Many Americans have not stopped to realize what a Soviet America would mean The communists however have no doubts Their blueprints are already made So at the very outset let us look at their dream and see what it would mean to you and me and all the people we know In June 1957 Nikita Khrushchev Soviet Communist Party boss was interviewed before a nation wide American television audience With calm assurance he stated I can prophesy that your grandchildren in America will live under socialism And please do not be afraid of that Your grandchildren will not understand how their grandparents did not understand the progressive nature of a socialist society William Z Foster former National Chairman of the Communist Party of the United States now Chairman Emeritus of the Party s National Committee also predicted that this nation will one day become communist when he stated in 1949 in dedicating his book *The Twilight of World Capitalism* To My Great Grandson Joseph Manley Kolko Who Will Live in a Communist United States These words of Russia s top Party boss and one of the highest ranking communists in the United States reveal the nature of the enemy we face To make the United States a communist nation is the ambition of every Party member regardless of position or rank He works constantly to make this dream a reality to steal your rights liberties and property Even though he lives in the United States he is a supporter of a foreign power espousing an alien line of thought He is a conspirator against his country The communist is thinking in terms of now in your lifetime Remember that within four decades communism as a state power has spread through roughly 40 per cent of the world s population and 25 per cent of the earth s surface Some years ago communists were complaining that their fatherland Soviet Russia was encircled a communist island in a capitalist sea Today the situation is changed The world communist movement is on the march into Germany the Balkans the Middle East stretching across the plains of Asia into China Korea and Indochina Communists have never won over an entire country by a free election and have never hesitated to shed blood if this would best serve their purposes Moreover in noncommunist countries thousands of Party members are working for Moscow Communists firmly believe they are destined to conquer the world This belief is held in the United States too A disciplined Party of hard core

fanatical members is now at work with their fellow travelers sympathizers opportunists and dupes Communists in our country though small in numbers do not feel lonely They have faith in the big Red brother who will come to their help William Z Foster s hope a Red America is today inspiring thousands of Party members and sympathizers to determined effort They want to add America to Soviet Russia s list of conquests *Young Adult Literature* Millicent Lenz,Ramona Mahood,1980
