Knud Illeris

Teaching Elementary Students Through Their Individual Learning Styles Practical Approach:

Teaching Students Through Their Individual Learning Styles Rita Dunn, Kenneth J. Dunn, 1978 **Teaching Young Children Through Their Individual Learning Styles** Rita Dunn, Janet Perrin, 1994 Focuses on the educational needs of K 2 students and specific strategies for identifying their individual learning styles It details thorough instructions on how to develop a comprehensive reading program that successfully matches the appropriate reading approach to the individual student s needs It contains a thorough analysis of the 21 elements of learning style and the methods for recognizing them Details for redesigning classrooms and use of materials to accommodate the physiological emotional and sociological strengths of each student are explored It also contains newly developed resources and age appropriate samples and examples Kindergarten through second grade teachers who are interested in teaching students through their individual learning styles A Longwood Professional Book *Teaching Elementary Students Through Their Individual Learning Styles* Rita Dunn, Kenneth J. Dunn, 1992 Teaching Students Through Their Individual Learning Styles Rita Stafford Dunn, Kenneth J. Dunn, 1978 **Teaching Students Through Their Individual Learning Styles** ,1995* Practical Approaches to Using Learning Styles in Higher Education Rita Dunn, Shirley A. Griggs, 2000-04-30 Dunn and Griggs challenge the traditional instructional process of lecture discussion in college classroom and describe the theory practice and research that support a wider variety of approaches to better accommodate the learning style preferences of each student Twenty five practitioners from varied backgrounds and disciplines representing 14 colleges and universities outline alternative strategies they use with diverse students in their institutions of higher education Some of these practitioners have been using learning style for decades Others have conducted research to test the various tenets of the Dunn and Dunn Learning Style Model and a few only for the past five years have begun providing instructional strategies that are congruent with their students preferences A road map is provided for college faculty to assist them in moving toward accommodating students learning style strengths by comparing the major theories of learning styles that range from uni to multi dimensional in scope Strategies include identifying and administering valid and reliable instruments for assessing college students learning styles interpreting assessment results so that each student becomes aware of his her own strengths and is provided a computer generated prescription for improving their study skills and successfully completing assignments designing instruction to respond to both global and analytic students processing styles developing course content and materials to accommodate the learning style preferences of college students and evaluating the impact of learning styles based instruction *Teaching Students Through Their Individual Learning Styles* Rita Stafford Dunn, 1978 **Teaching Students Through Their Individual Learning Styles** Rita Stafford Dunn, 1989 Differentiating Instruction for At-Risk Students Rita Dunn, Andrea Honigsfeld, 2009 When the activities described herein are introduced to students whose learning styles they match most will demonstrate strong abilities to learn and remember new and difficult content within the first four

months of beginning_ if not earlier This book is written to prevent more children from becoming at risk and to help those who already have fallen behind their classmates and do not enjoy school **How We Learn** Knud Illeris, 2016-10-21 Having published in 11 languages and sold in more than 100 000 copies this fully revised edition of How We Learn examines what learning actually is and why and how learning and non learning takes place Focusing exclusively on learning itself it provides a comprehensive yet accessible introduction to traditional learning theory and the newest international contributions while at the same time presenting an innovative and holistic understanding of learning Comprising insightful and topical discussions covering all learning types learning situations and environments this edition includes key updates to sections on School based learning Reflexivity and biographicity E learning The basic dimensions and types of learning What happens when intended learning does not take place The connections between learning and personal development Learning in the competition state How We Learn spans from a basic grounding of the fundamental structure and dimensions of learning and different learning types to a detailed exploration of the differing situations and environments in which learning takes place These include learning in different life stages learning in the late modern competition society and the crucial topic of learning barriers Transformative learning identity the concept of competencies workplace learning non learning and the interaction between learning and the educational approaches of the competition state are also examined Forming the broadest basic reader on the topic of human learning this revised edition is integral reading for all those who deal with learning and teaching in practice Particularly interested will be MA and doctoral students of education as well as university and school based teachers
