Bossler,1998 The practice of modern surveying is undergoing rapid change due to the availability of electronically controlled
instruments the widespread adoption of the Global Positioning System GPS and the proliferation of various geographic Land
Information Systems GIS LIS Nevertheless the principles underlying these new technologies remain constant In the tenth
edition of this benchmark text Frank Moffitt and John Bossler strike the appropriate balance between teaching students the
fundamental principles of surveying and bringing them up to date on the technological advances that are changing the field
The tenth edition of this classic work completely modernizes much of the notation form and substance of the original By
removing much of the dated information the authors have been able to add entire new chapters on GPS and GIS Throughout
the text emphasis is placed on NAD 83 over NAD 27 as the new datum is being utilized more frequently Readers familiar with
