## **Ted Hughes A Bibliography 1946 1995:**

**Ted Hughes** Joanny Moulin,2005-08-16 This is the first collection of essays to be published since the poet's death Continuing a tradition of more than thirty years of Ted Hughes studies it gathers contributions by most of the major international Hughes scholars voicing their critical preoccupations at the turn of the century Over the years academic criticism on the poetry of Ted Hughes has established some well trodden paths which this collection still strongly reflects however the productions of the latter Hughes in poetry as well as in criticism demand a revisiting of the critical discourse on his work The biographical dimension for instance has gradually gathered momentum and it is no longer possible to study the work of Ted Hughes without due reference to the life and work of Sylvia Plath This book is nonetheless also motivated by the wish to bring some fresh blood to the Hughes studies by politely rocking the boat of a rather comfortably established critical reception that has prided itself on being the mouthpiece of the poet's own ideological discourse For this reason some of the chapters in this collection belong to a continental European tradition that is resolutely foreign to the former partisanships For all that Ted Hughes *Alternative Horizons* suggests that steering clear of the polemical ruts dug by fans and detractors alike can only benefit the future of scholarly studies devoted to a great poet *Ted Hughes* Terry Gifford,2009-01-13 For the first time one volume surveys the life works and critical reputation of one of the most significant British writers of the twentieth century Ted Hughes This guide offers an accessible fresh and fascinating introduction to a major British writer whose work continues to be of crucial importance today presenting new insights on the green dimension of Hughes work along with previously unpublished archive material **Ted Hughes and the Classics** Roger Rees,2009-06-04 A collection of essays dealing with different aspects of Ted Hughes's engagement with the culture and literature of ancient Greece and Rome Hughes is revealed as a leading figure in literary reception of the Classics in 20th century poetry a sharply intelligent and sensitive reader of some of the world's foundational texts *The Poetry of Ted Hughes* Sandie Byrne,2014-08-15 This Reader's Guide charts the reception history of Ted Hughes poetry from his first to last published collection culminating in posthumous tributes and assessments of his lifetime achievement Sandie Byrne explores the criticism relating to key issues such as nature myth the Laureateship and Hughes relationship with Sylvia Plath **The Elegies of Ted Hughes** E.
