Ted Turner It Aint As Easy As It Looks Amazing Story Of Cnn:

It Ain't as Easy as it Looks Porter Bibb, 1994 Ted Turner Michael O'Connor, 2009-11-12 This book chronicles the life story of Ted Turner cable television mogul successful baseball team owner and fascinating public figure Ted Turner A Biography tells the story of a man whose wide range of accomplishments have led to a Man of the Year award from Time magazine induction into the Advertising Hall of Fame and numerous awards and honorary degrees for humanitarian philanthropic and environmental activism Ted Turner shows how this remarkable unpredictable man built the risky purchase of a small Atlanta UHF station into a cable television juggernaut as well as how Turner transformed the Atlanta Braves from a lowly franchise to one of baseball's most popular and successful teams The book also highlights other fascinating aspects of Turner's life including his record breaking career as a yachtsman his extraordinary efforts to save the American bison his headline making marriage to Jane Fonda and his sometimes contradictory often controversial public persona **Inside the BBC and CNN** Lucy Küng-Shankleman, 2012-11-12 Inside the BBC and CNN provides a unique insight into two of the world's best known media organisations during a period of great change and new challenges The BBC and CNN have very different histories remits and identities but both must now compete to provide news in a media environment being reshaped by increasing competition globalisation digitisation and convergence In addition they face increasing pressures of criticism focussed on the struggle for ratings and the perceived dumbing down of programming Drawing on intensive research carried out among senior managers in both organisations Lucy Küng-Shankleman's study explores the beliefs and attitudes that shape management priorities and broadcasting policy More controversially it examines how each organisation's distinct cultural beliefs about broadcasting's fundamental purpose about the nature of competition and about the relationship between competition and quality have laid the foundations for their current and past success but could now threaten to limit their ability to respond to the unprecedented changes underway in the world's media landscape Propaganda and Mass Persuasion Nicholas J. Cull, David H. Culbert, David Welch, 2003-07-15 A truly international authoritative A-Z guide to five centuries of propaganda in both wartime and peacetime which covers key moments techniques concepts and some of the most influential propagandists in history This fascinating survey provides a comprehensive introduction to propaganda its changing nature its practitioners and its impact on the past five centuries of world history Written by leading experts it covers the masters of the art from Joseph Goebbels to Mohandas Gandhi and examines enormously influential works of persuasion such as Uncle Tom's Cabin techniques such as films and posters and key concepts like black propaganda and brainwashing Case studies reveal the role of mass persuasion during the Reformation and wars throughout history Regional studies cover propaganda superpowers such as Russia China and the United States as well as little known propaganda campaigns in Southeast Asia Ireland and Scandinavia The book traces the evolution of propaganda from the era of printed handbills to computer fakery and profiles such brilliant practitioners of the art as Third Reich film director Leni Riefenstahl

and 19th century cartoonist Thomas Nast whose works helped to bring the notorious Boss Tweed to justice **Ted Turner** Porter Bibb,1997 ndent Peter Bibb of the brilliant man whose cable network revolutionized the television industry is now available and updated in paperback for the first time Bibb is at his best recounting juicy tales of Turner s life not just as a businessman but also as a sportsman and ladies man Business Week Photos **Testosterone Inc** Christopher M. Byron,2005-04-08 In Testosterone Inc Tales of CEOs Gone Wild bestselling author and New York Post columnist Chris Byron chronicles the Gatsby like saga of the rise and fall of the celebrity CEO During the height of the 1990s bull market they were America s new heroes the heroes of business They were our bold new leaders cutting the fat pushing for productivity implementing visionary plans and making strategic deals When the bull market turned to bust and the applause turned to cat calls the world was shocked at the truth Drenched in money and public acclaim our CEO heroes mostly white mostly male mostly middle aged turned out to be not much different than a group of twenty something rock stars drunk on power and driven by sex greed and glamour Testosterone Inc goes behind the boardroom doors to show the serial affairs and marriages of these acquisitive corporate titans At the center of this story is Jack Welch the biggest of America s rock star CEOs and the former head of General Electric Co surrounded by mini me CEOs Ron Perelman of Revlon Al Dunlap of Sunbeam and Dennis Kozlowski of Tyco all gone wild in public displays of consumption and predatory appetites writ large Byron gets inside the bars where Welch liked to hang out and pick up women with his early business soul mate buddies Byron hovers unseen at the elbow of Ron Perelman and his mistress aboard the Concorde for a week in Paris in his mistaken belief that his wife knows nothing about his secret affair Byron peeks behind the curtains of a U S Army officers quarters to behold Al Dunlap horrifying his first wife who claimed in her divorce action that Dunlap would point his knife at her and say I often wondered what human flesh tasted like Byron becomes a fly on the wall to chronicle the longing for respect and serial womanizing of Dennis Kozlowski Frequently hilarious sometimes heartbreaking Testosterone Inc follows the intertwined lives of these four corporate heroes from childhood to their ultimate moments of glory and the crash and burn calamities that followed as man s age old hunger for power greed and temptation undid them all From suicide to murder from dysfunctional childhoods to dysfunctional marriages in adulthood from business chutzpah to financial suicide here is the ultimate untold business story of our time what went on at century s end when testosterone got the best of businessmen everywhere and CEOs went wild

