Technique And Practice Of Psychoanalysis

SJ Ball

Technique And Practice Of Psychoanalysis:

The Technique and Practice of Psychoanalysis Ralph R. Greenson, 2018-05-08 This systematic and comprehensive volume written in a lively and clear style is devoted essentially to the fundamentals of psychoanalytic technique transference and resistance The author approaches psychoanalytic technique from a classical theoretical framework but he frequently gives an entirely fresh view of traditionally accepted procedures His most important new contribution consists in the clear distinction between the patient's real relationship to the analyst the working alliance and the transference relationship His discussion of the contradictory and often conflicting demands which each of these elements makes on the technical skills of the analyst is particularly illuminating In many fascinating case illustrations he shows how the analyst carries out therapeutic psychoanalysis while respecting the diversity of psychic constellations in different patients and at different points in their analyses This book can be recommended without qualification to the beginning student because of the thorough clarification and documentation of the basic principles of psychoanalytic technique

The Technique and Practice of Psychoanalysis Ralph R. Greenson, 1977

The Technique and Practice of Psychoanalysis Ralph Romeo Greenson, 1972

The Technique and Practice of Psychoanalysis, Volume II Ralph R. Greenson, 1992 The exciting discovery of several incomplete chapters of Ralph R Greenson's long awaited Volume II of *The Technique and Practice of Psychoanalysis* form the cornerstone of this memorial to a man considered by many to be the best clinical psychoanalyst of his generation Using the detailed outlines of the chapters that Greenson had intended to write the editors have solicited prominent American psychoanalysts to cover the planned content areas Such adherence to Greenson's plan makes this a worthy companion to Volume I One of the most important contributions of Volume I was its elucidation of the clinical implications of the structural model The contributors to Volume II continue this theoretical heritage as they use the advances in theory of technique to expand on the areas Greenson deemed important The interpretative process for example is examined in detail So are the issues of suitability and the technical problems posed by acting out and by countertransference The analytic process is examined with particular emphases on working through dream interpretation and the termination phase Other areas deemed important by the editors also receive emphasis these include the goals of psychoanalysis and analytic work with sicker patients In keeping with Greenson's interest in the clinical encounter this book is a teaching volume for practicing clinicians A consistent clinical emphasis with the use of vignettes or lengthier case examples maintains a clinical focus that will make this volume invaluable for both the student as well as the experienced psychoanalyst Sufficient clinical examples are provided to allow for the easy commerce between theory and technique that made Volume I so valuable

Assessment

Ralph Romeo Greenson, 2015-02-01 In the pages of this new revised edition of Ralph R Greenson's ASSESSMENT THE INITIAL CLINICAL INTERVIEWS from San Diego State University Press readers listen in on the noted West Coast clinician's three introductory seminars that took place in Los Angeles California in 1959 Perhaps best known as Marilyn Monroe's psychiatrist Greenson is a force in the history of psychoanalysis especially that flavor of Freudian theory and practice that prospered on the West Coast after the middle of the last century Lee Jaffe's newly re-edited and annotated edition emerges as a must have volume for scholars students and psychologists interested in clinical practices the history of medicine the history of science and or psychoanalysis Ralph Greenson was a gifted charismatic teacher of psychoanalytic technique premiere in his generation I and many other students of analysis had the privilege of learning from his clear yet scintillating seminars on dreams and clinical practice The editor has done a major service to all mental health practitioners in providing these brilliant sparkling Greenson seminars notes and papers for our benefit Peter Loewenberg Professor of History Emeritus UCLA Training and Supervising Analyst Dean Emeritus New Center for Psychoanalysis Los Angeles **The Technique and Practice of Psychoanalysis** Institute of Psycho-analysis (Great Britain), Ralph Romeo Greenson, 1967
