Television history has become one of the hottest areas of research in popular culture Because the field is relatively new and so wide ranging no matter what one is researching much of the relevant material will be found scattered through numerous other works frustrating scholarly progress This work makes the television researcher's job easier by providing a single index to 341 books that include information on 1 002 shows Most of the books deal exclusively with television though some autobiographies biographies Congressional hearings and works on communication and the media are also indexed For a show to be included it must have been carried on NBC CBS ABC or Fox and must have been a series Shows on PBS are generally not included though exceptions have been made for *Sesame Street* and *Mister Rogers Neighborhood*

Television in Society Arthur Asa Berger, 2017-09-29 Is television a cultural wasteland or a medium that has brought people more great art music dance and drama than any previous media How do we study and interpret television What are the effects of television on individuals and society and how do we measure them What is the role of television in our political and economic life *Television in Society* explores these issues in considering how television both reflects and affects society The book is divided into two sections The first focuses on programming and deals with commercials ceremonial events important series such as *MASH* and *Lou Grant* significant programs a production of *Brave New World* on television and the images of police

on the medium The second part of the book deals with important issues and topics related to the medium the impact of television violence values found on television the impact of television on education the significance of new technological developments and the always thorny issue of freedom of the press The articles are drawn together by a brilliant introductory essay by Arthur Asa Berger who examines television as culture Television and Behavior National Institute of Mental Health (U.S.),1982 Abstract A comprehensive report summarizes the past 10 years of research activities and findings concerning the effects of television viewing on child behavior and development Approximately 90% of all research publications on this topic appeared during this period representing over 2500 titles The report is presented in 2 volumes a summary report and technical reviews The technical reviews comprise overall comprehensive and critical syntheses of the scientific literature on specific topic areas developed by 24 researchers in this area The topic areas address such issues as cognitive and emotional aspects of television viewing television s influences on physical and mental health television as it relates to socialization and viewer s conceptions of social reality and television as an American institution The overall orientation of the report is toward research and public health issues **Television Histories** Gary R. Edgerton,Peter C. Rollins,2014-10-17 From Ken Burns s documentaries to historical dramas such as Roots from A E s Biography series to CNN television has become the primary source for historical information for tens of millions of Americans today Why has television become such a respected authority What falsehoods enter our collective memory as truths How is one to know what is real and what is imagined or ignored by producers directors or writers Gary Edgerton and Peter Rollins have collected a group of essays that answer these and many other questions The contributors examine the full spectrum of historical genres but also institutions such as the History Channel and production histories of such series as The Jack Benny Show which ran for fifteen years The authors explore the tensions between popular history and professional history and the tendency of some academics to declare the past off limits to nonscholars Several of them point to the tendency for television histories to embed current concerns and priorities within the past as in such popular shows as Quantum Leap and Dr Quinn Medicine Woman The result is an insightful portrayal of the power television possesses to influence our culture **The Encyclopedia of Television, Cable, and Video** R.M. Reed,M.K. Reed,2012-12-06 This is a major reference work about the overlapping fields of television cable and video With both technical and popular appeal this book covers the following areas advertising agencies associations companies unions broadcasting cable casting engineering events general production and programming Television and Behavior ,1982 How Television Shapes Our Worldview Deborah A. Macey,Kathleen M. Ryan,Noah J. Springer,2014-05-15 Over the last half of the twentieth century television has become the predominant medium through which the public accesses information about the world Through the news situation comedies police dramas and commercials we learn about the world around us and our role within it These genres narratives and cultural forms are not simply entertainment but powerful socializing agents that show the world as we might never see it in real life How Television

Shapes Our Worldview brings together a diverse set of scholars methodologies and theoretical frameworks to interrogate the ways through which television molds our vision of the outside world The essays include advertising and public relations analyses audience interviews and case studies that touch on genres ranging from science fiction in the 1970s to current reality television Television truly provides a powerful influence over how we learn about the world around us and understand its social processes
