**Introduction to Conflict Resolution** Sara Cobb, Sarah Federman, Alison Castel, 2019-07-02 The field of conflict resolution has evolved dramatically during the relatively short duration of the discipline s existence Each generation of scholars has struggled with the major puzzles of their era providing theories and solutions that meet the needs of the time only to be pushed forward by new insights and at times totally upended by a changing world This introductory course text explores the genealogy of the field of conflict resolution by examining three different epochs of the field each one tied to the historical context and events of the day In each of these

epochs scholars and practitioners worked to understand and address the conflicts that the world was facing at that time This book provides a framework that students will carry with them far into their careers enriching their contributions and strengthening their voices Rather than a didactic approach to the field students will develop their critical analytical skills through an inductive inquiry Students will broaden their vocabulary grapple with argumentation and develop critical reading skills

Daarnaast hebben belangrijke regisseurs zoals Buster Keaton John Grierson en Alain Resnais aan deze films meegewerkt Toch lijkt de industriële film geen spoor te hebben achtergelaten in het filmische culturele discours *Films that Work* is het eerste boek waarin de industriële film en zijn opmerkelijke geschiedenis worden onderzocht
