Cyr, 2018-09-21 Reproduction of the original The Cyr Readers Book 8 Arranged by grades by Ellen M Cyr Behind Ghetto Walls Michael Novak, 2017-09-08 This book is about the family lives of some 10 000 children and adults who live in an all Negro public housing project in St Louis The Pruitt Igoe project is only one of the many environments in which urban Negro Americans lived in the 1960s but the character of the family life there shares much with the family life of lower class Negroes as it has been described by other investigators in other cities and at other times in Harlem Chicago New Orleans or Washington D C This book is primarily concerned with private life as it is lived from day to day in a federally built and supported slum The questions which are treated here have to do with the kinds of interpersonal relationships that develop in nuclear families the socialization processes that operate in families as children grow up in a slum environment the informal relationships of children and adolescents and adults with each other and finally the world views the existential framework arising from the life experiences of the Pruitt Igoeans and the ways they make use of this framework to order their experiences and make sense out of them The lives of these persons are examined in terms of life cycles Each child there is born into a constricted world the world of

lower class Negro existence and as he grows he is shaped and directed by that existence through the day to day experiences and relationships available to him The crucial transition from child of a family to progenitor of a new family begins in adolescence and for this reason the book pays particular attention to how each new generation of parents expresses the cultural and social structural forces that formed it and continue to constrain its behavior This book in short is about intimate personal life in a particular ghetto setting It does not analyze the larger institutional social structural and ideological forces that provide the social economic and political context in which lower class Negro life is lived These larger macro sociological forces are treated in another volume based on research in the Pruitt Igoe community However this book does draw on the large body of literature on the structural position of Negroes in American society as background for its analysis of Pruitt Igoe private life

Red on Red Craig S. Womack,1999 How can a square peg fit into a round hole It can t How can a door be unlocked with a pencil It can t How can Native literature be read applying conventional postmodern literary criticism It can t That is Craig Womack s argument in *Red on Red* Indian communities have their own intellectual and cultural traditions that are well equipped to analyze Native literary production These traditions should be the eyes through which the texts are viewed To analyze a Native text with the methods currently dominant in the academy according to the author is like studying the stars with a magnifying glass In an unconventional and piercingly humorous appeal Womack creates a dialogue between essays on Native literature and fictional letters from Creek characters who comment on the essays Through this conceit Womack demonstrates an alternative approach to American Indian literature with the letters serving as a Creek chorus that offers answers to the questions raised in his more traditional essays Topics range from a comparison of contemporary oral versions of Creek stories and the translations of those stories dating back to the early twentieth century to a queer reading of Cherokee author Lynn Riggs s play *The Cherokee Night* Womack argues that the meaning of works by native peoples inevitably changes through evaluation by the dominant culture *Red on Red* is a call for self determination on the part of Native writers and a demonstration of an important new approach to studying Native works one that engages not only the literature but also the community from which the work grew Journal of Horticulture and Practical Gardening ,1864
