**Technology Crossing Borders** New Library Press.Net,2001-06-01      **Technology Crossing Borders** Robert Stobaugh,Louis T. Wells,1984-01-01      **Technology Transfer in International Business** Tamir Agmon,Mary Ann Young Von Glinow,1991 This is a book on the means by which technological knowledge is transferred from countries that develop it to those that need it but have not yet been able to develop it on their own The focus is on the transfer of technology from Western countries to Asian countries      **Technology Crossing Borders** Michel A. Amsalem,1984 This collection of essays considers technology transfer from three critical aspects how managers choose the kind of technology they transfer internationally what channels they use under various circumstances to bring about these transfers and how they manage the complexities of the process Dust jacket      **Technology Transfer** Shastri Moonan,2013-06-17 This study focuses on technology transfer in the steel mini mill industry It identifies two central issues how capacity is built and how demand is sustained developing a three dimensional perspective to bring into sharp focus the desirability and necessity of technology transfer The three dimensional perspective focuses on the changes in the marketplace for flat steel sheets the responsiveness and sensitivity to these market changes and applying the best available technology to obtain a high quality product Prior to this study technology transfer has been examined in a bivariate relationship namely how technology transfer contributed to the development process in developing countries and Newly Industrialized Countries NICs The framework formulated in this study showed that Japan was lagging behind all the steel producing countries because like the NICs it imported the physical and organizational technologies that fostered its prosperity Based on primary and secondary research this study revealed that high levels of operational efficiency and sophisticated product quality were achieved through continuous improvement culminating in Computer Integrated Manufacturing CIM consisting of Real Time Process Control On the other hand the research also revealed that China based the improvement of its steel industry on self reliance combined with judicious selection of foreign collaboration The theoretical underpinnings of the crucial issues in this study led to the development of an interactive model of technology transfer based upon stock and flow variables      Managing in Developing Countries James E. Austin,1990 The Management Challenge What Is Different About Managing in Developing Countries Whom Is This Book For How Is the Book Organized How Important Are Developing Countries to the International Economic and Business System How Diverse Are Developing Countries Analyzing the Business Environment Environmental Analysis Framework Multiple Factors and Multilevels Environmental Factors Environmental Levels The Environmental Factors Economic Factors Political Factors Cultural Factors Demographic Factors Interpreting National Strategies Environmental Factors and National Strategies Historical Perspective Defining National Strategies Public Policies and Policy Instruments Country and Company Example Cummins Engine in India Understanding Industry Structure and Competitive Dynamics The Competitive Strategy Model Government as Shaper of the Competitive Environment State Owned Enterprises Business Groups Local Firms and

Cooperatives Informal Sector Businesses Multinational Corporations The Development Process and Competitive Dynamics Managing the Functional Areas Business Government Relations Managing the Mega Force Understanding Government Needs and Power Political Mapping Meeting Government s Needs The Search for Congruency Managing Government Relations Strategic Approaches Managing Government Relations Operating Issues Finance Coping with Inflation Foreign Exchange Exposure and Capital Scarcity Inflation      Smaller Manufacturing Enterprises in an International Context George Tesar,2010 This book provides an overview of approaches to internationalization as experienced by smaller manufacturing enterprises over a relatively long period of time the 35 year period from 1974 to 2009 The original research on which this study is based dates back to the mid 1970s when academic interest in export studies market entry modes and internationalization approaches among others have their origins With practical examples of companies from both inside and outside the USA readers will be able to understand how smaller manufacturing enterprises approach the world of international commerce how they prepare themselves for it and what really draws them into the world of international commerce      *Science and Technology in Post-Mao China* Denis Fred Simon,Merle Goldman,2020-10-26 Along with the political and economic reforms that have characterized the post Mao era in China there has been a potentially revolutionary change in Chinese science and technology Here sixteen scholars examine various facets of the current science and technology scene comparing it with the past and speculating about future trends Two chapters dealing with science under the Nationalists and under Mao are followed by a section of extensive analysis of reforms under Deng Xiaoping focusing on the organizational system the use of human resources and the emerging response to market forces Chapters dealing with changes in medical care agriculture and military research and development demonstrate how these reforms have affected specific areas during the Chinese shift away from Party orthodoxy and Maoist populism toward professional expertise as the guiding principle in science and technology Three further chapters deal with China s interface with the world at large in the process of technology transfer Both the introductory and concluding chapters describe the tension between the Chinese Communist Party structure with its inclinations toward strict vertical control and the scientific and technological community s need for a free flow of information across organizational disciplinary and national boundaries      **Multinationals, Governments and International Technology Transfer (RLE International Business)** Edward Safarian,Gilles Bertin,2013-05-07 This book examines the international technology transfer process and the role of both multinationals and host country governments in that process with emphasis on the experience of the more developed countries It explores a range of issues and presents much original thinking and research findings It discusses in particular the strategies of the multinationals assessing how far they are willing to accept technology transfer to external partners as opposed to subsidiaries which they can control It also examines how far technical transfers are successful from the viewpoint of the firm and countries involved arguing that governments are most likely to succeed in attracting multinational transfers if they are

aware of and accommodate to some degree multinationals preferences      **Technology and the Culture of Progress in Meiji Japan** David G. Wittner, 2007-11-09 Introduction Meiji modernization revisited Tradition and modernization Iron machines and brick buildings the material culture of silk reeling Smelting for civilization technical choice and the modernization of the Iron industry Bunmei kaika to gijutsu technology s role in civilization and enlightenment Conclusion from technological determinism to techno imperialism      *China's Economic Dilemmas in the 1990s*, 1991      **Japan's Economy and Trade with the United States**, 1985      The Employment Effects of Multinational Enterprises in the United States and of American Multinationals Abroad Duncan C. Campbell, 1990      Managing the Global Firm (RLE International Business) Christopher Bartlett, Yves Doz, Gunnar Hedlund, 2013-01-17 This volume assesses the situation for multinationals at the beginning of the 1990s bringing together contributions from academics recognized as world leaders in the field and from practitioners with wide experience in international management Drawing on perspectives from Europe the USA and Japan the contributors outline the shape of the global firm of the future They focus squarely on the development of the corporation as a whole rather than on the narrow management of individual foreign subsidiaries and they also explore the specific implications for areas such as strategic planning systems financial management information systems and R D management

*International Investment and Climate Change* Timothy Forsyth, 2014-04-08 This study based on fieldwork and case studies of southeast Asian countries shows how privatization investment and new energy technologies can be integrated to combat climate change and provide the maximum return for investors The author explains what incentives and regulatory structures are needed that do not damage local competitiveness Asserting that technology transfer is fundamental to effective policies for climate change and for economic development the text examines how the benefits can be maximized
