Technical and Business Communication Charles H. Sides, 1989 *A Reference Guide for English Studies* Michael J. Marcuse, 2023-11-15 **How to Write and Present Technical Information** Charles H. Sides, 1999-02-18 This book shows professionals how to communicate effectively about technology in business and industry *Publications Management* O. Jane Allen, Lynn Deming, 2020-11-25 *Publications Management Essays for Professional Communicators* is a collection of essays designed for use in academic programs in technical and professional communication and for communication professionals in the workplace The contributors include publications managers in the workplace and academics who teach in technical and professional communication programs Their multiple perspectives offer a broad introduction to some of the important issues publications *Shaping Information* Charles Kostelnick, Michael Hassett, 2003 In this wide ranging analysis Charles Kostelnick and Michael Hassett demonstrate how visual language in professional communication text design data displays illustrations is shaped by conventional practices that are invented codified and modified by users in visual discourse communities Humanistic Aspects of Technical Communication Paul. M. Dombrowski, 2020-11-25 This book has two audiences and purposes The first audience comprises teachers of technical communication and graduate and undergraduate students commonly from English programs and without technical backgrounds The purpose for them is to introduce technical communication from the avenue of humanities with which many are familiar and allied The book serves them as an adjunct to conventional textbooks The second audience comprises scholars and practicing professionals already familiar with technical communication The purpose for them is to provide a handy collection with introduction of significant essays on recent humanistic developments Transnational Research in Technical Communication Nancy Small, Bernadette Longo, 2022-07-01 *Transnational Research in Technical Communication* considers the complexities of intercultural projects from a compelling perspective first hand narrative reflections Readers go behind the scenes as scholars share their experiences crossing a variety of borders in their efforts to engage in knowledge making endeavors Interwoven through each chapter are stories of how projects were designed adapted and sometimes even failed The collection begins with an introduction situating it at the intersection of recent scholarship in storywork intercultural research and technical and professional communication s social justice turn Each chapter concludes with discussion questions and recommendations for further reading The closing chapter reveals a nascent ethic of transnational and intercultural research growing out of contributors lessons learned and generous reflections Anyone interested in or planning to undertake a transnational or intercultural project can benefit from these storied case studies and as a result this collection contributes to moving the field forward as it strives to promote more ethically aware and responsive research *Learning Business English in China* Zuocheng Zhang, 2017-07-13 This book analyses the learning experiences of students of Business English at a Chinese university It addresses several topical issues in English for Specific Purposes ESP education and Business English teaching

including how ESP students learn how they develop multiple identities In particular it focuses on their professional identity in the classroom and how these identities are transferred to the workplace This allows the author to present a model of learning Business English that corresponds to the lived experiences of students in China but which can also be applied to other ESP learner contexts In doing so he demonstrates how to research the professional identity of ESP learners from multiple perspectives and contributes to the validity of research on language learning and learner identity This book will appeal to scholars of English for Specific Purposes Second Language Acquisition and TESOL Education

Signs, Genres, and Communities in Technical Communication M. Jimmie Killingsworth, Michael Gilbertson, 2018-12-20 This important new text invites readers to step back from their busy professional lives and look at technical communication philosophically to ask fundamental questions such as what does it mean to communicate and how do language and graphics the signs or tools of the technical communicator relate to action in a technological world Through this excursion in the theory of technical discourse you will discover a fresh approach to reports manuals and proposals produced and consumed daily in business government and research organizations around the world The authors examine familiar genres in two relatively new ways

Corporate Discourse Ruth Breeze, 2013-08-15 Corporate discourse examines business communication practices from a discourse perspective looking in detail at the ways in which corporations around the world communicate with individuals with other collective entities and with the world at large It is concerned with understanding how language works in business contexts and how corporate identity and personal and professional relationships are configured through discourse Using a range of analytical techniques to examine different forms of textual evidence from companies operating in many sectors this book maps out current developments in corporate discourse against the complex background of globalization
