Steroid Hormones and the T-Cell Cytokine Profile G.A.W. Rook,S. Lightman,2012-12-06 The fact that certain adrenal steroid hormones are immunosuppressive and anti inflammatory has been known for many years However new information has led to the possibility of immunoregulatory steroids being used by physicians in novel ways This book details these new therapies which could revolutionise the treatment of certain Th2 mediated diseases such as asthma It provides an overview of these new concepts starting with how the immune response triggers adrenal steroid production and finishing with in vivo models of infection and autoimmunity that demonstrate the clinical importance of these new insights into the physiological control of glucocorticoid function The information contained is mostly very new some of it previously unpublished and will open up new horizons for immunologists endocrinologists physiologists cell biologists and clinicians *Steroid Hormones and the T-Cell Cytokine Profile* G. A. W. Rook,S. Lightman,1997-11-13 Successful Drug Discovery, Volume 3 János Fischer,Christian Klein,Wayne E. Childers,2018-04-16 With its focus on drugs so recently introduced that they have yet to be found in any other textbooks or general references the information and insight found here makes this a genuinely unique handbook and reference Following the successful approach of the previous volumes in the series inventors and primary developers of successful drugs from both industry and academia tell the story of the drug s discovery and describe the sometimes twisted route from the first drug candidate molecule to the final marketed drug The 11 case studies selected describe recent drugs ranging across many therapeutic fields and provide a representative cross section of present day drug developments Backed by plenty of data and chemical information the insight and experience of today s top drug creators makes this one of the most useful training manuals that a junior medicinal chemist may hope to find The International Union of Pure and Applied Chemistry has endorsed and sponsored this project because of its high educational merit
