Step Into Winter:

Step into Nature Patrice Vecchione, 2015-03-31 Step outside your door and reconnect with nature From the author of *Writing and the Spiritual Life* comes a guide that will replenish your connection to the earth and inspire you to develop and strengthen your imagination The natural world has inspired artists seekers and thinkers for millennia but in recent times as the pace of life has sped up its demands have moved us indoors Yet nature's capacity to lead us to important truths to invigorate and restore our imagination and equilibrium is infinite Step into Nature makes nature personal again by stimulating awareness and increasing our understanding of the environment But being in nature doesn't mean flying off to remote faraway places Nature is as close as opening your front door and opening your heart to the sky above the miniature gardens that push their way up between the sidewalk cracks in our cities and the small stream just down the road Patrice Vecchione demonstrates how nature can support and enhance your creative output invigorate your curiosity and restore your sense of connection to and love of the earth Included throughout the book is *The Cabinet of Curiosities* exercises and suggestions for practical and unexpected ways to stimulate your imagination deepen your relationship with nature and experience the harmony between creativity and the natural world

Out of Step, into You Ciera Burch, 2025-05-20 A perfectly angsty second chance romance Dahlia Adler award winning author of *Cool for the Summer* and *Home Field Advantage* *Out of Step into You* is a sapphic contemporary romance following childhood friends turned cross country team rivals who are forced to work together to win the state championship for fans of Kelly Quindlen and Rachael Lippincott You can't outrun love Taylor and Marianna were each other's whole world best friends running partners practically sisters until Marianna moved away and Taylor promptly ghosted her When the former best friends turned rivals end up on the same cross country team three years later everything is a competition and a reminder of old feelings as well as blossoming new ones Marianna runs because she's angry The oldest child of a single mother she knows all about responsibility for her siblings at her part time job She just has to stay focused and be faster than the past nipping at her heels if she wants to secure a new brighter future With or without Taylor Taylor runs to prove herself The only child of a Division 1 athlete she's no stranger to high expectations With enough effort she knows she can immortalize herself with a state record and make her parents proud Then she can discover her own passion She definitely doesn't have time to untangle her feelings towards Mari Can this pair figure out a way to work together before their past catches up with them

Seclusion on Winter's Fury Tim Means, Logan Lilly, 2012-09 Winter's Fury and her crew on a government funded and mandated exploration mission have been traveling farther and farther into space for the past twenty years searching for alien life that most of them have come to believe doesn't even exist Those beliefs all change when they are hit by an asteroid and something stealthy invisible and deadly boards the ship One by one crew members start to die and one by one they start to suspect everyone on board may not be what they seem Will anyone survive the new terror Will anyone want to Authors Logan Lilly and Tim Means have written a dark disturbing commentary on the nature of humanity and how greed affects that nature How far will the human race push itself to know the unknown To be number one To make sure it's number one

Bison management for the state of Montana and Yellowstone National Park final environmental impact statement. , *Climatic Changes Since 1700* Stefan Brönnimann, 2015-10-19 The proposed book is not only a tribute to the work of Brückner and indeed also a personal tribute since Brückner wrote his book at the Institute of Geography of the University of Bern but references to Brückner's book are also a conceptual tool in the proposed book though used sparingly and thoughtfully Apart from providing historical context references may facilitate introducing some complex topics for instance by first presenting Brückner's view and then complementing the picture with today's understanding References can be used for contrast Comparing Brückner's methods and data with today's research concepts makes the progress in the field easily understandable The enormous growth of information since Brückner's time allows a much more detailed perspective on some scientific problems Or references can be used to highlight similarity Some aspects have not changed over time Finally the book complements Brückner's studies by adding the arguably most interesting and certainly most relevant period the past 120 years
