Technology Transfer And East West Relations:

Technology Transfer and East-West Relations Mark Schaffer, 2018-04-09 Originally published in 1985 in the deteriorating climate of East West relations technology transfer became vitally important The Eastern bloc desperately needed Western technology to assist in the development of the socialist economies but a proposed US ban on the export of Western technology to the Siberian pipeline project led to increasing tension within the Western alliance about the nature and scale of high technology that could be safely exported to the East This book reviews the state of technology transfer to the East in the 1980s and considers the place of Western technology in the Eastern economies It also discusses the strategic goals of Western technology embargoes Many of the issues discussed remain pertinent today **East-West Technology Transfer**, 1984 **After the Revolutions** Gary K. Bertsch, 2019-03-07 This book presents various aspects of the changing nature of East West relations and attempts to anticipate future trends in East West trade and technology transfer dealing with the evolution of national approaches towards trade and technology transfer **East-West Technology Transfer in Perspective** Roger John Carrick, 1978 Issues in East-West Commercial Relations, 1979 **East-West Trade and Technology Transfer** United States.
