Stella Does Hollywood:

Stella Does Hollywood Stella Black, 2001 *Hollywood Remaking* Kathleen Loock, 2024-03-26 From the inception of cinema to today's franchise era remaking has always been a motor of ongoing film production Hollywood Remaking challenges the categorical dismissal in film criticism of remakes sequels and franchises by probing what these formats really do when they revisit familiar stories Kathleen Loock argues that movies from Hollywood's large scale system of remaking use serial repetition and variation to constantly negotiate past and present explore stability and change and actively shape how the film industry cinema and audiences imagine themselves Far from a simple profit making exercise remaking is an inherently dynamic practice situated between the film industry's economic logic and the cultural imagination Although remaking developed as a business practice in the United States this book shows that it also shapes cinematic aesthetics and cultural debates fosters film historical knowledge and promotes feelings of generational belonging among audiences

Hollywood or History? Lisa K. Pennington, Donna Fortune, Mary E. Tackett, Paige Horst, Meghan A. Kessler, 2024-09-01 Teaching and learning through Hollywood or commercial film and television productions is anything but a new approach and has been something of a mainstay in the classroom for nearly a century However purposeful and effective instruction through film is not problem free and there are many challenges that accompany classroom applications of Hollywood motion pictures In response to the problems and possibilities associated with teaching through film we are developing a collection of practical classroom ready lesson ideas that might bridge gaps between theory and practice and assist teachers endeavoring to make effective use of film in their classrooms We believe that film can serve as a powerful tool in the social studies classroom and where appropriately utilized foster critical thinking and civic mindedness The NCSS College Career and Civic Life C3 framework represents a renewed and formalized emphasis on the perennial social studies goals of deep thinking reading and writing We believe that as teachers endeavor to digest and implement the platform in schools and classrooms across the country the desire for access to structured strategies that lead to more active and rigorous investigation in the social studies classroom will grow increasingly acute Our hope is that this edited book might play a small role in the larger project of supporting practitioners specifically K-6 teachers of social studies content by offering a collection of classroom ready tools based on the Hollywood or History strategy and designed to foster inquiry through the careful use of selected motion pictures and television productions
