*Refugee Pathways to Freedom* Janet

Mancini Billson, 2024-03-18 Janet Mancini Billson provides extended interviews with Russian Bhutanese Rohingya and Kurdish refugees and the resettlement workers who smooth their transition into Canada in order to paint a complex picture of creating a new life in a new land Refugee Pathways to Freedom Escaping Persecution and Statelessness shows how the agonies of losing one's home and leaving loved ones behind are coupled with the dangers of escaping into unknown territory and that those who make the journey to freedom know that the dream of a safe and secure future is fraught with risks and disappointment She argues that refugees and refugee agencies bring powerful ideas for revamping an overwhelmed global system that freezes victims of persecution in years of political and emotional limbo She examines how shrinking refugee flows by addressing root causes of displacement is critical but so is speeding up selection processes to reduce despair and lost years She further posits that drastically limiting time in refugee camps would prevent counterproductive education and work gaps and that reducing language barriers to employment ensures well being and successful integration

**The Path to Personal Freedom** Frederick A. Patchen, 2009-12-10 What I share in this book is my mission in life That is why I refer to myself as a missionary There is a second reason for this idea I believe that we each have a sage who lives within our spiritual being in life It is as if this sage cannot be found because of the fog of day to day living We must learn how to be quiet and listen to our own heart in understanding that we can identify those things around us that are positive at all times Each of us has a voice that some call a conscience some call a guide and some call an angel It is something intelligent

that looks out for us and lets us know if we are getting into trouble along the way I very deeply feel that this inner sage also has a mission This sage is our own inner missionary However this inner missionary is unlike any you may have heard of in the world around us This missionary will never infringe It teaches by the example I want to share with each of you We must learn the power of not infringing on others or allowing them to infringe upon us As this is their mission they will not infringe upon any choice you make in life They allow you to experience the result of that choice on your own in order that you might learn that different choices bring different results into our life I will use the word sage and missionary interchangeably throughout this book
