Stephen Spender And The Thirties:

Stephen Spender and the Thirties Andrew Kingsley Weatherhead, 1975 *Rewriting the Thirties* Keith Williams, Steven Matthews, 2014-09-25 *Rewriting the Thirties* questions the myth of the anti modernist decade Conversely the editors argue it is a symptomatic transitional phase between modern and post modern writing and politics at a time of cultural and technological change The text reconsiders some of the leading writers of the period in the light of recent theoretical developments through essays on the ambivalent assimilation of Modernist influences among proletarian and canonical novelists including James Barke and George Orwell and among poets including Auden MacNeice Swingler and Bunting and in the work of feminist writers Vera Brittain and Winifred Holtby In this substantial remapping the complexity and scope of literary critical debate at the time is discussed in relation to theatrical innovation audience attitudes to the mass medium of modernity cinema the poetics of suburbia consumerism and national ideology as well as the discursive strategies of British and American documentarism *The Politics of 1930s British Literature* Natasha Periyar, 2018-06-14 Winner of the 2018 International Standing Conference for the History of Education s First Book Award Drawing on a rich array of archival sources and historical detail *The Politics of 1930s British Literature* tells the story of a school minded decade and illuminates new readings of the politics and aesthetics of 1930s literature In a period of shifting political claims educational policy shaped writers social and gender ideals This book explores how a wide array of writers including Virginia Woolf W H Auden George Orwell Winifred Holtby and Graham Greene were informed by their pedagogic work It considers the ways in which education influenced writers analysis of literary style and their conception of future literary forms *The Politics of 1930s British Literature* argues that to those perennial symbols of the 1930s the loudspeaker and the gramophone should be added the textbook and the blackboard *Women, Modernism and British Poetry, 1910-1939* Jane Dowson, 2017-03-02 Primarily a literary history *Women Modernism and British Poetry 1910 1939* provides a timely discussion of individual women poets who have become or are becoming well known as their works are reprinted but about whom little has yet been written This volume recognizes the contributions overlooked previously of such British poets as Anna Wickham Nancy Cunard Edith Sitwell Mina Loy Charlotte Mew May Sinclair Vita Sackville West and Sylvia Townsend Warner and the impact of such American poets as H D Amy Lowell Edna St Vincent Millay Marianne Moore and Laura Riding on literary practice in Britain This book primarily maps the poetry scene in Britain but identifies the significance of the network of writers between London New York and Paris It assesses women s participation in the diversity of modernist developments which include avant garde experiments quiet but subtly challenging formalism and assertive new woman voices It not only chronicles women s poetry but also their publications and involvement in running presses bookshops and writing criticism Although historically situated it is written from the perspective of contemporary debates concerning the interface of gender and modernism The author argues that a cohering aesthetic of the poetry is a denial of femininity through various evasions of gendered identity such as

masking male and female impersonations and the rupturing of realist modes

held the Congress together Michael Josselson the Congress's indispensable manager and secretly a long time CIA agent This book fills that gap Using a wealth of archival research and interviews with many of the figures associated with the Congress this book sheds new light on how the Congress came into existence and functioned both as a magnet for prominent intellectuals and as a CIA operation This book will be of much interest to students of the CIA Cold War History intelligence studies US foreign policy and International Relations in general Men and Women Writers of the 1930s Janet
