Whitfield,2023-06-20 The influence of Chan master Dahui Pujue 1089 1163 CE one of the most distinguished Chan masters of the Song dynasty whose authority also spread to Korea and Japan is still felt today He is remembered for the method of focussing meditative attention on the key phrase of a koan kan huatou and was a lively critic of silent illumination Chan His letters reveal a deep compassion for the ordained and laity alike Translated by Randolph S Whitfield **Dream Time with Children** Brenda Mallon,2002 Children may not understand where their dreams come from especially when they experience terrifying nightmares that stop them being able to sleep and frighten them when they are awake Accessible and fun to use this guide gives a step by step account of how to understand and interpret children s dreams *Healing from the Dilly Bag* Bilawara Lee,2013-03-28 Healing from the Dilly Bag Bilawaras book offers information to help you get a better understanding of Australian Aboriginal peoples deep connection to Mother Earth and their beliefs about health and wellbeing She will share with you her wisdoms to help you achieve an increased empathy for the Aboriginal peoples psyche and how they traditionally overcome the effects of illness and injury The book carries Bilawaras message from her knowledge and teachings as a spiritual healer She will share with you information on how she uses her knowledge and skills from ancient traditional teaching in a contemporary world Holistic spiritual healing treats your body soul and spirit This is different from western medicine which focuses on parts of the body and mind but ignores the spirit expecting patients to seek spiritual healing from their religious and cultural organisations Spiritual healing aims to restore balance for each person in their body soul and spirit **Art Without Borders** Ben-Ami Scharfstein,2009-08-01 People all over the world make art and take pleasure in it and they have done so for millennia But acknowledging that art is a universal part of human experience leads us to some big questions Why does it exist Why do we enjoy it And how do the world s different art traditions relate to art and to each other Art Without Borders is an extraordinary exploration of those questions a profound and personal meditation on the human hunger for art and a dazzling synthesis of the whole range of inquiry into its significance Esteemed thinker Ben Ami Scharfstein s encyclopedic erudition is here brought to bear on the full breadth of the world of art He draws on neuroscience and psychology to understand the way we both perceive and conceive of art including its resistance to verbal exposition Through examples of work by Indian Chinese European African and Australian artists Art Without Borders probes the distinction between accepting a tradition and defying it through innovation which leads to a consideration of the notion of artistic genius Continuing in this comparative vein Scharfstein examines the mutual influence of European and non European artists Then through a comprehensive evaluation of the world s major art cultures he shows how all of these individual traditions are gradually but haltingly conjoining into a single current of universal art Finally he concludes by looking at the ways empathy and intuition can allow members of one culture to appreciate the art of another Lucid learned and incomparably rich in thought and detail Art Without Borders is a monumental accomplishment on par with the artistic achievements Scharfstein writes about so lovingly in its pages David Malouf Don Randall,2013-07-19 Don Randall s

comprehensive study situates Malouf within the field of contemporary international and postcolonial writing but without losing sight of the author's affiliation with Australian contexts. The book presents an original reading of Malouf, finding the unity of his work in the continuity of his ethical concerns: for Malouf, human lives find their value in transformations, specifically in instances of self-overcoming that encounters with difference or otherness provoke. However, the book is fully aware of and informed by the quite ample body of criticism on Malouf and thus provides readers with a broad-based understanding of how Malouf's works have been received and assessed. It is an effective companion volume for studies in postcolonial or Australian literature for any study project in which Malouf figures prominently.
