalistic Nonfiction 2025 RFK Human Rights Book Award Nominee A SocialJusticeBook.org featured book for Teaching About Immigration It was family separation and kids in cages that drove Sarah Towle to the US southern border On discovering the many headed hydra that is the US immigration system and the heroic determination of those caught under its knee she could never look away again *Crossing the Line Finding America in the Borderlands* charts Sarah's journey from outrage to activism to abolition as she exposes layer by broken layer the global deterrence to detention to deportation complex that is failing everyone save the profiteers and demagogues who benefit from it Deftly weaving together oral storytelling history and memoir Sarah illustrates how the US has led the retreat from post WWII commitments to protecting human rights Yet within the web of normalized cruelty she finds hope and inspiration in the extraordinary acts of ordinary people who prove every day there is a better way By amplifying their voices and celebrating their efforts Sarah reveals that we can welcome with dignity those most in need of

safety and compassion In unmasking the real root causes of the so called crisis in human migration she urges us to act before we travel much farther down our current course one which history will not soon forgive or forget Encyclopedia of the New American Nation Paul Finkelman,2006 Presents a three volume encyclopedia of the history of the new American nation and contains over six hundred alphabetically arranged articles covering major events and issues from 1754 to 1829 **Slave Law in the American South** Mark V. Tushnet,2003 Tying together legal historical social political and literary strands to show how the law itself was implicated in the persistence of slavery this work sheds new light on slavery and Southern history as it probes the conscience of a troubled jurist incapable of fully transcending his times **Civil War St. Louis** Louis S. Gerteis,2001 St Louis played a key role as a strategic staging ground for the Union Army in the American Civil War This is a portrait of a war torn city encompassing a wide range of events such as the murder of publisher Elijah Lovejoy the infamous Dred Scott saga battles in the city and more **Policing Perspectives** Larry K. Gaines,Gary W. Corder,1999
 The Southern Historian ,2001 *Journal of American Studies* ,2005