History of the Mass Media in the United States Margaret A. Blanchard,2013-12-19 The influence of the mass media on American history has been overwhelming History of the Mass Media in the United States examines the ways in which the media both affects and is affected by U S society From 1690 when the first American newspaper was founded to 1995 this encyclopedia covers more than 300 years of mass media history History of Mass Media in the United States contains more than 475 alphabetically arranged entries covering subjects ranging from key areas of newspaper history to broader topics such as media coverage of wars major conflicts over press freedom court cases and legislation and the concerns and

representation of ethnic and special interest groups The editor and the 200 scholarly contributors to this work have taken particular care to examine the technological legal legislative economic and political developments that have affected the American media

The Entertainment Industry Michael J. Hauptert, 2006-08-30 It's hard to imagine a day passing without most Americans enjoying some form of entertainment whether it's going to a football game watching television at home or listening to the radio on the way to work At the start of the 20th century however the only form of entertainment was live theater With the advent of radio television and ultimately the internet entertainment could be found in our homes quite literally at our fingertips As American society changed and the economy grew over the 20th century the entertainment industry evolved from vaudeville theater to big screen movies to DVDs playing in the living room This book focuses on popular American entertainment that both appeals to and is accessible to the masses Six forms of entertainment are covered vaudeville recorded sound radio movies television and spectator sports Some forms of entertainment have changed considerably throughout the years while others have disappeared all together as technology allowed new ones to take their place but the desire of people to be entertained has not waned Concepts organizations and individuals such as the jukebox the Screen Actors Guild Ted Turner satellite television free agents Charlie Chaplin made for TV movies iPod Superbowl commercials vaudeville circuits Columbia FCC Hollywood Title IX Amos and Andy MTV and the Palace Theater among many others are discussed Ideal for students and general readers interested in the development and history of one of the largest and most lucrative industries today Biographies of notable individuals in the entertainment industry and suggestions for further reading are included

Profiles in Audacity Alan Axelrod, 2009-10-23 In brief compelling and inspiring vignettes bestselling historian Alan Axelrod pinpoints and investigates the make or break event in the lives and careers of some of history's most significant figures Axelrod reexamines history by revealing the answer to the fascinating question of why the people who made history made their choices and conveys the resonance of those choices today The 46 profiles range from ancient times to the present day and include Cleopatra's decision to rescue Egypt Washington's decision to cross the Delaware and win Gandhi's decision to prevail against the British Empire without bloodshed Truman's decision to drop the A bomb and end WW II Rosa Parks decision to sit in for civil rights Boris Yeltsin's decision to embrace a new world order and Flight 93's decision to take a stand against terror

