Cahn,Joan Heifetz Hollinger,2004-02 Families by Law provides undergraduates as well as law social welfare public policy graduate students and others interested in family relationships with a multifaceted analysis of how adoptive families as the product of law rather than blood have become a focal point for

debates about the meaning of family the rights and responsibilities of parents and the best interests of children From publisher s description *Courting Change* Kimberly D. Richman,2010-11 This work examines the inconsistencies in judicial decisions surrounding the rights of gay and lesbian parents and discusses how those inconsistencies have had a negative impact on same sex parenting and families Drawing on every recorded judicial decision in gay and lesbian adoption and custody cases over the last fifty years the author demonstrates how parental and sexual identities are formed and interpreted in law and how gay and lesbian parents can harness indeterminacy to transform family law **Equality for Same-Sex**

Couples Yuval Merin,2010-02-15 During the past three decades nations all over the world have been debating whether to allow same sex couples to marry or at least grant these couples various rights associated with marriage In *Equality for Same Sex Couples* Yuval Merin presents the first comparative study of the legal regulation of same sex partnerships worldwide as well as a unique survey of the status of same sex couples in Europe Merin begins by providing a historical overview of the transformation of marriage from antiquity to the present He then identifies and critically compares four principal models for the legal regulation and recognition of same sex partnerships civil marriage registered partnership domestic partnership and cohabitation Merin concludes that all of the models except civil marriage discriminate against gays and lesbians just as the separate but equal doctrine discriminated against African Americans thus so called alternatives to marriage even if they provide the same rights and benefits as marriage are inherently unequal and therefore unconstitutional **A Legal History**

of Adoption in Ontario, 1921-2015 Lori Chambers,2016-09-23 Lori Chamber s fascinating study explores the legal history of adoption in Ontario since the passage of the first statute in 1921 This volume explores a wide range of themes and issues in the history of adoption including the reasons for the creation of statutory adoption the increasing voice of unmarried fathers in newborn adoption the reasons for movement away from secrecy in adoption the evolution of step parent adoption the adoption of Indigenous children and the growth of international adoption Unlike other works on adoption this book focuses explicitly on statutes statutory debates and the interpretation of statutes in court In doing so she concludes that adoption is an inadequate response to child welfare and on its own cannot solve problems regarding child neglect and abuse Rather Chambers argues that in order to reform the area of adoption we must first acknowledge that it is built upon social inequalities within and between nations
