her most ambitious collection of poems to date Lee Upton extends and deepens her experiments with perception and language Drawn into the orbit of her poems are multiple figurations a Dante inspired guide and a Leonardo da Vinci cartoon Hamlet's Gertrude and Lewis Carroll's Alice and Emily Dickinson Beatrix Potter Louise Bogan and Sylvia Plath While investigating elements of women s biological emotional and spiritual experiences that prove particularly recalcitrant to language she draws her attention to the relentless experiment of pregnancy and childbirth Upton examines fleeting moments when objects are seen at the periphery of vision and draws upon the language we use in contemplating the psychic aftereffects of contemporary violence dispossession and exclusion The Georgia Review ,1994 **Breakings** Andrew Zawacki, 2002 By Reason of Breakings Andrew Zawacki s first book of poetry overwhelms and silences by virtue of its extremely austere beauty In highly wrought lyrics prose poems fragments of apocrypha and splintered efforts at song this volume is forceful and haunted by doubt Each intimate and restrained line is a glimpse at a wisdom that defies paraphrase each image carefully chosen and constructed Zawacki s language summons and invites and is almost menacing in its delicate intensity Weight is the syntax of filling empty spaces scalpels and expired tissue fall but fire rises to fever and sere While pursuing an explanation for the disappearance of God and for the denouement of a love affair and exploring the failure of language to compensate or console these poems maintain their sublime power and elegance Waldner, 2002 The author explores the idea of self in the twenty first century venturing into Dante's dark wood in search of the truth about rootlessness and identity Winner of the Contemporary Poetry Series Competition Original Fluorescence Jennifer K. Dick, 2004 In Jennifer K Dick's first book Fluorescence very real places Paris Massachusetts Colorado Iowa Morocco mix into the imagined into Breughelian villages where there s a persimmon in the corner knitting These places are inhabited by varied but always very real bodies stretching outward from their own edges and encountering or engendering a certain luminescence in the process What happens when we exceed ourselves When fragments of dream are lifted to the surface and through to something beyond Clues keys indications all that once seemed certain slips off into code These poems Of Thee I Sing Timothy Liu, 2004 In his fifth book of poems Timothy Liu addresses a tripartite use language to crack it Thee the Divine the Beloved and the State A precarious dance between the spiritual and the material ensues the lyric poem confronting a consumer culture overrun by rampant lust and greed yet finding itself unable to wholly stand outside of what it critiques Any consolation found herein is short lived Even so by extending the traditions of lyric poetry forward these utterances seek to enlarge the conversation between art and life anticipating whatever commerce the future might yet hold

Assembling the Shepherd Tessa Rumsey,1999 Driven by an endless matrix of poetic forms the poems of Assembling the Shepherd create a world where allusions to Plato and the Dead Sea scrolls intermingle with car culture and terrorism where modern skylines are framed within the history of alchemy and architecture Tessa Rumsey uses words in ways that defy summary and synonym in poetry that challenges the boundaries of common dualities city and desert heaven and earth

waking and dreaming violence and harmony destruction and regeneration recollecting and forecasting She attempts to move beyond these natural contrasts in her poetry and beyond point of view to create a collection that offers an elemental glimpse of the fragmented yet interconnected world we live in Throughout the book familiar themes are seen again and again undergoing subtle metamorphosis the seasonal solstice the sundial the planets the Sphinx as Rumsey invites us beneath the surface of her words What Animal Oni Buchanan, 2003 The world in What Animal is filled with uncontainable data a rush of experiences tumbling one after the other experiences whose logic is only that they have happened or cannot be determined as having happened or not Images often spliced together in rapid succession each with a distinct complex of emotional and associative content operate in rhymes of shape sound capacity for motion texture and number Image patterns sound patterns syntactical shifts and physical spaces recur in different forms and combinations as if could we only comprehend the patterns would add up to something of galactic even infinite dimension Contemporary Jewish-American Dramatists and Poets Joel Shatzky, Michael Taub, 1999-08-30 Entries summarize the life work and critical reception of contemporary Jewish American dramatists and poets The Patriot Christopher Davis, 1998 The Patriot is the chronicle of a deeply personal attempt to rebuild a sense of self and safety in an unstable environment Christopher Davis s poems address destructive forces including the murder of a younger brother and the impact of AIDS on modern gay culture These elements blend with the dangers of a world in which love and death are cruelly inseparable and in which the insinuations of consumer culture into the psyche destroy security but in which dark humor and the beauty of imagery combat despair In language electric with imagination these poems utter a mangled stuttering contemporary echo of Walt Whitman s poetry cheated out of its joyous confidence but constructing in the words of the author a weak bridge away from suicide Tampa Review, 2004
