Stendhal: Fiction and the Themes of Freedom, By Victor Brombert Victor Brombert,1968     Stendhal Roger

Pearson,2014-09-11 Both critic and writer Stendhal has now become established as one of realism s founding fathers Dr Pearson s book maps out for the first time the critical reception of Stendhal s two most widely read novels The Red and the Black and The Charterhouse of Parma since their publication in 1830 and 1839 respectively In part one he provides generous samples of the most important nineteenth century responses to the novels almost all of them translated into English for the first time Part two presents a full range of the most authoritative and influential readings since 1945 which illustrate a wide variety of critical approaches     **Stendhal** Victor Brombert,2018-03-09 Victor Brombert is a lion in the study of French literature and in this classic of literary criticism he turns his clear and perspicacious gaze on the works of one of its greatest authors Stendhal Best remembered for his novels The Red and the Black and The Charterhouse of Parma Stendhal is a writer of extraordinary insight into psychology and the many shades of individual and political liberty Brombert has spent a lifetime reading and teaching Stendhal and here by focusing on the seemingly contradictory themes of inner freedom and outer constraint within Stendhal s writings he offers a revealing analysis of both his work and his life For Brombert Stendhal s work is deeply personal elsewhere he has written about the myriad connections between Stendhal s ironic inquiries into identity and his own boyhood in France on the brink of World War II Proceeding via careful and nuanced readings of passages from Stendhal s fiction and autobiography Brombert pays particular attention to style tone and meaning Paradoxically Stendhal s heroes often feel most free when in prison and in a statement of stunning relevance for our contemporary world Brombert contends that Stendhal is far clearer than any writer before him on the crisis and contradictions of modern humanism that render political freedom illusory Featuring a new introduction in which Brombert explores his earliest encounters with Stendhal the beginnings of his affair during a year spent as a Fulbright scholar in Rome Stendhal remains a spirited elegant and resonant account     Stendhal: The Red and the Black Stirling Haig,1989-06-22 Stendhal s great novel The Red and the Black published in 1830 is seen as one of the most distinguished monuments of literary realism In this introductory study Stirling Haig shows how this realism derives from the incorporation of both history and legal reportage into the novel and how it combines autobiography with mimesis Professor Haig locates the novel in the context of Stendhal s own experiences as a Commissariat officer in the Napoleonic army journalist opera lover salon dandy and traveller in Italy and Restoration France and highlights the constant inter penetration of personal documentary and fictional elements in Stendhal s writings     Stendhal Harold Bloom,2009 Each new volume is a biographical and critical review of one of the world s most important writers with expert analysis by Harold Bloom     Freedom's Moment Paul M. Cohen,2007-12-01 What kind of freedom and what kind of individual has the French Revolutionary tradition sought to

propagate Paul Cohen finds a distinctly French articulation of freedom in the texts and lives of eight renowned cultural critics who lived between the eighteenth century and the present day Arranged not according to the lives and times of its protagonists but to the narrative themes and structures they held in common Cohen's study discerns a single master narrative of liberty in modern France He captures these radicals whose tradition bids them to resist the authority of power structures and public opinion They denounce bourgeois and utilitarian values the power of Church and State and the corrupting influence of everyday politics and they dream of a revolutionary rupture a fleeting instant of sometimes violent but always meaningful transgression An eloquent and insightful work on French political culture *Freedom's Moment* also helps explain how France even as it has oscillated between political stagnation and crisis has held onto its faith that liberty equality and fraternity remain within its grasp Examines the ideas of Rousseau Robespierre Stendahl Michelet Bergson Peguy Sartre and Foucault

*A World Abandoned by God* Susanna Lee, 2006 The idea of God in one form or another is a fundamental part of human experience a given almost And yet for over one hundred and fifty years we have lived in a world become increasingly secular The goal of this book is to reconcile these facts or rather to examine their interaction and in so doing to understand the idea and the experience of secularism Concentrating on five canonical French and Russian novels of the nineteenth century Stendahl's *The Red and the Black* Gustave Flaubert's *Madame Bovary* Ivan Turgenev's *A Nest of Gentry* Jules Barbey d'Aureville's *Bewitched* and Fyodor Dostoevsky's *Demons* and using the instruments of narrative theory this book offers a groundbreaking critical foundation for understanding both the evolution of secular culture and the new role of the individual in modern ethical political and spiritual contexts

*The Order of Mimesis* Christopher Prendergast, 1988-10-28 Drawing on a range of theoretical perspectives developed in and around the work of Barthes Kristeva Genette and Derrida Dr Prendergast explores approaches to the concept of mimesis and relates these to a number of narrative texts produced in the period which literary history familiarly designates as the age of realism

**The Strange Liberalism of Alexis de Tocqueville** Roger Boesche, 2019-05-15 The Strange Liberalism of Alexis de Tocqueville places Tocqueville's political thought in the context of his time and place and shows why his ideas defy easy classification Responding to the twentieth century tendency to impose anachronistic political categories on Tocqueville Roger Boesche reminds us that like Stendhal Balzac Hugo Lamartine Flaubert and other writers of

his generation he was a nineteenth century Frenchman reacting to contemporary French concerns aspirations and anxieties

*Stendhal: Education of a Novelist* Strickland,1974-08-15      **The Romantic Prison** Victor H. Brombert,2015-03-08