That's the Way It Is Charles L. Ponce de Leon, 2015-05-04 Ever since Newton Minow taught us sophisticates to bemoan the descent of television into a vast wasteland the dyspeptic chorus of jeremiahs who insist that television news in particular has gone from gold to dross gets noisier and noisier Charles Ponce de Leon says here in effect that this is misleading if not simply fatuous He argues in this well paced lively readable book that TV news has changed in response to broader changes in the TV industry and American culture It is pointless to bewail its decline *That's the Way It Is* gives us the very first history of American television news spanning more than six decades from Camel News Caravan to Countdown with Keith Oberman and The Daily Show Starting in the latter 1940s television news featured a

succession of broadcasters who became household names even presences Eric Sevareid Walter Cronkite David Brinkley Peter Jennings Brian Williams Katie Couric and with cable expansion people like Glenn Beck Jon Stewart and Bill O'Reilly But behind the scenes the parallel story is just as interesting involving executives producers and journalists who were responsible for the field's most important innovations Included with mainstream network news programs is an engaging treatment of news magazines like 60 Minutes and 20/20 as well as morning news shows like Today and Good Morning America Ponce de Leon gives ample attention to the establishment of cable networks CNN and the later competitors Fox News and MSNBC mixing in colorful anecdotes about the likes of Roger Ailes and Roone Arledge Frothy features and other kinds of entertainment have been part and parcel of TV news from the start viewer preferences have always played a role in the evolution of programming although the disintegration of a national culture since the 1970s means that most of us no longer follow the news as a civic obligation Throughout Ponce de Leon places his history in a broader cultural context emphasizing tensions between the public service mission of TV news and the quest for profitability and broad appeal

American Television News: The Media Marketplace and the Public Interest Steve M. Barkin, 2016-09-16 This concise history of the news broadcasting industry will appeal to both students and general readers Stretching from the radio days of the 1920s and 1930s and the early era of television after World War II through to the present the book shows how commercial interests regulatory matters and financial considerations have long shaped the broadcasting business The network dominance of the 1950s ushered in the new prominence of the anchorman a distinctly American development and gave birth to the golden age of TV broadcasting which featured hard hitting news and documentaries epitomized by the reports by CBS's Edward R. Murrow Financial pressures and advertising concerns in the 1960s led the networks to veer away from their commitment to serve the public interest and tabloid television celebrity gossip driven soft news and news magazines became increasingly widespread In the 1980s cable news further transformed broadcasting igniting intense competition for viewers in the media marketplace Focusing on both national and local news this stimulating volume examines the evolution of broadcast journalism It also considers how new electronic technologies will affect news delivery in the 21st century and whether television news can still both serve the public interest and maintain an audience

The Columbia History of American Television Gary Edgerton, 2007-10-12 Television is a form of media without equal It has revolutionized the way we learn about and communicate with the world and has reinvented the way we experience ourselves and others More than just cheap entertainment TV is an undeniable component of our culture and contains many clues to who we are what we value and where we might be headed in the future Media historian Gary R. Edgerton follows the technological developments and increasing cultural relevance of TV from its prehistory before 1947 to the Network Era 1948-1975 and the Cable Era 1976-1994 He begins with the laying of the first telegraph line in 1844 which gave rise to the idea that images and sounds could be transmitted over long distances He then considers the remodeling of television's look and purpose during World War II the

gender racial and ethnic components of its early broadcasts and audiences its transformation of postwar America and its function in the political life of the country He talks of the birth of prime time and cable the influence of innovators like Sylvester Pat Weaver Boone Arledge and Ted Turner as well as television's entrance into the international market describing the ascent of such programs as Dallas and The Cosby Show and the impact these exports have had on transmitting American culture abroad Edgerton concludes with a discerning look at our current Digital Era 1995 present and the new forms of instantaneous communication that continue to change America's social political and economic landscape Richly researched and engaging Edgerton's history tracks television's growth into a convergent technology a global industry a social catalyst a viable art form and a complex and dynamic reflection of the American mind and character It took only ten years for television to penetrate thirty five million households and by 1983 the average home kept their set on for more than seven hours a day The Columbia History of American Television illuminates our complex relationship with this singular medium and provides historical and critical knowledge for understanding TV as a technology an industry an art form and an institutional force
