Telemann For Two Flute:

Baroque Woodwind Instruments Paul Carroll, 2017-07-05 The late 17th century through to the end of the 18th century saw rapid progress in the development of woodwind instruments and the composition of a vast body of music for those instruments During this period a large amount of music for domestic consumption was written for a growing amateur market a market which has regrown in the latter part of the 20th century The last 30 years has also seen the standard of performance by professionals on these instruments rise enormously This book provides a guide to the history of the four main woodwind instruments of the Baroque the flute oboe recorder and bassoon and this is complemented by a repertoire list for each instrument It also guides those interested towards a basic technique for playing these instruments a certain level of musical literacy is assumed and it can be used by students professionals and amateurs Advice is also given on buying a suitable reproduction instrument from a market where now virtually any Baroque instrument can be obtained as a faithful copy This is the first book of its kind and has its origins in the wind tutors of the 18th century **Douze solos, à violon ou traversière** Georg Philipp Telemann, 1994-01-01 **Flute Duets** Dona Gilliam, Mizzy McCaskill, 2017-05-25 A collection of duets which exemplifies a variety of distinctive styles Includes notes on Baroque performance practice including French notes inégales Contains excerpts from The Modern Flute Professor by Meline Sonatas I IV and VI by Loeillet excerpts from Twelve Duos for Two Flutes Op 57 by Devienne and Sonatas II and III from Six Sonatas or Duets for Two German Flutes or Violins Op 2 by Telemann **The Scoring of Baroque Concertos** C. R. F. Maunder, 2004 Evidence indicates that the concertos of Vivaldi Bach Haydn etc were performed as chamber music not the full orchestral works commonly assumed The concertos of Vivaldi Bach Handel and their contemporaries are some of the most popular and the most frequently performed pieces of classical music and the assumption has always been they were full orchestral works This book takes issue with this orthodox opinion to argue quite the reverse that contemporaries regarded the concerto as chamber music The author surveys the evidence from surviving printed and manuscript performance material from concerts throughout Europe between 1685 and 1750 the heyday of the concerto demonstrating that concertos were nearly always played one to a part at that time He makes a particularly close study of the scoring of the bass line discussing the question of what instruments were most appropriate and what was used when The late Dr RICHARD MAUNDER was Fellow of Christ's College Cambridge *New York Magazine*, 1993-03-01 *New York magazine* was born in 1968 after a run as an insert of the *New York Herald Tribune* and quickly made a place for itself as the trusted resource for readers across the country With award winning writing and photography covering everything from politics and food to theater and fashion the magazine's consistent mission has been to reflect back to its audience the energy and excitement of the city itself while celebrating New York as both a place and an idea **The ^A Flute Book** Nancy Toff, 2012-08-02 Teachers and flutists at all levels have praised Nancy Toff's *The Flute Book* a unique one stop guide to the flute and its music The book is organized into four main parts The Instrument