Prison haunts our civilization writes Victor Brombert Object of fear it is also a subject of poetic reverie Focusing on French literature of the Romantic era the author probes the manifold significance of imprisonment as symbol and metaphor of the human condition His thematic exploration draws on a constellation of writers ranging from the Platonic and Christian traditions to the Existentialist generation Professor Brombert points out that nineteenth and twentieth century literature endowed the prison image with unusual prestige and he examines the historical and social reasons After considering the influence of Pascal and of the myth of the Bastille he closely analyzes the work of Borel Stendhal Victor Hugo Nerval Baudelaire Huysmans and Sartre with excursions into texts by Byron Dostoevsky Kafka Solzhenitsyn Sade and others His approach reflects a concern with the interaction of literature historiography and popular myth This imaginative treatment deepens our understanding of Romanticism and its favored themes It offers fresh thoughts as well about modern man s dialectical tensions between oppression and inner freedom fate and revolt and the awareness of the finite and the longing for infinity A wide ranging conclusion speculates about the future of the prison theme in a world that has been threatened by extermination camps Originally published in 1978 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905      *The Multiple Self* Jon

Elster,1987-07-31 Considers how the hypotheses of a multiple self can deal with the problems of self deception and weakness of will and how the conceptual tools developed in the study of interpersonal conflict can be applied      **Waterloo and the**

**Romantic Imagination** Philip Shaw,2002-07-23 Waterloo and the Romantic Imagination offers a new and challenging look at the cultural significance of the Battle of Waterloo and the impact it had on British Romantic culture Drawing on a range of approaches it aims to redefine the Romantic period as an age of inter and intra national conflict thus overturning conventional notions of The Romantic Project and re writing the period from first principles Topics covered include the impact of Waterloo on Romantic ideas of individual and national identity the representation of the dead and wounded in poetry painting and prose the work of canonical and non canonical poets      **Dostoevsky** Joseph Frank,2012-08-26 A

magnificent one volume abridgement of one of the greatest literary biographies of our time Joseph Frank s award winning five volume Dostoevsky is widely recognized as the best biography of the writer in any language and one of the greatest literary biographies of the past half century Now Frank s monumental 2 500 page work has been skillfully abridged and condensed in this single highly readable volume with a new preface by the author Carefully preserving the original work s

acclaimed narrative style and combination of biography intellectual history and literary criticism Dostoevsky A Writer in His Time illuminates the writer's works from his first novel Poor Folk to Crime and Punishment and The Brothers Karamazov by setting them in their personal historical and above all ideological context More than a biography in the usual sense this is a cultural history of nineteenth century Russia providing both a rich picture of the world in which Dostoevsky lived and a major reinterpretation of his life and work

The Doctor-Patient Relationship and the Nineteenth-Century French Novel Sarah Jones, 2025-03-29 The Doctor Patient Relationship and the Nineteenth Century French Novel analyses the representation of the doctor patient relationship in the nineteenth century French novel notably in the words of Balzac Sand Stendhal and Zola It argues that the doctor patient relationship is represented in these novels as a site of interpersonal negotiation wherein the meaning of medical authority embodied experience and the spectre of illness and pain are mediated and reimaged This book highlights how the doctor patient relationship is often idealized by the novel wherein the doctor is characterised as a both dedicated to his patients and local community as well as being a God like master of life death and medical knowledge The volume suggests that the doctor patient encounter is often depicted as a separate although inherently related concept that undermines this idealisation of medical relationships The doctor patient encounter thereby questions the hegemonic power of medical practitioners over their patients by pointing towards how novels depict patients as resisting and even manipulating their doctors The book identifies and explores other important themes within the doctor patient relationship such as the medical gaze regard m dical power relationships and the use of embodied metaphor In particular the book highlights how the doctor patient relationship is often a confrontation between scientific knowledge and the experience of gender and disability The book's conceptual framework is derived from the critical medical humanities and the volume revitalises and reframes the doctor patient relationship by considering the intrinsic slippage between idealised relationships and critical encounters The book uses close readings of its corpus to understand how medical practice is debated and undermined concurrently with its idealisation It places literary works within a new historical context by reading across novels within their medical and scientific context and situates them for the first time in the intellectual context of the critical medical humanities The book points forward to how nineteenth century French novels can reform how the critical medical humanities views the medical relationship and the potential impact on real world patients

*The ^ANovel and the Globalization of Culture* Michael Valdez Moses, 1995-05-25 Bringing together canonical European authors with authors from the Third World this book analyzes the emergence of the modern global novel and the way it mirrors the underlying process of cultural globalization Through detailed readings of Stendhal Hardy Conrad Achebe and Vargas Llosa this study reveals how the spread of Western modernity materially and culturally has been shadowed by the destruction of traditional societies These novels focus on the individual tragedies of those who represent pre modern ways of life in the process offering a corrective to Hegel's abstruse philosophy of history From rural Victorian England to the Malay Archipelago and from the

Igbo heartland in Africa to the backlands of Brazil a global narrative unfolds one where the forces of modernization clash with the defenders of traditional society Moses contributes to the ongoing debate on Alexandre Kojve and the end of history while at the same time moving beyond sterile oppositions canonical versus non canonical works formal literary criticism versus political historical critique With its new conceptualization of modernity and globalization this book will interest the literary scholar cultural critic social scientist and political theorist
