

Specialization Courses on Telecommunications Regulation

From the outset of the new regulatory model of mid-1990s in Brazil, and the foundation of the National Agency of Telecommunications (ANATEL) in 1998, the University of Brasilia Research Center on Policy, Law, Economics, and Technology, hosted six specialization courses sponsored by ANATEL and ITU, in order to establish regulatory culture and practices among the newly founded agency. Since then, more than 200 regulators, operators, consumer advocates, civil servants, controllers, Congress representatives, Court of Accounts, DOJ, and Judiciary appointed personnel enjoyed the academic environment and networking of those special-tailored interdisciplinary courses on telecommunications regulation.

Whitaker's Book List, 1991 **Directory of Consultants**, 1990 Proceedings Mark D. Lofstrom, Dan J. Wedemeyer, 1992 *Rural Development Perspectives*, 1989-02 Industrial Policy Beyond the Crisis David Bailey, Helena Lenihan, Josep-Maria Arauzo-Carod, 2014-06-11 After years of official disrepute industrial policy IP is back in vogue at regional national and

international levels driven by concerns over competitiveness globalisation de industrialisation unemployment and the comparatively slow growth of the EU economy especially in this post recession phase At the same time IP has been seen as a catalyst for designing economic recovery strategies at regional national and international levels as well as being a concerted strategy to develop new clean tech industries to tackle environmental challenges If anything the recent global recession and credit crunch have highlighted the fragility of some states and localities economic development paths and the unbalanced nature of their economies in terms of an over reliance on sectors such as retail financial services and construction to the detriment of manufacturing This also suggests an accompanying need for greater economic diversity so as to avoid over dependencies on certain sectors and a better balance of ownerships forms But what should be the shape of IP in the wake of the crisis and how can IP rebalance economies help support sustainable development and catalyse new technologies and innovations whilst learning lessons from past experience and debate This edited volume examines these questions through a wide range of diverse contributions from expert international authors This book was originally published as a special issue of Policy Studies Technological Know-How, Organizational Capabilities, and Strategic Management David J. Teece, 2008 This book explores factors which impact the viability and growth of business enterprises In particular the role of entrepreneurship organizational learning and business strategy OCo including licensing strategy OCo are considered in some detail It presents fundamental thinking about business organization and provides the conceptual framework that scholars need to understand complex business organization managerial processes and competitive strategy
